To whom it may concern,

The Kleinburg BIA would like to express its sincere appreciation to the City of Vaughan for encouraging and supporting collaboration between the various stakeholder groups in Kleinburg as well as around the numerous programming and business initiatives which are held in our village. I am delighted to state that we are seeing the benefits of the groups working together and recognize that the BIA is now a stronger and refreshed brand.

We appreciate everything the city is doing to improve our village. We feel that one of the greatest things they have done is give us access to the economic development person in the name of Dan Ruby. He has proven to be an enormous asset to us and very helpful in ensuring we move forward with our many initiatives we are striving to undertake.

The BIA and KARA are now working together, in that Kathryn Angus sits on the BIA Board and conversely Eric Leitcher, the Co-Chair of the BIA, sits on the KARA Board. By doing this we are ensuring that information flows in both directions.

Sincerely

Louise Zembal  
Chair, Kleinburg BIA
