We are looking for financial support in the form of a sponsorship. The precise amount will depend on the level of involvement the city is willing to take.

Hello my name is Kern Carter and this is my formal request to appear upon deputation for the next available date. What I would like to propose is an annual music festival in the Vaughan region beginning next summer. I will be able to provide you with details at the deputation about how a music festival of the magnitude I have planned can be a major attraction for the Vaughan region, on top of bringing in revenue and increasing the visibility of the area and the businesses that populate it. Please let me know the the next available session, as this venture does take months of planning if it is to be executed correctly.
Thank you for your consideration
