**Subject:** Planned construction at the Jaffary Center

Dear Mayor and Councillors,

I am driving daily by the current Jaffary Center north to my work and south home.

There are frequent traffic jams at the exit to Bathurst, particularly during Muslim holidays and after their regular prayers, which happened five times a day. Adding new housing, new high-rises will cause more severe traffic problems in this area.

Please, do not approve more construction on the land there.

Thank you,

Reuven Rashkovsky.
