Kleinburg, September 24, 2015

To whom it may concern,

I would like to express my sincere appreciation to the City of Vaughan for encouraging collaboration between various stakeholder groups in Kleinburg around numerous programming and business initiative in 2015.

Several events benefited from this support such as PanAm Games Torch Relay, Canada Day celebrations, Bindertwine Festival and brainstorming session organized at the McMichael to engage divers' local community and business groups in village rebranding process. Not only these events provided a better coordination of the existing initiatives, but has also allowed generation of new creative ideas and approaches.

The McMichael recognizes the leading role of the City in fostering partnerships that would revitalize the economic and cultural development of the Kleinburg area.

Sincerely,

Anna Stanisz
