 RIOTRIN PROPERTIES (LANGSTAFF) INC., SRF VAUGHAN PROPERTY INC. AND  
 SRF VAUGHAN PROPERTY II INC.  
WARD 2 - VICINITY OF REGIONAL ROAD 27 AND LANGSTAFF ROAD**

The Committee of the Whole recommends:

- 1) That consideration of this matter be deferred to the Committee of the Whole meeting of December 2, 2014;**
- 2) That the following deputations be received:**
  - 1. Ms. Paula Bustard, SmartCentres, Applewood Crescent, Concord; and**
  - 2. Mr. Oz Kemal, MHBC, Weston Road, Woodbridge; and**
- 3) That Communication C26, from Ms. Mary Bull, Wood Bull, Queen Street West, Toronto, dated September 2, 2014, be received.**

**Recommendation**

The Commissioner of Planning, Interim Director of Planning/Director of Development Planning, and Manager of Development Planning recommend:

- 1. THAT Zoning By-law Amendment File Z.13.003 (Riotrin Properties (Langstaff) Inc., SRF Vaughan Property Inc. and SRF Vaughan Property II Inc.) BE APPROVED, to rezone the subject lands shown on Attachments #1 and #2 from EM1(H) Prestige Employment Area Zone and EM2(H) General Employment Area Zone each with the Holding Symbol "(H)" and subject to Exception 9(1258) and EM3 Retail Warehouse Employment Area Zone subject to Exceptions 9(1253) and 9(1356) to EM3 Retail Warehouse Employment Area Zone, together with the site-specific zoning exceptions identified in Table 1 of this report that maintain a number of exceptions permitted through Exceptions 9(1253) and 9(1356) to be within a single consolidated site-specific exception.**

**Contribution to Sustainability**

The application implements the following Goals and Objectives of Green Directions Vaughan:

Goal 2: To ensure sustainable development and redevelopment

- Objective 2.1: To achieve sustainable growth and development by completing and implementing Vaughan Tomorrow, the City's Consolidated Growth Management Strategy – 2031, and by ensuring that the strategy is subject to periodic review and renewal

## **CITY OF VAUGHAN**

### **EXTRACT FROM COUNCIL MEETING MINUTES OF SEPTEMBER 9, 2014**

#### **Item 53, CW Report No. 36 – Page 2**

- Objective 2.2: To develop Vaughan as a City with maximum greenspace and an urban form that supports our expected population growth

Goal 4: To create a vibrant community where citizens, businesses and visitors thrive

- Objective 4.2: Ensure that the City of Vaughan attracts businesses and investment that will result in well-paying jobs for Vaughan citizens, a sustainable tax base and continuing prosperity into the 21st century

#### **Economic Impact**

There are no requirements for new funding associated with this report.

#### **Communications Plan**

On January 31, 2014, a Notice of Public Hearing was circulated to all property owners within 150m of the subject lands, and to the West Woodbridge Homeowner's Association. The Notice of Public Hearing was also posted on the City's website at [www.vaughan.ca](http://www.vaughan.ca) and a Notice Sign was installed on the property in accordance with the City's Sign Notification Protocol. To date, no comments have been received. The recommendation to receive the Public Hearing report of February 25, 2014, and forward a comprehensive technical report to a future Committee of the Whole meeting was ratified by Vaughan Council on March 18, 2014.

#### **Purpose**

To seek approval from the Committee of the Whole to rezone the subject lands shown on Attachments #1 and #2 from EM1(H) Prestige Employment Area Zone and EM2(H) General Employment Area Zone each with the Holding Symbol "(H)" and subject to Exception 9(1258) and EM3 Retail Warehouse Employment Area Zone subject to Exceptions 9(1253) and 9(1356) to EM3 Retail Warehouse Employment Area Zone, together with the following site-specific zoning exceptions to facilitate the future development of the subject lands with commercial uses and retail warehouse uses:

### EXTRACT FROM COUNCIL MEETING MINUTES OF SEPTEMBER 9, 2014

Item 53, CW Report No. 36 – Page 8

#### **Background - Analysis and Options**

On February 6, 2013, the Owner submitted Official Plan and Zoning By-law Amendment Files OP.13.001 and Z.13.003. On May 28, 2013, the Ontario Municipal Board (OMB) approved a modification to Vaughan Official Plan 2010 (VOP 2010), bringing into effect site-specific policy 13.15 to be included in Volume 2 of VOP 2010 that redesignates the subject lands, as shown on Attachments #1 and #2, from “General Employment” to “Employment Commercial Mixed-Use”, with site-specific policies.

On February 3, 2014, the OMB approved VOP 2010, which brought into effect site-specific policy 13.15 in Volume 2 of VOP 2010 for the subject lands as discussed further in this report. As a result of the OMB approval the related Official Plan Amendment File OP.13.001 is no longer required for the proposed development and has been closed.

#### **Location**

The subject lands are located west of Regional Road 27, south of Langstaff Road, municipally known as 120, 160, 170, 182, 196, and 210 Milani Boulevard, being Blocks 2-7 on Registered Plan 65M-3966, Block 6 on Registered Plan 65M-4385, and Block 1 on Registered Plan 65M-4386, shown as “Subject Lands” on Attachments #1 and #2.

The subject lands are currently vacant and are located adjacent to an existing commercial development to the east.

#### **Vaughan Official Plan 2010 (VOP 2010)**

The subject lands are designated “Employment Commercial Mixed-Use” by Vaughan Official Plan 2010 (VOP 2010), which was approved by the OMB on February 3, 2014, and permits a maximum building height of 10-storeys and maximum Floor Space Index (FSI) of 3 on the property. The “Employment Commercial Mixed-Use” designation permits office uses to a maximum GFA of 12,500 m<sup>2</sup> per lot; cultural and entertainment uses; retail uses, provided that no retail unit shall exceed a GFA of 3,500 m<sup>2</sup>; and, gas stations, subject to additional specific provisions. The building types permitted within this designation include Low-Rise Buildings, Mid-Rise Buildings, Public and Private Institutional Buildings, and Gas Stations.

The lands are also subject to site-specific policy 13.15 in Volume 2 of VOP 2010, which states the following:

- Notwithstanding policy 9.2.2.7 Employment Commercial Mixed-Use or anything else in this Plan (VOP 2010), in addition to the existing permitted uses, Major Retail uses are permitted.
- Notwithstanding policy 9.2.2.7 Employment Commercial Mixed-Use or anything else in this Plan (VOP 2010), retail units may exceed a gross floor area of 3,500 m<sup>2</sup>.

Therefore, based on site-specific policy 13.15 in Volume 2 of VOP 2010, in addition to the permitted uses on the subject lands through the “Employment Commercial Mixed-Use” designation, the lands are not subject to a GFA restriction for retail units. Further, Major Retail uses as defined in VOP 2010 as “retail uses greater than 10,000 square metres per lot, including but not limited to big-box retail stores, retail warehouses, and shopping centres” are permitted on the lands. The proposed rezoning of the subject lands to facilitate the development of commercial buildings conforms to VOP 2010.

Item 53, CW Report No. 36 – Page 9

#### Zoning

The subject lands are zoned EM1(H) Prestige Employment Area Zone and EM2(H) General Employment Area Zone each with a Holding Symbol “(H)” and subject to site-specific Exception 9(1258), and EM3 Retail Warehouse Employment Area Zone subject to site-specific Exceptions 9(1253) and 9(1356) by Zoning By-law 1-88, as shown on Attachment #2. The Holding Symbol “(H)” was placed on a portion of the subject lands to protect for land that may be required by the Ministry of Transportation Ontario (MTO) related to the future construction of Highway #427. The MTO has provided the required clearance to remove the Holding Symbol “(H)” from these lands.

The adjacent lands to the west are subject to Zoning By-law Amendment File Z.13.017 (Strathallen Capital Corporation), to remove the Holding Symbol from the entirety of the lands zoned EM1(H) Prestige Employment Area Zone and EM2(H) General Employment Area Zone, as shown on Attachment #2.

The owner has not submitted a Site Development Application at this time, however, has provided a concept plan to facilitate the development of the subject lands with commercial buildings, and associated parking areas, as shown on Attachment #3, and with the following site-statistics:

Site Area (Parcels ‘E’, ‘F’, and ‘H’)	11.12 ha
Total Gross Floor Area (Parcels ‘E’, ‘F’, and ‘H’)	24,921 m <sup>2</sup>
Floor Space Index (FSI)	0.22
Total Parking Provided (Parcels ‘E’, ‘F’, and ‘H’)	1,330 spaces

Parcels “E”, “F” and “H” are proposed to be developed with the following buildings as shown on Attachment #3:

- Parcel “E” - A 1,515 m<sup>2</sup> multi-unit commercial building (Building ‘G1’) and a 465 m<sup>2</sup> commercial building (Building ‘G2’).
- Parcel “F” - A 8,538 m<sup>2</sup> commercial building, including an Automotive Retail Store (shown as proposed commercial building with future building expansion).
- Parcel “H” - A 14,412.67 m<sup>2</sup> commercial building, including large-format retail uses and an Automobile Gas Bar (Building ‘H’ and proposed gas bar).

The owner is proposing to rezone the subject lands to EM3 Retail Warehouse Employment Area Zone and subject to the site-specific exceptions identified in Table 1 of this report. The EM3 Retail Warehouse Employment Area Zone is the appropriate zone category to implement the policies of the “Employment Commercial Mixed-Used” designation of VOP 2010. The Owner is also proposing to maintain a number of the site-specific zoning exceptions that currently apply to the subject lands through Exceptions 9(1253) and 9(1356), as identified in Table 1, including:

- i. Permit a minimum landscape strip width for lands abutting an Open Space Zone of 1.4 m;
- ii. Permit a maximum driveway width of 16.5 m;
- iii. Permit a minimum parking ratio of 3.9 parking spaces per 100 m<sup>2</sup> of GFA for all permitted uses;
- iv. Permit shared driveways and aisles amongst Parcels “E”, “F” and “H”;
- v. Permit loading and unloading between a building and a street (Milani Boulevard); and,
- vi. Permit the maximum area of outdoor display of merchandise, goods or materials to not exceed 0.29 times the GFA of the buildings or structures on the subject lands, to a maximum of 3,800 m<sup>2</sup> of the subject lands.

## CITY OF VAUGHAN

### EXTRACT FROM COUNCIL MEETING MINUTES OF SEPTEMBER 9, 2014

#### Item 53, CW Report No. 36 – Page 10

The Vaughan Planning Department has no objection to maintaining these zoning exceptions within a single consolidated site-specific exception as they were previously supported by the Vaughan Planning Department and approved by Vaughan Council and will facilitate the development of the subject lands in an appropriate manner.

The Owner is proposing the addition of several commercial, major retail and retail warehouse uses within an EM3 Retail Warehouse Zone, as identified in Table 1. These uses are considered appropriate as they conform to the in-effect policies of the “Employment-Commercial Mixed-Use” designation and site-specific policy 13.15 (Volume 2 of VOP 21010), providing for a wide variety of business uses within commercial buildings as well as major retail uses.

The proposed reduction to the minimum front yard setback at Milani Boulevard (Building ‘H’) from 6 m to 3 m and the reduction to the minimum rear yard setback at Building “G1” from 12 m to 10m are considered appropriate. The reduction in front yard setback will permit the building closer to the street frontage of Milani Boulevard, activating the street from a pedestrian perspective. The reduction in rear yard setback is minor in nature, maintains the intent of the zoning by-law and will appropriately facilitate the development of the subject lands, while not negatively impacting any adjacent property, as Building “G1” is located adjacent to a Stormwater Management Pond.

The proposed parking standard is considered acceptable as the updated traffic impact and parking study and trip generation comparison prepared by iTrans/HDR Corporation, demonstrate that 3.9 parking spaces per 100 m<sup>2</sup> of GFA is appropriate for the proposed use of the land. The study has been reviewed and approved by the Vaughan Development/Transportation Engineering Department, which is discussed in greater detail below. Accordingly, the Vaughan Planning Department has no objection to the above-noted exceptions.

In consideration of the above, the Vaughan Planning Department can support the proposed rezoning of the subject lands and the site-specific zoning exceptions noted in Table 1 of this report to be included in a single consolidated site-specific exception.

#### Vaughan Development/Transportation Engineering Department

The Vaughan Development/Transportation Engineering Department has advised that a traffic impact and parking study prepared by iTrans/HDR Corporation was previously approved through Draft Plan of Subdivision File 19T-08V03 on November 25, 2010.

The Vaughan Development/Transportation Engineering Department reviewed the updated traffic impact and parking study, prepared by iTrans/HDR Corporation, which concludes that the proposed parking ratio of 3.9 parking spaces per 100 m<sup>2</sup> of GFA is sufficient to service the proposed development. The Development/Transportation Engineering Department concurs with the study and accepts its conclusions and recommendations.

The Development/Transportation Engineering Department advises that all comments provided to the Owner respecting the conceptual site plan are to be addressed through the submission of a future Site Development Application(s).

#### Ministry of Transportation Ontario

The Ministry of Transportation (MTO) has advised that they have no objection to the proposed rezoning of the subject lands and the removal of the Holding Symbol “(H)” as they have determined the final alignment of the Highway #427 extension and cross-over, which does not affect the subject lands. Further, the MTO has advised that it requires that any new buildings/structures above and below ground (including internal roads and detention ponds) must be setback a minimum distance of 14 m from the future Highway #427 property line, which has

## **CITY OF VAUGHAN**

### **EXTRACT FROM COUNCIL MEETING MINUTES OF SEPTEMBER 9, 2014**

#### **Item 53, CW Report No. 36 – Page 11**

been identified as a zoning exception in Table 1 of this report. The Owner is advised that MTO Permits are required for all buildings/structures located within 46 m from future Highway 427 property line and a radius of 396 m from the centre point of the future Highway #427 and Langstaff Road, prior to any construction being undertaken.

The MTO has also commented on the possibility to shift the Innovation Drive entrance onto Langstaff Road further east, so that it is located mid-block between the MTO's future off ramps and Regional Road 27, in order to improve the efficiency of the interchange of the future Highway #427 and Langstaff Road. These comments have been forwarded to the Owner for their review, and will be addressed through a future Site Development application(s).

#### **Future Site Development Application(s)**

The owner will be required to submit a Site Development Application(s) for Vaughan Council's approval for the development of the proposed buildings on the subject lands. The owner has only submitted a conceptual site plan for review purposes, as shown on Attachment #3. The future Site Development Application(s) will be required to facilitate the development of the subject lands, if the above-noted zoning application is approved, to be reviewed to ensure, but not limited to, appropriate building and site design; pedestrian, barrier free and vehicular access; internal traffic circulation; sustainable site and building features; parking; landscaping; stormwater management, servicing and grading.

#### **Relationship to Vaughan Vision 2020/Strategic Plan**

This report is consistent with the following initiatives set forth in the Vaughan Vision 2020/Strategic Plan:

##### **i) Plan and Manage Growth & Economic Vitality**

The proposed development implements the City's current Official Plan and the Growth Management Strategy as set in Vaughan Official Plan 2010, as the proposal to rezone the subject lands to EM3 Retail Warehouse Employment Area Zone implements the in-effect land use designation.

#### **Regional Implications**

The proposal was circulated to York Region's Transportation and Community Planning Department, and they have no concerns or objections to the proposal.

#### **Conclusion**

The Vaughan Planning Department has reviewed Zoning By-law Amendment File Z.13.003 in consideration of the policies of the Vaughan Official Plan 2010 (VOP 2010), the requirements of Zoning By-law 1-88, comments from City Departments, external public agencies and the overall neighbourhood context. The Vaughan Planning Department is satisfied that the proposed rezoning to facilitate the future development of small and large-scale commercial buildings is appropriate and compatible with the existing neighbourhood, and conforms to the Official Plan. Accordingly, the Vaughan Planning Department recommends approval of the Zoning By-law Amendment Application, subject to the comments and recommendations in this report.

Zoning By-Law Amendment File Z.13.003 ("the Application")**

We are solicitors for Seven 427 Developments Inc., the owner of lands fronting onto the north side of Highway 7, west of Highway 427 (the "Seven/427 Lands").

We request that the City provide our office and our client, on an ongoing basis and as it becomes available, with information regarding the Application. Without limiting the generality of this request, please provide our office and our client with copies of the following:

- Timely notice of any open house, community consultation meetings or public meetings in regard to the Application;
- Timely notice of any meetings of Council or any Committee of Council, or Committee of Adjustment in regard the Application;
- Agendas and Minutes of Council or Committee of Council;
- Any reports prepared by City staff in regard to the Application;
- Notification of any decision(s) when issued; and
- Notification of any passing of any official plan amendments or by-law(s) in regard to the Application.

Dear Members of Council:

**Re: Item #53  
Committee of the Whole Meeting, September 2, 2014  
Zoning By-Law Amendment File Z.13.003 ("the Riotrin Application")  
Riotrin Properties (Langstaff) Inc., SRF Vaughan Property Inc. and SRF Vaughan  
Property II Inc.  
Ward 2 - Vicinity of Regional Road 27 and Langstaff Road (the "Riotrin Property")**

We are solicitors for Seven 427 Developments Inc. ("Seven/427"), the owner of lands fronting onto the north side of Highway 7, west of Highway 427, which lands are designated Mixed Use Commercial and zoned C5.

Seven/427 has only recently become aware of the Riotrin Application and has reviewed the staff report that will be before the Committee of the Whole on 2 September 2014. The Riotrin Application proposes a significant retail commercial development and Seven/427 has serious concerns regarding the process by which the Riotrin Application has come before the Committee of the Whole for consideration.

The City of Vaughan is being asked to approve a significant retail commercial development on the Riotrin Lands without the benefit of the technical studies and the public review that the City of Vaughan usually requires for similar applications. For instance, we understand that Riotrin did not submit a planning justification report, traffic report, or a market impact study in support of the Riotrin Application, which reports are typically required of applicants under Section 10.1.3 of the Official Plan. Without the analysis and information contained in these studies, the City of Vaughan does not have sufficient information regarding the implications of the Riotrin Application on the planned function of other lands and developments and on which it can make a well informed decision regarding the merits of the Riotrin Application.

The draft by-law proposes to include a number of retail and service commercial uses that extend well beyond what would be permitted in the *Retail Employment Warehouse Area Zone (EM3)*. There are other lands in the City of Vaughan planned and approved by Council which are appropriately located to serve the residents of Vaughan and are already designated and zoned to permit this range of retail commercial uses. It is the opinion of Seven/427 that there is no need to approve the significant retail commercial development proposed by the Riotrin Application.

### **Request**

We request that the Riotrin Application be deferred to permit its consideration by the City of Vaughan in the context of a thorough public process and to require that Riotrin submit the technical studies that are usually required by the City for this type of application. To do otherwise would apply a lower standard of review and consideration of the Riotrin Application than other applications, such as the applications in the City of Vaughan.

We also request notice of any decision of the Committee of the Whole and Council, including any notice of passing of a zoning bylaw. Notice may be sent to us at the following address:

Item #	53
Report No.	36 (cw)
Council -	September 9/14

Dear Mayor and Members of Council:

**Re: Zoning By-law Amendment File Z.13.003 Riotrin Properties (Langstaff) Inc.**

**Ward 2 – Regional Road 27 and Langstaff Road**

We are the solicitors for the applicant, Riotrin Properties (Langstaff) Inc. We write to Council to urge rejection of the recommendation made by the Committee of the Whole at its meeting of September 2, 2014 to defer the above-noted matter, and to instead approve the staff recommendations to approve the zoning by-law amendment application in accordance with the staff report.

As Council should be aware, the subject lands have had a long planning history to accommodate large format retail adjacent to the existing Wal-mart plaza. The subject lands were designated for retail and big box retail uses through the Vaughan 2010 municipal comprehensive review.

Following approval of the retail designation for the subject lands in the Vaughan 2010 municipal comprehensive review, our client pursued the within development application to implement its OMB approved Official Plan policies for retail and large format retail uses. This development application implements precisely what was approved by this Council in Vaughan 2010 and approved by the OMB in 2013. The retail and big box land use planning policies for the subject land are in force and must be implemented without further delay.

The current development application proceeded through the development application without issue. In fact, during the public consultation and public hearing process which occurred in the spring of 2014, there was no objection or concern at all expressed with the application from the public.

At the very 11<sup>th</sup> hour, a competitive shopping centre developer has requested a delay in the processing of the application. In our respectful submission, this 11<sup>th</sup> hour request has no merit, and is sought only for the purposes of delay and interference with a competitive development. Given the upcoming election, the prospect of a lengthy delay is unacceptable and pursued without any legitimate purpose or planning rationale.

We are disappointed that the Committee of the Whole would consider the last second interjection by Smartcentres as genuine. If the public had any legitimate concern with the application, then those concerns should have been raised in the Spring 2014 during the public consultation process. The timing of the interjection by a sophisticated party such as Smartcentres is inappropriate, especially after the years of planning that have occurred for this property. Furthermore, the requested delay serves no purpose as staff have confirmed the appropriateness of the zoning approval.

The planning of retail development on the subject lands goes back to Vaughan 2010 and beyond with the full support and approval of Vaughan Council. The municipal planning process must be completed now, and not interfered with or delayed by a last minute objection by a competitive commercial development proposal.

We urge Council to approve the staff recommendations and enact the proposed zoning by-law.

Yours truly,

**FOGLER, RUBINOFF LLP**

## **COMMITTEE OF THE WHOLE    SEPTEMBER 2, 2014**

### **ZONING BY-LAW AMENDMENT FILE Z.13.003 RIOTRIN PROPERTIES (LANGSTAFF) INC., SRF VAUGHAN PROPERTY INC. AND SRF VAUGHAN PROPERTY II INC. WARD 2 - VICINITY OF REGIONAL ROAD 27 AND LANGSTAFF ROAD**

#### **Recommendation**

The Commissioner of Planning, Interim Director of Planning/Director of Development Planning, and Manager of Development Planning recommend:

1. THAT Zoning By-law Amendment File Z.13.003 (Riotrin Properties (Langstaff) Inc., SRF Vaughan Property Inc. and SRF Vaughan Property II Inc.) BE APPROVED, to rezone the subject lands shown on Attachments #1 and #2 from EM1(H) Prestige Employment Area Zone and EM2(H) General Employment Area Zone each with the Holding Symbol “(H)” and subject to Exception 9(1258) and EM3 Retail Warehouse Employment Area Zone subject to Exceptions 9(1253) and 9(1356) to EM3 Retail Warehouse Employment Area Zone, together with the site-specific zoning exceptions identified in Table 1 of this report that maintain a number of exceptions permitted through Exceptions 9(1253) and 9(1356) to be within a single consolidated site-specific exception.

#### **Contribution to Sustainability**

The application implements the following Goals and Objectives of Green Directions Vaughan:

Goal 2: To ensure sustainable development and redevelopment

- Objective 2.1: To achieve sustainable growth and development by completing and implementing Vaughan Tomorrow, the City's Consolidated Growth Management Strategy – 2031, and by ensuring that the strategy is subject to periodic review and renewal
- Objective 2.2: To develop Vaughan as a City with maximum greenspace and an urban form that supports our expected population growth

Goal 4: To create a vibrant community where citizens, businesses and visitors thrive

- Objective 4.2: Ensure that the City of Vaughan attracts businesses and investment that will result in well-paying jobs for Vaughan citizens, a sustainable tax base and continuing prosperity into the 21st century

#### **Economic Impact**

There are no requirements for new funding associated with this report.

#### **Communications Plan**

On January 31, 2014, a Notice of Public Hearing was circulated to all property owners within 150m of the subject lands, and to the West Woodbridge Homeowner's Association. The Notice of Public Hearing was also posted on the City's website at [www.vaughan.ca](http://www.vaughan.ca) and a Notice Sign was installed on the property in accordance with the City's Sign Notification Protocol. To date, no comments have been received. The recommendation to receive the Public Hearing report of February 25, 2014, and forward a comprehensive technical report to a future Committee of the Whole meeting was ratified by Vaughan Council on March 18, 2014.

## **Purpose**

To seek approval from the Committee of the Whole to rezone the subject lands shown on Attachments #1 and #2 from EM1(H) Prestige Employment Area Zone and EM2(H) General Employment Area Zone each with the Holding Symbol “(H)” and subject to Exception 9(1258) and EM3 Retail Warehouse Employment Area Zone subject to Exceptions 9(1253) and 9(1356) to EM3 Retail Warehouse Employment Area Zone, together with the following site-specific zoning exceptions to facilitate the future development of the subject lands with commercial uses and retail warehouse uses:

### **Background - Analysis and Options**

On February 6, 2013, the Owner submitted Official Plan and Zoning By-law Amendment Files OP.13.001 and Z.13.003. On May 28, 2013, the Ontario Municipal Board (OMB) approved a modification to Vaughan Official Plan 2010 (VOP 2010), bringing into effect site-specific policy 13.15 to be included in Volume 2 of VOP 2010 that redesignates the subject lands, as shown on Attachments #1 and #2, from “General Employment” to “Employment Commercial Mixed-Use”, with site-specific policies.

On February 3, 2014, the OMB approved VOP 2010, which brought into effect site-specific policy 13.15 in Volume 2 of VOP 2010 for the subject lands as discussed further in this report. As a result of the OMB approval the related Official Plan Amendment File OP.13.001 is no longer required for the proposed development and has been closed.

### **Location**

The subject lands are located west of Regional Road 27, south of Langstaff Road, municipally known as 120, 160, 170, 182, 196, and 210 Milani Boulevard, being Blocks 2-7 on Registered Plan 65M-3966, Block 6 on Registered Plan 65M-4385, and Block 1 on Registered Plan 65M-4386, shown as “Subject Lands” on Attachments #1 and #2.

The subject lands are currently vacant and are located adjacent to an existing commercial development to the east.

### **Vaughan Official Plan 2010 (VOP 2010)**

The subject lands are designated “Employment Commercial Mixed-Use” by Vaughan Official Plan 2010 (VOP 2010), which was approved by the OMB on February 3, 2014, and permits a maximum building height of 10-storeys and maximum Floor Space Index (FSI) of 3 on the property. The “Employment Commercial Mixed-Use” designation permits office uses to a maximum GFA of 12,500 m<sup>2</sup> per lot; cultural and entertainment uses; retail uses, provided that no retail unit shall exceed a GFA of 3,500 m<sup>2</sup>; and, gas stations, subject to additional specific provisions. The building types permitted within this designation include Low-Rise Buildings, Mid-Rise Buildings, Public and Private Institutional Buildings, and Gas Stations.

The lands are also subject to site-specific policy 13.15 in Volume 2 of VOP 2010, which states the following:

- Notwithstanding policy 9.2.2.7 Employment Commercial Mixed-Use or anything else in this Plan (VOP 2010), in addition to the existing permitted uses, Major Retail uses are permitted.
- Notwithstanding policy 9.2.2.7 Employment Commercial Mixed-Use or anything else in this Plan (VOP 2010), retail units may exceed a gross floor area of 3,500 m<sup>2</sup>.

Therefore, based on site-specific policy 13.15 in Volume 2 of VOP 2010, in addition to the permitted uses on the subject lands through the “Employment Commercial Mixed-Use” designation, the lands are not subject to a GFA restriction for retail units. Further, Major Retail uses as defined in VOP 2010 as “retail uses greater than 10,000 square metres per lot, including but not limited to big-box retail stores, retail warehouses, and shopping centres” are permitted on the lands. The proposed rezoning of the subject lands to facilitate the development of commercial buildings conforms to VOP 2010.

### Zoning

The subject lands are zoned EM1(H) Prestige Employment Area Zone and EM2(H) General Employment Area Zone each with a Holding Symbol “(H)” and subject to site-specific Exception 9(1258), and EM3 Retail Warehouse Employment Area Zone subject to site-specific Exceptions 9(1253) and 9(1356) by Zoning By-law 1-88, as shown on Attachment #2. The Holding Symbol “(H)” was placed on a portion of the subject lands to protect for land that may be required by the Ministry of Transportation Ontario (MTO) related to the future construction of Highway #427. The MTO has provided the required clearance to remove the Holding Symbol “(H)” from these lands.

The adjacent lands to the west are subject to Zoning By-law Amendment File Z.13.017 (Strathallen Capital Corporation), to remove the Holding Symbol from the entirety of the lands zoned EM1(H) Prestige Employment Area Zone and EM2(H) General Employment Area Zone, as shown on Attachment #2.

The owner has not submitted a Site Development Application at this time, however, has provided a concept plan to facilitate the development of the subject lands with commercial buildings, and associated parking areas, as shown on Attachment #3, and with the following site-statistics:

Site Area (Parcels ‘E’, ‘F’, and ‘H’)	11.12 ha
Total Gross Floor Area (Parcels ‘E’, ‘F’, and ‘H’)	24,921 m <sup>2</sup>
Floor Space Index (FSI)	0.22
Total Parking Provided (Parcels ‘E’, ‘F’, and ‘H’)	1,330 spaces

Parcels “E”, “F” and “H” are proposed to be developed with the following buildings as shown on Attachment #3:

- Parcel “E” - A 1,515 m<sup>2</sup> multi-unit commercial building (Building ‘G1’) and a 465 m<sup>2</sup> commercial building (Building ‘G2’).
- Parcel “F” - A 8,538 m<sup>2</sup> commercial building, including an Automotive Retail Store (shown as proposed commercial building with future building expansion).
- Parcel “H” - A 14,412.67 m<sup>2</sup> commercial building, including large-format retail uses and an Automobile Gas Bar (Building ‘H’ and proposed gas bar).

The owner is proposing to rezone the subject lands to EM3 Retail Warehouse Employment Area Zone and subject to the site-specific exceptions identified in Table 1 of this report. The EM3 Retail Warehouse Employment Area Zone is the appropriate zone category to implement the

policies of the "Employment Commercial Mixed-Used" designation of VOP 2010. The Owner is also proposing to maintain a number of the site-specific zoning exceptions that currently apply to the subject lands through Exceptions 9(1253) and 9(1356), as identified in Table 1, including:

- i. Permit a minimum landscape strip width for lands abutting an Open Space Zone of 1.4 m;
- ii. Permit a maximum driveway width of 16.5 m;
- iii. Permit a minimum parking ratio of 3.9 parking spaces per 100 m<sup>2</sup> of GFA for all permitted uses;
- iv. Permit shared driveways and aisles amongst Parcels "E", "F" and "H";
- v. Permit loading and unloading between a building and a street (Milani Boulevard); and,
- vi. Permit the maximum area of outdoor display of merchandise, goods or materials to not exceed 0.29 times the GFA of the buildings or structures on the subject lands, to a maximum of 3,800 m<sup>2</sup> of the subject lands.

The Vaughan Planning Department has no objection to maintaining these zoning exceptions within a single consolidated site-specific exception as they were previously supported by the Vaughan Planning Department and approved by Vaughan Council and will facilitate the development of the subject lands in an appropriate manner.

The Owner is proposing the addition of several commercial, major retail and retail warehouse uses within an EM3 Retail Warehouse Zone, as identified in Table 1. These uses are considered appropriate as they conform to the in-effect policies of the "Employment-Commercial Mixed-Use" designation and site-specific policy 13.15 (Volume 2 of VOP 21010), providing for a wide variety of business uses within commercial buildings as well as major retail uses.

The proposed reduction to the minimum front yard setback at Milani Boulevard (Building 'H') from 6 m to 3 m and the reduction to the minimum rear yard setback at Building "G1" from 12 m to 10m are considered appropriate. The reduction in front yard setback will permit the building closer to the street frontage of Milani Boulevard, activating the street from a pedestrian perspective. The reduction in rear yard setback is minor in nature, maintains the intent of the zoning by-law and will appropriately facilitate the development of the subject lands, while not negatively impacting any adjacent property, as Building "G1" is located adjacent to a Stormwater Management Pond.

The proposed parking standard is considered acceptable as the updated traffic impact and parking study and trip generation comparison prepared by iTrans/HDR Corporation, demonstrate that 3.9 parking spaces per 100 m<sup>2</sup> of GFA is appropriate for the proposed use of the land. The study has been reviewed and approved by the Vaughan Development/Transportation Engineering Department, which is discussed in greater detail below. Accordingly, the Vaughan Planning Department has no objection to the above-noted exceptions.

In consideration of the above, the Vaughan Planning Department can support the proposed rezoning of the subject lands and the site-specific zoning exceptions noted in Table 1 of this report to be included in a single consolidated site-specific exception.

#### Vaughan Development/Transportation Engineering Department

The Vaughan Development/Transportation Engineering Department has advised that a traffic impact and parking study prepared by iTrans/HDR Corporation was previously approved through Draft Plan of Subdivision File 19T-08V03 on November 25, 2010.

The Vaughan Development/Transportation Engineering Department reviewed the updated traffic impact and parking study, prepared by iTrans/HDR Corporation, which concludes that the proposed parking ratio of 3.9 parking spaces per 100 m<sup>2</sup> of GFA is sufficient to service the proposed development. The Development/Transportation Engineering Department concurs with the study and accepts its conclusions and recommendations.

The Development/Transportation Engineering Department advises that all comments provided to the Owner respecting the conceptual site plan are to be addressed through the submission of a future Site Development Application(s).

#### Ministry of Transportation Ontario

The Ministry of Transportation (MTO) has advised that they have no objection to the proposed rezoning of the subject lands and the removal of the Holding Symbol “(H)” as they have determined the final alignment of the Highway #427 extension and cross-over, which does not affect the subject lands. Further, the MTO has advised that it requires that any new buildings/structures above and below ground (including internal roads and detention ponds) must be setback a minimum distance of 14 m from the future Highway #427 property line, which has been identified as a zoning exception in Table 1 of this report. The Owner is advised that MTO Permits are required for all buildings/structures located within 46 m from future Highway 427 property line and a radius of 396 m from the centre point of the future Highway #427 and Langstaff Road, prior to any construction being undertaken.

The MTO has also commented on the possibility to shift the Innovation Drive entrance onto Langstaff Road further east, so that it is located mid-block between the MTO's future off ramps and Regional Road 27, in order to improve the efficiency of the interchange of the future Highway #427 and Langstaff Road. These comments have been forwarded to the Owner for their review, and will be addressed through a future Site Development application(s).

#### Future Site Development Application(s)

The owner will be required to submit a Site Development Application(s) for Vaughan Council's approval for the development of the proposed buildings on the subject lands. The owner has only submitted a conceptual site plan for review purposes, as shown on Attachment #3. The future Site Development Application(s) will be required to facilitate the development of the subject lands, if the above-noted zoning application is approved, to be reviewed to ensure, but not limited to, appropriate building and site design; pedestrian, barrier free and vehicular access; internal traffic circulation; sustainable site and building features; parking; landscaping; stormwater management, servicing and grading.

#### Relationship to Vaughan Vision 2020/Strategic Plan

This report is consistent with the following initiatives set forth in the Vaughan Vision 2020/Strategic Plan:

##### i) Plan and Manage Growth & Economic Vitality

The proposed development implements the City's current Official Plan and the Growth Management Strategy as set in Vaughan Official Plan 2010, as the proposal to rezone the subject lands to EM3 Retail Warehouse Employment Area Zone implements the in-effect land use designation.

#### Regional Implications

The proposal was circulated to York Region's Transportation and Community Planning Department, and they have no concerns or objections to the proposal.

#### Conclusion

The Vaughan Planning Department has reviewed Zoning By-law Amendment File Z.13.003 in consideration of the policies of the Vaughan Official Plan 2010 (VOP 2010), the requirements of Zoning By-law 1-88, comments from City Departments, external public agencies and the overall neighbourhood context. The Vaughan Planning Department is satisfied that the proposed

rezoning to facilitate the future development of small and large-scale commercial buildings is appropriate and compatible with the existing neighbourhood, and conforms to the Official Plan. Accordingly, the Vaughan Planning Department recommends approval of the Zoning By-law Amendment Application, subject to the comments and recommendations in this report.
