Subject: Re: 9000 Bathurst Street

I wanted to be at the meeting today, but I work. I'm very disappointed that I was not able to give my objections to the proposed construction. This will add traffic to my beautiful neighbourhood and cause parking problems. I moved into this neighbourhood since it was individual homes. I object to the construction and the fact that you held these meeting when working people can not attend. I would like to be at the April 4th meeting and hope you will change the start time to 7 PM so I can be represented.

Thanks, Ellen Drazner

I moved into this community over a decade ago and enjoy living here. I'm concerned that the Jaffari Village plans will segregate the community and cause even greater traffic congestion. This Neighborhood is one community. These plans do not allow for a cohesive community feeling which is why I moved here. The density of their proposed plans will add tremendous parking problems. Please preserve our community.
