COMMUNICATION
CW - <u>JAN 23 / 18</u>
ITEM - <u>DEP. 1</u>

Dear Ms. McEwan,

Please accept this letter as a submission to the January 23rd deputation regarding fireworks displays at Eagles Nest Golf Club.

My name is Sean Morris and I am the President of Firemaster Productions, and we are contracted to complete the majority of display fireworks shows at the Eagles Nest Golf Club. Last year, we produced 15 displays between the months of April-December for mostly wedding celebrations. Additional to our displays, one other was put on by a company on July 1st during a time we were not available, for a total of 16 displays last year at this location.

Our fireworks displays run for approximately five minutes and we attain permits from the City and always adhere to rules and regulations in the permit, including the 10:00 pm time constraints.

We have been in partnership with the Eagles Nest Golf Club for over five years, and we thoroughly enjoy putting these displays on for people celebrating their special day.

We have been made aware of a complaint put forward by a resident in the adjacent community and would like to meet with the resident to understand their concerns.

Unfortunately, I am not able to attend the Council meeting to provide a deputation and I apologize for not being available to speak in person. Thank you in advance for your consideration of my perspective and suggestion to meet on the matter.

Sincerely,

Sean Morris
President
Firemaster Productions Inc.
