---

I write this letter in support of Traci Shatz in opposition to the application because it is incompatible with the surrounding neighborhood for Meeting April 9, 2013 for decision to the FCHT Holdings (Ontario) Corporation

I am a concerned about upcoming Project, Citizens, living in this area; specifically on George Kirby st. Unfortunately due to the set time I'm unable to attend the session.

I urge you to give serious consideration to the appeal being made by Traci Shatz. This zoning proposal should be rescinded so that more adequate attention may be given to the safety and well being of our residents.

Sincerely yours,

<David Simans>
