Item 25, CW Report No. 33 – Page 2

#### **Purpose**

This report pertains to the assumption of the municipal services in Plan of Subdivision 65M-2912 by the City.

#### **Background - Analysis and Options**

The Windemere Heights Phase 1, Plan of Subdivision 65M-2912 is a 15 single lot residential development located north of Centre Street and east of Bathurst Street, in Block 2 as shown on Attachment No.1.

The Subdivision Agreement with Carl F. Herrmann and Gloria M. Herrmann was executed on June 15, 1992, and the Plan of Subdivision was subsequently registered on October 28, 1992. The construction of the roads and municipal services in Plan 65M-2912 was completed in 1997.

The Developer has maintained the municipal services in the subdivision during the required minimum thirteen month maintenance period and has rectified all deficiencies. In addition, the grading of all lots in the subdivision has been certified by the Developer's Engineering Consultant. Accordingly, the Developer has requested that the roads and municipal services in the subdivision be assumed by the City, and the Municipal Services Letter of Credit be released.

All documentation required by the Subdivision Agreement for assumption has been submitted. Engineering staff, in conjunction with the Developer's Consulting Engineer, have conducted all the necessary inspections of the municipal services in the subdivision and are now satisfied with the extent of the works.

The Commissioner of Engineering and Public Works has received clearance from all pertinent City Departments including Development Planning, Building Standards, Parks Development, Parks Operations and Forestry, Public Works, and Clerks. In addition, the Reserves and Investments Department has confirmed that all of the City's financial requirements associated with this subdivision have been satisfied.

#### **Relationship to Vaughan Vision 2020**

The construction and assumption of these municipal services are consistent with Vaughan Vision 2020, which encourages management excellence through planned and managed growth and the maintenance of City assets and infrastructure. This report is consistent with the priorities previously set by Council and the necessary resources have been allocated and approved.

#### **Regional Implications**

There are no Regional implications with respect to the assumption of the municipal works within this Agreement.

#### **Conclusion**

The construction of the roads and municipal services associated with the Windemere Heights Phase 1, Plan of Subdivision 65M-2912 has been completed in accordance with the Subdivision Agreement. Accordingly, it is appropriate that the roads and municipal services in 65M-2912 be assumed and the Municipal Services Letter of Credit be released.
