To: Mayor Bevilacqua, Region Councilors, Councilors.

There are times over the past years that many residents of Vaughan are critical of Vaughan City Employees.

The Vaughan Food Bank, I am happy to convey, has a very positive attitude towards the City of Vaughan employees, especially the Vaughan Fire & Rescue Service.

Over the years, the VFRS has come to our aid with support for safety and crowd control at the Holiday Train Event. They have continually participated at many events such as food drives, shopping plazas, festivals, schools, vehicle maintenance and other community events.

This support could not exist without the guidance of Chief Larry Bentley, Deputy Chief Gary Fraser, Deputy Chief Deryn Rissi, the Platoon Chiefs and fire fighters of Vaughan.

The Vaughan Food Bank and it's Volunteers hail the VFRS are the true heros of the community and without their dedicated support we could not serve those in our community who lack the resources to be able to cope with, what for them, are difficult times.

As a token of appreciation, the Vaughan Food Bank would like to present awards to the various members of VFRS as per attached list.

Sincerely,

Peter Wixson
Executive Director Vaughan Food Bank
