### **EXTRACT FROM COUNCIL MEETING MINUTES OF JUNE 25, 2013**

Item 5, CW Report No. 28 – Page 2

#### **Conclusion**

The applicant is proposing to maintain a development sign which is not located on the lands being developed. The sign has a sign area of 9 sqm. and a height of 4.6 meters. The sign is located within the Kleinburg Heritage Conservation District. This application has been considered by Heritage Vaughan and has been recommended to be refused by them.

Similar to other applications in the past the Sign Variance Committee continues not to support those sign variance applications proposing off site or 3rd party development signage. In Committee's opinion all development signs other than the permitted "A"-Frame signage should be restricted to the lands being developed and not spread out throughout the City.

Members of the Sign Variance Committee along with Heritage Vaughan do not support the application and are recommending that it be refused.

If Council finds merit in the application, a Sign Permit issued by the Building Standards Department is required.
