CANADA POST COMMUNITY MAILBOXES

The Committee of the Whole recommends approval of the recommendation contained in the following resolution submitted by Councillor Shefman, dated June 16, 2015:

Member's Resolution

Submitted by Councillor Alan Shefman.

Whereas, Canada Post will, at some future date, be installing community mailboxes in areas of the City which currently receive home delivery, and

Whereas, there are a variety of concerns and issues that arise as a result of this impending action including site location, resident reaction, planning and costs;

It is therefore recommended:

That Council direct staff to provide a report no later than December 2015 on The City of Vaughan's partnership approach with Canada Post to install community mailboxes within the City's right of way, and

If it is determined that Canada Post is planning to initiate installation of these community mailboxes earlier than 2016, that the report be provided no later than October 2015, and

That the report should consider, but not be limited to, municipal engagement in site selection, community consultation and consideration of an appropriate fee that reflects resources and costs incurred by the City of Vaughan to install community mailboxes within established communities
