Subject: Oppose the Jaffari Center Development

Follow Up Flag: Follow up
Flag Status: Completed

I have been a resident of Thornhill Woods for 12 Years and have seen the traffic in the area increase significantly. It is affecting our schools and work.
I strongly oppose the development of the Jaffari Center as it will make the Traffic a complete grid lock stand still all day everyday. The infrastructure of this community cannot support any further development.
Secondly, within Canada we cannot allow schools, stores and housing that excludes based on religion. It is against our freedom and our rights as Canadian Citizens to even allow an application that excludes based on religion to be considered.

Please Do Not Approve this application!!

Signed,
Concerned Thornhill Woods resident
