**EXTRACT FROM COUNCIL MEETING MINUTES OF JUNE 25, 2013**

Item 10, CW Report No. 28 – Page 2

**Conclusion**

The applicant is requesting to maintain two (2) existing banner signs which are a prohibited sign type under the City's Sign By-law. The banner signs are in addition to other existing wall signs located on the building's front elevation, as shown on the attached photographs.

Similar to all other variance applications for banner signs, members of the Sign Variance Committee recommend that the application be refused. In the Committee's opinion the application is not minor as banner signs are specifically prohibited in the City's Sign By-Law and the intent and purpose of the by-law is not being maintained.

It is the opinion of the Sign Variance Committee that the proposed banner signs are not appropriate and recommend that the application be refused.

If Council finds merit in the application, a Sign Permit issued by the Building Standards Department is required.
