National Youth Week

National Youth Week is an international initiative celebrating and advocating youth empowerment and involvement. It's an exciting week of celebrations with the intention of strengthening the connection between young people and their communities. The City of Vaughan actively participates in this yearly initiative and acknowledges the importance of youth and their contribution towards building a stronger, healthier Vaughan.

This year, a diverse roster of free activities is scheduled across City facilities for "Youth Week" which include:

- Youth Biathlon
- Basketball Tourneys and Competitions
- Ping Pong Tournament
- Art Workshop
- Hip Hop Dance
- Free Fitness and Swim

The Recreation Services Department fosters youth engagement through a variety activities and opportunities. Each opportunity/activity provides an outlet for Vaughan youth to express physical, creative and social interests.

Youth Volunteer Program

The Recreation Services benefits from approximately 1000 youth volunteers assisting in the delivery of programs and services in our community. The volunteer program provides training and leadership opportunities for youth to assist in their development as future leaders and prepares them for future employment opportunities. As well, volunteer assignments engage youth in positive activities that not only benefit them, but also benefit the community.

As a designated "Youth Friendly Community", Vaughan is a leader and remains a driving force behind the implementation of meaningful youth engagement opportunities. As a result, stronger ties are established with community groups in support of active youth in Vaughan.

Youth Coaching Leadership Clinic

Through a grant received from the "Ontario Sport and Recreation Communities Fund", the Recreation Services Department developed the City's first "Coaching Leadership Clinic", which was launched in the summer of 2015. The core competencies outlined within the leadership clinic's curriculum included physical literacy, communication and teambuilding and theoretical skill sets, working knowledge and qualifications required to attain both volunteer and employment opportunities within the Sport and Recreation field. Hundreds of youth have benefited from leadership programs provided by the department and have obtained the necessary skills for employment opportunities in the sports and recreation field.
