| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The request for additional funding is required to effectively maintain the performance measures for the events named. In addition, the increase in funds for these initiatives will continue to maintain the level of service and meet expectations of Members of Council, City Manager and Senior Management Team, City departments, staff, residents and corporate partners. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2012 | Output/Service Quantity | | Units | Offering first class events to community and staff | | No |
| 2012 | Output/Service Quantity | | Units | Increase staff morale | | No |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Event growth is inevitable and service levels need to be maintained for all initiatives whether they affect our external or internal stakeholders. If an option had to be entertained, staff initiatives such as the Staff BBQ and Staff Holiday Luncheon could be cancelled or reduced in scope. This option would not address the importance of staff recognition and promoting staff excellence as a clear strategic initiative. | | | | | | |
| In addition, future events in the Civic Square could be temporarily put on hold. This approach would not entertain the right of citizens to live and play in their municipality of choice. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The request for an ARR (cost to hire a facilitator to guide a first phase of a aboriginal consultation plan and to pay for expenses of participating key stakeholders) is anticipated to be approved by Council at their October 16, 2012 CW meeting in order to realize next steps in the three projects approved by Council to celebrate Vaughan's aboriginal/First Nations cultural history. The goal of the aboriginal/First Nations' consultation project will be to ensure that the three options recommended below to celebrate aboriginal cultural history in Vaughan, be communicated effectively to aboriginal groups/ stakeholders and that an open dialogue be created with these stakeholder. The ideal outcome of this process is to develop a project plan or protocol on how to ensure aboriginal culture and history is represented accurately in the proposed three initiatives identified below.</p> <p>The projects to celebrate Vaughan's aboriginal cultural history include: 1. Heritage Tourism Trail; 2. Renaming of Archaeological Sites; 3. First Nations/Aboriginal Cultural Centre in Vaughan. .</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| Completion of first phase of aboriginal consultation | Jan-Dec | get feedback on proposed projects | | | | | |
| Develop protocol/process to gain feedback on milestones of the three projects | Jan-Dec | feedback includes approval on how aboriginal history is interpreted | | | | | |
| Identify key participating stakeholders of First Nation groups who would like to | Jan-Dec | participating stakeholders will be identified for future phases of projects. | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | Aboriginal Facilitation and Coordination Support | | | | | |
|---|--|-------------------------------------|---------------|--|----------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| An aboriginal engagement plan will ensure that Vaughan is meeting current levels of requirements related to any aboriginal project i.e. consulting First Nations in a project that interprets their cultural history. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| Name/description of service level target: | | Target Level | Current Level | Level with ARR | | |
| 1) | identify and invite required first nations | all | unknown | all | | |
| 2) | consult first nations | all | unknown | all | | |
| 3) | develop protocol | all | unknown | all | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The Culture plan as identified in the Departmental business plan recommended that a number of initiatives be enacted to increase the capacity of culture in our community that would be related to this request. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Supervisor will work towards improving customer service and improve review times of development applications -this will increase customer satisfaction | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | Output/Service Quantity | see above | | none | | No |
| | Output/Service Quantity | see above | | none | | No |
| | Output/Service Quantity | see above | | none | | No |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| There are no alternatives to providing this function within the municipal system. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| As City Hall is a new and desired location to feature events, a new Concert in the courtyard would be a great opportunity to showcase City Hall and kick off the annual Concerts in the Park summer program. Therefore, one new concert would be introduced at City Hall and the remaining five would continue to be held at local parks across the City. There would be no interruption to the current format of the Concert in the Park program as residents do enjoy the opportunity to walk to their local park or drive to other locations in the City to experience a great evening concert free of charge. The concert at City Hall would simply launch the program each year and promote the series to the community and visitors to Vaughan. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | | Comments | | | |
| Concert in the Park Launch at City Hall | | June | | | | | |
| Concerts in the Park program | | July to August | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| City organized and supported events support the strategic goal of providing service excellence to citizens with the objective to preserve our heritage and support diversity, arts and culture. Approved funding for possible future events in the Civic courtyard will welcome our community to a central location where they can feel at home and experience Vaughan as the Place to Be. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Sponsorship Revenue | | 55000 | 42330 | 55000 | |
| 2) | Concert Series Attendance | | 5000 | 3000 | 5000 | |
| 3) | # of Concerts | | 6 | 5 | 6 | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The request for additional funding for a concert to be launched at City Hall is required to maintain the performance measures for the event. Ten thousand dollars is being requested to pay for the artist/band, sound production and lighting based on the artist's sound and technical rider. In addition, the funds will pay for marketing and promotion for the concert. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Corp. Image | | Secondary | | Improve User Satisfaction |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The request for additional funding for a new concert at City Hall will maintain and elevate the level of service provided to the residents and community and meet the expectations of the Mayor and Members of Council, City Manager and Senior Management Team, corporate partners and residents. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2013 | Output/Service Quantity | | Units | Offering first class events to the community | | |
| 2013 | Output/Service Quantity | | Units | Meet and increase expectations of the Mayor and Members of Council | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Event growth is inevitable and service levels need to be maintained for all initiatives whether they affect our external or internal stakeholders. Future events at City Hall or in the outdoor courtyard could be put on hold. This approach would not entertain the right of citizens to live and play in their municipality of choice. Furthermore, civic engagement would be put on hold as there are fewer opportunities for families, friends and neighbours to come together as a community. | | | | | | |

Appendix A - Additional Resource Request Submissions

| | | | | | | |
|---|--|--|----------------------|--|---|---|
| Request Title | Additional Funding for Recognition Events | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Staff events such as the Staff BBQ and Staff Holiday Luncheon support the strategic initiative of staff excellence by encouraging and recognizing employees through their participation. Staff play a vital role in this organization and receiving recognition at these events by the elected officials is terrific for morale and team building. Celebrating staff successes is also vital to for staff retention and to ensure staff remain committed and loyal to the corporation. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | Target Level | Current Level | Level with ARR | | |
| 1) | Attendance | 700 | 650 | 700 | | |
| 2) | Entertainment \$ Value | 1000 | 0 | 1000 | | |
| 3) | Special Food/Refreshment Items | 2 | 1 | 2 | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The request for additional funding is necessary to effectively maintain the performance measures for the events named. Approximately \$12 to \$13 per employee for the Staff BBQ and Holiday Luncheon is required to cater these events. Currently, the budget allocated for these events is insufficient to provide the catering expected by the staff or minimal entertainment such as a DJ. Furthermore, budget does not allow for any possible growth in attendance or any potential variety in menu as the costs for new catering opportunities are extremely prohibitive. More employees have also complained about the catering over the years to the organizers (Events staff) making it very uncomfortable for the team. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Staff Moral | | Secondary | | Improve User Satisfaction |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The request for additional funding for the Staff BBQ and the Staff Holiday Luncheon will enable organizers to provide a more creative event experience for the staff as the opportunities for catering will not be as restrictive. This will undoubtedly result in increased staff morale, fewer complaints, improve staff satisfaction and more importantly staff participation at the events. In addition, expectations for the Mayor and Members of Council including City Manager and Senior Team will be more effectively met. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? | |
| 2013 | Output/Service Quantity | | Units | Offering first class events to the staff | | |
| 2013 | Output/Service Quantity | | Units | Increase staff morale | | |
| 2013 | Output/Service Quantity | | Units | Meet and increase expectations of the Mayor and Members of Council | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Event growth and participation from staff is inevitable and service levels need to be maintained for these initiatives. If an option needed to be entertained, staff events such as the Staff BBQ and Staff Holiday Luncheon could be cancelled or reduced in scope. This option would not address the importance of staff recognition and promoting staff excellence as a clear strategic initiative. Also, cancelling or reducing the scope of the event would be counterproductive and possibly create animosity from staff. | | | | | | |

| <p>This request will support the Transportation Engineering Division in championing the implementation of the Transportation Master Plan and its goals, objectives and programs. The Engineer will ensure the timely completion of all studies required to build a dynamic VMC including project management services for major transportation studies, feasibility studies including identification, evaluation and assessment of proposed transportation infrastructure improve. This request will also be responsible for maintaining City's Travel Demand Forecasting Model and a suggested program for monitoring travel through and within the City. This will involve liaising with the Region to ensure the latest projections of population and employment are incorporated, updating the existing and planned road and transit networks and updating other travel behaviours characteristics. This position will ensure that a long term Transportation Vision focused on reducing automobile dependence and moving the City closer to achieving the goal of a more livable, sustainable community is successfully implemented. Funding for this position will come from Engineering Fees.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | | Timelines | Comments | | | |
| Colossus Dr Flyover-Interchange Connection EA | | | 2013-2015 | Subject to the approval of the 2013-2016 Capital Budget, TMP Action Plan | | | |
| Kirby Road EA | | | 2014-2015 | Subject to the approval of the 2013-2016 Capital Budget, TMP Action Plan | | | |
| Support VMC, future Secondary Plans and Intensification Corridors | | | 2013-2016 | Growth Management Strategy | | | |
| Initiate Travel Monitoring as identified in the TMP | | | 2013-2016 | TMP Action Plan-Active Transportation, TDM, Parking and Transit | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |

Appendix A - Additional Resource Request Submissions

| Request Title | Transportation Engineer | | | | | |
|---|---|---|----------------------|--|----------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Manage Growth & Economic Well-being | Develop the plan required to build a dynamic Vaughan Metropolitan Centre | 1 | Q4/15 | High | General Correlation |
| Organizational Goals | Plan and Manage Growth & Economic Well-being | Conduct a 5-year comprehensive review of the Official Plan as part of the Growth Management Strategy 2031 Including: support and coordinate land use planning for high capacity transit at strategic locations in the City and prepare a land use plan for the Vaughan enterprise zone and employment lands | 5 | Q3/13 Revised Q4/14* | High | Mandatory |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| One of the strategic initiatives in the Vaughan Vision 2020 is to Plan and Manage Growth and Economic Vitality. This request will provide input on means of achieving sustainable growth and development/intensification. Make Vaughan's neighborhoods pedestrian and bicycle friendly, integrate land use and transportation planning, minimize growth in travel demand by encouraging initiatives and programs that reduce demands on the transportation system and develop programs and activities that enhance residents' awareness and understanding of the benefits of sustainable transportation. Will assist in the successful implementation of the Growth Management Strategy 2031 and the City's Transportation Master Plan and a long term Transportation Vision focused on reducing automobile dependence and moving the City closer to achieving the goal of a more livable, sustainable community. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | Target Level | Current Level | Level with ARR | | |
| 1) | Implement Strategic Road Improvements | | | | | |
| 2) | Support/Advocate Transit Supportive Initiatives (TMP) | | | | | |
| 3) | Implementation of Active Transportation projects | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This complement will assist in the implementation of the City's Transportation Master Plan and its goals, objectives and programs. The Transportation Engineer will aid in delivering Strategic Road improvements, Transit Supportive Initiatives, Travel Demand Management and Monitoring and Review elements of the TMP Action Plan in a more efficient manner. The Engineer will aid in improving the Department's overall delivery of Capital Budget projects in a more efficient manner, support transit and active transportation initiatives. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The implementation of the Transportation Vision is focused on transformation of the VMC to a more sustainable and attractive downtown area that is transit-oriented, walkable, accessible, diverse, green and beautiful. To ensure that strategic road improvements and active transportation network have been implemented in the VMC and other communities to encourage more sustainable lifestyles and achieve sustainable growth and development/intensification while avoiding unnecessary capacity improvements. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | | | | additional resources will enable the dept to meet acceptable service standards | | |
| | | | | additional resources will enable the dept to meet project deadlines | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Project management services for environmental assessment (EA) studies and other major transportation studies as well as review, input and direction to a number of transportation studies currently underway by the Province, Region of York and other agencies is a specialized engineering service that is dealt with in-house. Maintenance of City's travel demand model is a specialized transportation planning service that is dealt with in-house and additional resources specializing in this field are required to maintain and update model regularly in order to be effective. Maintaining the model involves liaising with the Region to ensure the latest projections of population and employment are incorporated, updating the existing and planned road and transit networks, and updating other travel behavior characteristics. These activities are very closely related to the key components of the travel monitoring program and with the review of major development applications that require modeling exercise to determine the needs and impacts on future transportation facilities. | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| This position is responsible for the engineering review of industrial, commercial and residential site development applications, OPA and zoning amendments and Committee of Adjustment applications. With the transition to a more urban city resulting from intensification along the rapid transit corridors in the city and the planned industrial growth, the volume of site plan applications is increasing. In addition, the review of higher density forms of development is proving to be more technically complex, which is increasing the work effort on each application. Also, additional steps have been introduced into the development process, such as PAC meetings and the need for more coordination with external agencies, which results in the need for added work effort. The combination of these factors necessitates additional resources to meet the expected level of service for the department and development industry. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |

2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives

A) Identify the specific initiative on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided.

Appendix A - Additional Resource Request Submissions

| Request Title | | Engineering Assistant | | | | Request/Initiative Relationship (choose 1) |
|----------------------|-------------------------------------|--|-------|-------|----------|---|
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | |
| Organizational Goals | Manage Growth & Economic Well-being | Develop the plan required to build a dynamic Vaughan Metropolitan Centre | 1 | Q4/15 | High | General Correlation |
| | | | | | | |
| | | | | | | |

B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020:

This ARR is assist in the review of site development applications along the rapid transit corridors including the VMC and employment areas which is a preferred Vaughan Vision 2020 initiative.

3) Related Performance Indicators & Business Plan Link

Please provide information on top 3 performance measures:

| | Name/description of service level target: | Target Level | Current Level | Level with ARR |
|----|---|--------------|---------------|----------------|
| 1) | # of site plans per FTE | 25 | 30 | 27 |
| 2) | | | | |
| 3) | | | | |

Describe how this request relates to Departmental Business Plan:

The business plan identifies a need for an expeditious and collaborative engineering review and approval process for development applications within defined service standards. The complexity of development applications has increased with the introduction of more intensified forms of development, which requires improved communication and collaboration with the development industry and city departments. Staff is evolving its work processes to be more collaborative and facilitative with the development industry.

4) Value Proposition

Please detail both qualitative and quantitative benefits of the request

Qualitative: Please select up to 2 actions which best describe this request

Primary Secondary

Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)?

Provides sufficient resources to meet service industry and corporate level expectations

Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements.

| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? |
|------|------|---------------|-------|--|--------------------------------|
| | | | | | |
| | | | | | |
| | | | | | |

5) Alternatives

Are there alternatives or options? Please explain what they are and why they are not the primary approach.

Retaining external peer review consultants to process development applications. This approach will have a financial implication (cost of peer review) and will introduce additional steps and parties into the development process which has proven to increase processing times based on recent experience. In addition, there will be a loss of in-house expertise and knowledge.

6) Implications/Consequences (if request not approved)

A) Please check off how the request relates to the following:

Legislative/Regulatory Requirement due to Law, Regulation, or Act. (NOTE: A By-Law is not a legal requirement)

| Associated Capital Costs | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - |
| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| <p>The Engineering component of the City's current Development Charge By-law includes estimated City-wide growth related infrastructure costs of approximately \$367 million with an additional \$12 million for infrastructure associated with area specific by-laws. Of these capital funds, approximately \$90 million is currently approved and programed for re-payment to individual landowners/developers. The majority of this infrastructure is funded and implemented by private developers. A dedicated individual is required to coordinate all engineering/technical aspects associated with this process and with the formulation and administration of cost-sharing and repayment amongst various developments.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| Legal Department | Legal department staff workload benefit - less time reviewing development / subdivision agreements. | | | | | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No | |
| Finance Department | Finance department staff workload benefit - less time reviewing repayment authorizations and managing development charge related capital budget accounts. | | | | | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| Other comments: | | | | | | | |
| Significant efficiencies would also be realized within the Development / Transportation Engineering Department as a result of dedicated and consistent resources to facilitate Development Charge and cost sharing / contribution related issues associated with the preparation of agreements and construction administration. | | | | | | | |

2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives

A) Identify the specific initiative on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided.

Appendix A - Additional Resource Request Submissions

| Request Title | | Development Coordinator | | | | Request/Initiative Relationship (choose 1) |
|----------------------|--|---|-------|----------------------|----------|---|
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | |
| Organizational Goals | Manage Growth & Economic Well-being | Develop the plan required to build a dynamic Vaughan Metropolitan Centre | 1 | Q4/15 | High | General Correlation |
| Organizational Goals | Plan and Manage Growth & Economic Well-being | Conduct a 5-year comprehensive review of the Official Plan as part of the Growth Management Strategy 2031 including: support and coordinate land use planning for high capacity transit at strategic locations in the City and prepare a land use plan for the Vaughan enterprise zone and employment lands | 5 | Q3/13 Revised Q4/14* | High | General Correlation |
| | | | | | | |

B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020:

Timely implementation of Development Charge funded infrastructure is key to facilitate development in the Vaughan Metropolitan Centre, Vaughan Enterprise Zone and throughout all other Secondary Plan areas. The Development Coordinator will ensure that growth related infrastructure is constructed in a timely manner and that repayment and cost sharing is effectively managed.

3) Related Performance Indicators & Business Plan Link

Please provide information on top 3 performance measures:

| | Name/description of service level target: | Target Level | Current Level | Level with ARR |
|----|---|---------------|---------------|----------------|
| 1) | Number of Engineering Studies / FTE | 6 Studies/FTE | 9 Studies/FTE | 7 Studies/FTE |
| 2) | | | | |
| 3) | | | | |

Describe how this request relates to Departmental Business Plan:

Two key stakeholders for department include Developers/Builders/Consultants and the Reserves and Investment Department. Timely implementation of growth related infrastructure to support development of VMC, Employment Areas and Steeles West area.

4) Value Proposition

Please detail both qualitative and quantitative benefits of the request

Qualitative: Please select up to 2 actions which best describe this request

Primary

Secondary

Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)?

Users being Development Community, Finance Dept., Legal Dept., and DTE Dept. These groups will all benefit due to financial and process efficiencies gained as a result of a dedicated individual.

Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements.

| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? |
|------|------|---------------|-------|---|--------------------------------|
| 2014 | | 0.1 | | Financial efficiencies in delivering growth related capital infrastructure funded from DCs. | No |
| 2014 | | 0.3 | | Offset workload for Planning & Studies Division. | No |
| 2014 | | 0.3 | | Increases Capacity of Development Review Division, Legal & Finance Depts. | No |

5) Alternatives

Are there alternatives or options? Please explain what they are and why they are not the primary approach.

Retain an external consultant. This approach is not primary approach because this function requires in-house knowledge of city wide development activity, city policies and practices, infrastructure planning, administration of development agreements and be accessible to other City departments and the development industry.

6) Implications/Consequences (if request not approved)

A) Please check off how the request relates to the following:

Legislative/Regulatory Requirement due to Law, Regulation, or Act. (NOTE: A By-Law is not a legal requirement)

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| Other comments: This position would provide additional support to the Development Inspection and Grading section within the Development / Transportation Engineering Department. This additional Municipal Services Inspector would ensure that each Ward within the City of Vaughan is represented by a Municipal Services Inspector with respect to new subdivision as well as infill permits and development and site applications. As the City grows into a dynamic urban centre and the focus of development shifts from green field to high density and infill development, this position will allow the section to better manage and oversee this work as these types of development generally require more attention. There are also new sewer commission standards that the section must ensure are being adhered to in the field. This position will be funded 100% through Engineering Fees. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |

2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives

A) Identify the specific initiative on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided.

Appendix A - Additional Resource Request Submissions

| Request Title | | Municipal Services Inspector | | | | |
|---------------|------|---------------------------------|-------|------|----------|--|
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |

B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020:

Pursue Excellence in Services Delivery
Enhance Productivity, cost effectiveness and Innovation

3) Related Performance Indicators & Business Plan Link

Please provide information on top 3 performance measures:

| | Name/description of service level target: | Target Level | Current Level | Level with ARR |
|----|---|--------------|---------------|----------------|
| 1) | # of complaints resolved | 500 calls | 665 calls | 550 calls |
| 2) | | | | |
| 3) | | | | |

Describe how this request relates to Departmental Business Plan:

This position will demonstrate Vaughan's commitment to ensuring quality assurance standards are met in new development sites and the construction of municipal services. In addition, this additional resources will ensure the service delivery expectation of new residents and business owners are met with respect to complaint resolution. Additional resources will facilitate the development and assumption processes and foster better partnerships with other levels of government and stakeholders that are involved in the development process.

4) Value Proposition

Please detail both qualitative and quantitative benefits of the request

Qualitative: Please select up to 2 actions which best describe this request

Primary

Secondary

Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)?

This additional resource will demonstrate Vaughan's commitment to provide excellent service to its residents and other stakeholders to expeditiously mitigate field issues and provide a timely turn around time for the assumption of development projects.

Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements.

| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? |
|------|-------------------------|-----------------------------|-------|--|--------------------------------|
| 2014 | Time/Capacity | More time can be spent site | | | |
| 2014 | Output/Service Quantity | Expedite the assumption | | | |
| | | | | | |

5) Alternatives

Are there alternatives or options? Please explain what they are and why they are not the primary approach.

Reduced service delivery.

6) Implications/Consequences (if request not approved)

A) Please check off how the request relates to the following:

Legislative/Regulatory Requirement due to Law, Regulation, or Act. (NOTE: A By-Law is not a legal requirement)

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| This position would support the Transportation Engineering section and the Engineering Planning and Studies Section within the Development/ Transportation Engineering Department in the administration and the implementation of the Transportation Master Plan and the active transportation initiatives that the department is being tasked to implement within the City of Vaughan. The Administrative Assistant will help to ensure the timely completion of all studies required to build a dynamic VMC, help to coordinate stakeholder meeting and cycling forums. This position will help the team to ensure that a long term Transportation Vision focused on reducing automobile dependence and moving the City closer to achieving the goal of a more livable, sustainable community is successfully implemented. Funding for this position will come from Engineering Fees. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |

Appendix A - Additional Resource Request Submissions

| | | | | | | |
|--|--------------------------|--|---------------|---|-----------------|---|
| Request Title | Administrative Assistant | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| The Administrative Assistant will provide administrative and clerical support to the Transportation Engineering and Engineering Planning & Studies sections as well as to departmental staff. There will be a resulting increase in the service delivery received by residents, business owners, developers and builders within the City of Vaughan. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| Name/description of service level target: | | Target Level | Current Level | Level with ARR | | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This position is expected to increase efficiency within the Transportation Engineering Section providing support to the Transportation Engineers and Management. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Corp. Image | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| This position through the review of the documents will ensure that timelines within the department are maintained if not improved thereby improving the corporate image of the City of Vaughan. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| This additional position will primarily be responsible for analyzing and advising on financial impacts of growth. This may include, but is not limited to the following critical high impact tasks: responsible for being the primary liaison on all development finance related issues to the Vaughan Metropolitan Centre, reviewing various types of development related agreements for capital and future operating impacts, informing the financial negotiations with the development industry related to said agreements, preparing Special Area Development Charge (DC) Background Studies and By-laws, advising Departments and other Finance Sections on DC related funding issues and capital optimization, assisting in the preparation of the City Wide DC Background Study and By-law and reviewing Master Plans and other capital expenditure driving documents to determine the relationship and impact on growth financing. The secondary function is to provide support to the City's Investment activities by assisting in the preparation of cash flow forecasts and investment strategy, research on economic environment and investment opportunities, advising on short/long term investment potential and the interrelationship between investment term/maturity and cash flow required to support the City's growth/capital financing. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| Other comments: | | | | | | | |
| As the development process and capital planning process spans almost all Departments, most serve to benefit from such a position. Many of these Departments rely on the advice of the Director of Development Finance & Investments on DC related issues. These issues have a large impact on the Planning and Engineering's Commission ability to move development along and all Departments (Comm. Serv., Engineering, Fire, VPL specifically) ability to provide growth infrastructure. The Director does not currently have any analyst staff to assist in providing this type of advice. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Additional Staff Resource: Development Finance & Investment Analyst | | | | |
|---|---|--|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Manage Growth & Economic Well-being | Develop the plan required to build a dynamic Vaughan Metropolitan Centre | 1 | Q4/15 | High | General Correlation |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| <p>Demonstrate Excellence in Service Delivery: This position will help to advise other Departments on the financial risks of infrastructure/development related agreements, while working with the Development Industry (corporate citizens) to ensure professional working relations are maintained.</p> <p>Ensure Financial Sustainability: This position will support optimization of investment returns on reserve funds and ensuring appropriate cash flow forecasts and investment strategy is implemented.</p> <p>Manage Growth and Economic Well Being: This position will help to provide advice to Departments on growth related infrastructure funding issues as well as Economic Development related growth incentive programs.</p> | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| <p>The request for this position speaks directly the Department's Core Activities as defined in the Business Plan (Negotiation, financial compliance review and ongoing financial monitoring of agreements, provision of advice to Departments, Senior Management Team and Council on growth related financial issues). The request works to mitigate the key weaknesses, risks and challenges identified in the plan (Analytic availability in order to mitigate corporate risk with regard to development/infrastructure agreements, increasing demand for economic development incentives related to Development Charges as urbanized growth comes to fruition, solid cash flow forecast to optimize investment strategy)</p> | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Realize Future Benefits | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| <p>When DC Background Studies are created/approved or when development agreements involving DCs are executed, for every dollar saved by the development industry equates to a dollar added to the tax base. Having an analyst dedicated to minimizing this risk and developing knowledge base below the Director level is vital to the City ensuring that growth pays for growth to the extent possible while balancing this with the need to ensure development continues in the community. Quants are difficult to determine, but could be in the millions on one background study, incentive program or agreement.</p> | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| <p>Alternatives to the approach include the following:</p> <p>1) Director takes on analytical workload - As the City grows and the complexity of development files increases with the VMC, it will be increasingly difficult for the Director to perform both the analytic and strategic work involved in moving the financial aspects of the VMC development forward.</p> <p>2) Hire professional consultants to perform some of the work - As the City Vaughan grows in to an Urban Growth Centre it is increasingly advantageous to develop and maintain this analytic capability and knowledge in-house rather than relying external advice.</p> | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>This ARR was submitted and given status in the 2011 budget cycle. The addition of a Business Development Officer - Advanced Goods Production & Movement is a critical element to accomplish the actions, objectives and fulfill the goals of the 10-year Economic Development Strategy that will position Vaughan as the "Gateway" to the Greater Toronto Area for economic Activity. Business development becomes a primary function of the Department rather than reactive business assistance. From this perspective, the challenge then lies in the ability for one staff complement to continue providing day-to-day economic development assistance, while building two convergent sectors: Advanced Goods Production & Movement and Innovative Research, Design & Development. Therefore it is recommended that a new business development officer position be added to the Department.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | | Timelines | Comments | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | 1 FTE - Business Development Officer - Advanced Goods Prod. | | | | |
|--|--|---|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| A majority of the convergent sector Advanced Goods Production & Movement will be in the Vaughan Enterprise Zone (VEZ). The VEZ will have a significant impact on the City with planned employment of more than 50,000 jobs. In addition, the marketing plan and promotion of the VEZ is still an outstanding item on the Council Priorities List and is noted as Strategic Initiative #23: Review the VEZ vision and develop a marketing plan. A key initiative of this position is to look at the practices in a number of jurisdictions across Canada and the US to give the City a greater perspective on the positioning of the VEZ as a "Gateway" for goods movement and the potential structures the City may wish to further explore to encourage this type of development. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Understanding transp. Infrastructure/constraints | | 1 | 0 | 0.8 | |
| 2) | Develop list of targeted programs (e.g. FTZ) | | 1 | 0 | 0.85 | |
| 3) | Develop a investment target list for Adv. Goods | | 1 | 0 | 1 | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| This position will work with external stakeholders to market and promote the VEZ as a gateway for business sectors that require unparalleled access to highway, rail and air transportation infrastructure and coordinate work with Asia-Pacific Corridor. It will also be the liaison between businesses, VentureLink, and other post-secondary institutions that provide research, innovation and industry competitiveness assistance to allow traditional industries to take an advanced manufacturing approach to their production and/or management functions. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The alternative to this request is to realign staff workloads to accommodate the convergent sectors amongst various positions. This is not the preferred solution as there will be no subject matter expert in the convergent sector. In the past, Economic Development has not worked in a broad-based business development context as it could only provide reactive business assistance. Splitting these efforts can be done but may lead to dropped responsibilities and a myriad of productivity and focus problems. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The addition of an Economic Development Coordinator is a critical element to accomplish the actions, objectives and goals of the 10-year Economic Development Strategy. Currently the Department has no full-time administrative personnel. The addition of a Coordinator position will provide administrative and economic development support to the Director handling Council and business enquiries, visits and meeting coordination as well as supporting the development of marketing and communications programs for the Vaughan Metropolitan Centre, Mackenzie Health Campus and other key employment areas. The scope of responsibilities assigned to the Coordinator calls for project management skills in order to support the Economic Development team as they undertake wide-ranging projects and programs that includes attracting convergent sectors, business retention, and international business development.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Economic Development Coordinator | | | | |
|---|---|--|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Manage Growth & Economic Well-being | Develop the plan required to build a dynamic Vaughan Metropolitan Centre | 1 | Q4/15 | High | General Correlation |
| Service Goals | Promote Community Safety, Health & Wellness | Provide continued support for a hospital in Vaughan | 10 | Q2/15 | High | General Correlation |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| <p>The Provincial Growth Plan established a target of 266,100 jobs in Vaughan by 2031. Accordingly Vaughan Vision 2020, and the City's various master plans, including the Economic Development Strategy are aligned to provide the framework to grow local jobs from its current level of 175,000 to 266,100. In order to achieve this target, there are initiatives to engage local businesses as well as attract new businesses from a number of convergent sectors as well as from international markets.</p> | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| <p>The City's 10-year Economic Development Strategy's encompasses a broad range of goals and objectives, including developing the City as a gateway for economic activity, establishing itself as an incubator of talent and innovation, and supporting the City's placemaking efforts in the development of key areas: VMC, VEZ and Mackenzie Hospital precincts. The projects and programs attached to these goals require support staffing help with its project management and operations. This EDO Coordinator position would lend support to the Director and other Economic Development staff as a dedicated day-to-day resource in handling enquiries, fulfilling information requests, as well as market and business research.</p> | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| <p>Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)?</p> | | | | | | |
| Generating additional business investment in the community also provides economic sustainability for the City as per Green Directions Vaughan. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| <p>The alternative to this request is to realign staff workloads. The Department is without full-time administrative and economic development support therefore the Director has had to tap into shared resources with the Executive Director, Research and Project/Marketing Coordinator. At times, focus has had to be shifted from staff's ongoing projects in order to accommodate these needs. Demand for more marketing and communications support has been growing as the City ramps up on the development of the Vaughan Metropolitan Centre, Mackenzie Health Precinct and other employment lands. Assignment of these additional responsibilities to existing staff may lead to dropped responsibilities, missed opportunities and a myriad of productivity and focus issues.</p> | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| This request is for additional resources in support of an intensive business development and attraction program as part of the City's 10-Year Economic Development Strategy. This funding will serve a multitude of programs and allow for an enhanced level of service in international business development; VMC marketing and business attraction; hospital precinct development; as well as general marketing, social media and communications. A sample of the projects the resources may support include: Economic Development Office (EDO) Concierge Service (enhanced customer services program to provide site selection support, sales training, investment readiness assistance); in-market business offices in Italy, China and Israel; Mackenzie Health Precinct marketing and promotion; creative sector programs, etc. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | BUSINESS DEVELOPMENT AND ATTRACTION PROGRAMS | | | | |
|---|---|--|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Manage Growth & Economic Well-being | Develop the plan required to build a dynamic Vaughan Metropolitan Centre | 1 | Q4/15 | High | General Correlation |
| Service Goals | Promote Community Safety, Health & Wellness | Provide continued support for a hospital in Vaughan | 10 | Q2/15 | High | General Correlation |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request is relevant to Vaughan Vision 2020 Goal: Manage Growth & Economic Well-Being as well as various master plans. The attraction of business investment as well as provision of opportunities in emerging and key markets, allows the City to continue being a vibrant economic centre. The City's downtown, the Vaughan Metropolitan Centre is of interest to investors, both from a residential perspective, as well as office and retail development opportunities. With the development of a new hospital, the City has the opportunity to attract healthcare and life sciences businesses and institutions. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This request is for resources to achieve the goals and objectives of the City's 10-year Economic Development Strategy. Business development, including attraction of new investment, employment opportunities as well as local business competitiveness is at the core of the Strategy. The resources currently available cover primarily marketing and communications projects. This request will allow the Department to work directly with businesses and investors, both domestic and international, providing them with greater accessibility to services, enhanced customer service and business match-making. This request would put reps in-market to work on investment on behalf of Vaughan. The Concierge Program places Vaughan ahead of its competitors in customer service. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The alternative to this request is to maintain the status quo. This would be a reactive and passive approach to business development, waiting for enquiries to occur rather than actively going out to seek the leads and prospects. In the area of international business development, Vaughan's budget is rather limited, approximately one-half of what Brampton funds their program. Such cities as Markham, Mississauga, Brampton and Halton Region have ramped up their international business development programs, hiring additional staff and undertaking more missions. Without this resource request, Vaughan may begin to lag behind its competitors at a time when municipal economic development and job creation is garnering greater attention from all levels of government. | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Emergency Planner | | | | |
|--|--|---------------------------------|---------------------|---|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This requests supports Vaughan Vision 2020 strategic initiatives of service excellence promote community safety, health and wellness; service excellence - pursue excellence in service delivery and staff excellence - support the professional development of staff. The key responsibilities of the request are to enhance public safety through awareness and education, staff training and assist in maintaining the City's emergency readiness capabilities. The position will enhance excellence in service delivery through increased efficiency of the program and value added programs for the public. The position supports professional development of staff through training and exercises. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Emergency readiness of City | | Maintain | 60% | 100% | |
| 2) | Emergency preparedness education | | 15% increase | 92% | meet targets | |
| 3) | Staff training and exercises | | 250/200 | On target | meet targets | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This request is directly linked to the business plan objectives of maintaining the City in a state of emergency readiness, deliver public education based on hazard identification and high risk management and ensure effective continuity of core business functions. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The request will allow the program to maintain a mandatory emergency management program in accordance with the Act, and provide consistency in public education and training to meet end user demand. Research on emergency preparedness education conducted by Public Safety Canada shows that a consistent approach has increased the number of Canadians prepared for emergencies from 3 of 10 to 4 of 10. Research conducted in the U.S. shows that people prepared for emergencies recover more quickly and require less assistance. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | Output/Service Quantity | increased | wksp | public education output will increase to meet demand | | |
| 2014 | Time/Capacity | increased | people | staff training and exercise output will increase and maintained at a consistent level | | |
| 2014 | Output/Service Quantity | efficiency | Hrs. | resources will be allocated efficiently to meet program demands | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Third party public education delivery was attempted in the past and was not successful as program resources are required to promote and schedule workshops. Third party trainers have been utilized for staff training in emergency management, but required substantial effort and cost to the program in outlining training needs and recruiting a trainer. Third party delivery systems have proved to be costly in dollars and in staff resources to manage. Unpaid student placements have been utilized in the past, but require a significant investment of time and training to build their knowledge to meet the demands of the program. Their level of commitment to the program has been below expectation and affects consistency of program delivery. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| <p>This request is for funds to be allocated to cover the monthly charges to convert the VoIP telephone system in the primary emergency operations centre to landlines and installation of a mobile hot spot with G4 capacity to enhance telephone infrastructure resiliency and operating capacity of the emergency management team during times of emergency. This request is also for funds to install and cover monthly costs of telephone lines in the alternate emergency operations centre (Pierre Berton Library) to ensure the Emergency Management Team has the appropriate technology to manage an emergency should the primary emergency operations centre (JOC) be in the impact zone. Resilient telephone systems and an alternate EOC ensures that the City has the capacity to communicate with staff, stakeholders and the public during emergency situations.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | | Timelines | Comments | | | |
| Primary EOC - convert all phone lines to landlines and install mobile hotspot | | | Q2 - 2016 | | | | |
| Alternate EOC - install telephone lines designated to EOC | | | Q3 - 2016 | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| Emergency Management Team | EMT members provided input and identified the need for resilient phone systems and an alternate emergency operations centre through the EOC Functional Review. Most Departments have representatives in the EOC. | | | | | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Primary and Alternate EOC Telephone Systems | | | | |
|--|--|---|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request is directly related to Vaughan Vision 2020; promote community safety, health and wellness and demonstrate service excellence. The equipping of the primary and alternate emergency operations centres with robust and resilient technology to facilitate communication during times of emergency is integral to protecting public safety. Robust and resilient communications technologies ensure that the Emergency Management Team has the capacity to efficient and effectively manage emergency situations. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Enhance resiliency and operating capacity of current EOC | | resilient systems | vulnerable systems | Resiliency | |
| 2) | Designate and equip an alternate EOC | | alternate | No alternate | Resiliency | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The request directly relates to objective 1 maintain a state of emergency readiness and objective 3 ensure effective continuity of core business functions. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Ensures that the City has the ability to continue to operate during an emergency situation and communicate to staff, stakeholders and the public. Reliable and frequent communication is an integral part of managing emergencies effectively and efficiently that enhance the corporate image in the community. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | N/A | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| An alternate option considered was utilizing York Region's or a neighbouring municipality's emergency operations centre in the event of a technology or telecommunications failure or our emergency operations centre is inaccessible. This option is not feasible as York Region and/or the other municipalities may activate their facilities for their own emergency response needs at the same time, most of these EOC's are not large enough to accommodate our Emergency Management Team, we would not be able to access data stored on the City's network and the distance our team will need to travel will slow the emergency response. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| This request is for additional funds to further develop the PrepE Emergency Preparedness initiative by developing a children's book to teach the importance of preparedness, expand the air time of preparedness videos to reach a larger audience, develop a workshop to be delivered in through the school systems and register the PrepE name to protect brand identity to maintain the integrity of the initiative. The PrepE initiative is a component of a mandatory public awareness and education requirement under the Emergency Management and Civil Protection Act and its Regulations. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| Develop, publish and distribute children's book | Q2/16 | Target timelines could be adjusted dependent on budget approval timelines | | | | | |
| Trademark PrepE name | Q4/2016 | Canadian Intellectual Property advises the trademark process takes approximately 2 yrs | | | | | |
| Implement school based preparedness program | Q3/16 | delivery of in classroom emergency preparedness education | | | | | |
| develop and air 3 new PrepE Videos | Q2/13 | Air videos with preparedness messages in spring and fall annually | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | | Were they Consulted? |
| Corporate Communications | General media support | | | | | | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No |
| Fire Services | Provide equipment and support for video shoots of approximately 4 to 6 hours | | | | | | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No |
| Reserves and Investments | Provide support and assistance in researching and applying for grants | | | | | | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No |
| Other comments: | | | | | | | |
| Representatives from all Commissions, City Manager, Library and Fire Department have oversight of the initiative through the Emergency Management Program Committee (legislated). Mayor and Members of Council will have involvement at launch events for new PrepE initiatives. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Public Awareness-PrepE Initiative Budget Increase | | | | |
|---|--|---|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request is directly related to Vaughan Vision 2020 promote community safety, health and wellness by providing information and education to citizens on public safety and emergency preparedness. The PrepE initiative supports pursuing excellence in service delivery by creating an uniquely made in Vaughan brand identity education program designed to engage citizens as families and makes use of social networking sites. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Distribution of material | | 75000 | 0.3 | meet target | |
| 2) | Number of events and workshops | | 50 | 0.18 | meet target | |
| 3) | Number of participants | | 1250 | 0.18 | meet target | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This request directly relates to Objective #2 - Promote emergency preparedness to citizens and business. The PrepE initiative is the tool used to promote preparedness and build disaster resiliency in the community. Public education measurements are components of verifying the city is maintain an emergency management program in accordance with the Act. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Realize Future Benefits | | Secondary | | Leverage Innovation/Creativity |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The PrepE initiative provides tools and knowledge to the public and business to manage in an emergency and recover quickly. Research conducted by Public Safety Canada and in the U.S. shows that by improving the level of preparedness of citizens and business, they recover more quickly and require less financial and government assistance. Leveraging social media to promote the message is an efficient means to reach large volumes of users | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2016 | Output/Service Quantity | increase | people | reach families rather than individuals and mass marketing through social media | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The York Region Community Safety Village provides preparedness education at their site for schools, but does not have the capacity to handle all grades from all York Region Schools. Some schools do not have the resources to send students to the Safety Village. The Safety Village program is geared to specific grades. The PrepE initiative has been developed to meet the needs of all grade levels. | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>There has been a significant increase in the number of studies undertaken by Traffic Engineering Services. The number of studies completed has increased by over 50% from 2005 to 2010. With continued development, and population increases this trend will continue in the go forward. Moreover, as a result of intensification, traffic studies will become more complex and require greater analysis, such as infiltration studies. To manage the projected increase in demand for traffic studies and in an effort to be proactive with data collection, an additional resource request for outsourcing of routine studies will create additional capacity. In addition, this information will assist with overall traffic management within the City.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | 2013 Professional Services to outsource some traffic data collection | | | | |
|---|---|--|--------------|---|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Outsourcing the routine traffic data collection is a cost effective way to build capacity. As traffic studies are typically undertaken in the spring and fall seasons, outsourcing is a more cost effective way to build capacity. This additional capacity will enable staff to dedicate more time reviewing and analyzing traffic data, recommend mitigating measures, and follow through to implementation. More importantly, staff will have more time to focus on improving customer service. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Council/ Resident Requests | | 1 | 0.8 | 1 | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This ARR will assist the Department in completing the projected number of traffic studies in 2013-2016. Further, the data collected will be used by the other Department's within the Commission. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Typically, traffic studies are completed within the calendar year. However, any requests received during the winter and summer months are carried forward to the fall and spring, respectively, to maintain the accuracy of completed studies. In being proactive with data collection, traffic concerns raised by the residents of Vaughan will be investigated and responded to in a more timely fashion. This improvement will be realized in an improvement in the staff response times to citizen inquiries. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2013 | | 0.25 | | Cost effective way to build capacity during peak traffic data collection periods, and staff resources can be better utilized. | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| 1. Additional Staff - In order to meet the significant increase in the number of studies undertaken by Traffic Services, additional staff resources would be required during peak data collection periods (spring and fall). | | | | | | |
| 2. A reduction in the response times to citizen inquiries. | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Roads Asset Management Coordinator | | | | |
|---|---|--|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Manage Corporate Assets | Develop and implement a Corporate-wide Asset Management System | 3 | Q2/16 | High | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| <p>MANAGEMENT EXCELLENCE: "Enhance Productivity, Cost Effectiveness and Innovation" – The Roads Asset Coordinator will provide overview for all asset management and planned maintenance for these asset classes. Efficiencies will be gained as all asset management activities (capital planning and maintenance) will be coordinated and led by the Roads Asset Management Coordinator. This coordinated approach differs from the "siloe" approach that exists today. "Maintain Assets & Infrastructure" - This position will be responsible for managing the Road Assets and Infrastructure for the E & PW Commission by establishing Key Performance Indicators, asset condition assessment and planning of capital and maintenance of road infrastructure. SERVICE EXCELLENCE: "Pursue Excellence in Service Delivery" – Coordination of capital and maintenance activities will ensure that all assets are operating as intended to ensure the efficient delivery of services to the citizens of Vaughan.</p> | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This request is directly related to the identified Departmental Program "Linear Infrastructure Renewal Management" | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| <p>"IMPROVE SUSTAINABILITY" - By ensuring commission assets are effectively managed as a whole; taking advantage of combined opportunities in maintaining the City's linear Infrastructure. "IMPROVE CORP. IMAGE" - By ensuring commission's assets are inventoried and proactively maintained within the lifespan of the asset, the commission will project a positive image to the City's residents, business owners and visitors alike.</p> | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2013 | | savings | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| no | | | | | | |

| Please check one: <input type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| Engineering Services is required, in accordance with Provincial legislation, to maintain the pavement markings on the City's roadways. This ARR is an addition to the requirements of the existing Pavement Marking Program, to ensure the safety of all road users. The Ontario Traffic Manual Book 11 (Pavement Markings) states that pavement markings should be installed 'along their entire length if 6m wide or more and carrying a two-way, peak-hour volume of 200 vehicles or more.' In addition, where the travel lane width is less than 3.6m, an edge line is required 0.3m from the lane edge, gravel or paved shoulder. This would be applicable in areas with narrow lane widths. In some areas, a double centreline, dividing lines for possible vehicle passing zones, etc could be required. As such, centrelines and edgelines are required along: King-Vaughan Road, Kirby Road (Weston to Dufferin, west of Hwy. 27 to westerly limit, and Huntington to Albion-Vaughan), Cold Creek Road, Huntington Road, Pine Valley Drive (Teston to north City limit), Kipling Avenue (Teston to north City limit). It is noted that painting centrelines and edgelines along rural roads is a change in practice. The cost associated for the rural road pavement markings has been offset with the existing operating budget for pavement markings. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | 2013 Pavement Markings - Rural Roads | | | | |
|--|---|--------------------------------------|--------------|---|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| The application of pavement markings on the City's rural roads will promote community safety, health and wellness. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Meeting Provincial requirements annually. | | 1 | 0 | 1 | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This ARR will assist the Department in achieving its goal of developing, implementing, and maintaining programs to improve community safety. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The proposed pavement markings will improve the rural road network and increase safety for all users. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2013 | | +49% | | This request complies with Provincial requirements. | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| There are no alternative options. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| The purpose of this request is to seek consultant support to initiate research to further develop our understanding of climate change impacts and the service areas which will be most affected. The work will involve scoping the climate change impacts on a regional basis, conducting both a vulnerability and risk assessment. The collection of this data will improve the decision making process related to climate change adaptation. This funding will be leveraged against other regional municipal partners with the York Region Adaptation Group. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |
| Climate change adaptation planning initiation | | Q1-3, 2012 | Internal resources | | | | |
| Climate change adaptation research | | 2013-2014 | Pool resources with other York Region municipalities and other external partners | | | | |
| Climate change adaptation planning & implementation | | 2014-16 | Internal resources | | | | |
| Climate change adaptation monitoring/review | | 2015- 2018 | Internal resources | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | | | | | | | | | | | | | | | | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>This request is consistent with the Vaughan Vision 2020 goal of Leading and Promoting Environmental Sustainability and Ensure a High Performing Organization. This leadership initiative is also consistent with actions in Green Directions Vaughan: Community Sustainability and Environmental Master Plan. Municipal governments need to better understand the existing and future impacts/trends from climate change as a means of establishing requisite adaptation strategies. Municipalities are responsible for key service areas that will be affected by climate change: infrastructure, parks & recreation, and transportation. Hence the need to mitigate risks to ensure the organization performs at a high level. Municipal governments have the responsibility of ensuring the safety health and welfare of their communities both now and in the future.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 5%;"> </th> <th style="width: 45%;">Name/description of service level target:</th> <th style="width: 15%;">Target Level</th> <th style="width: 15%;">Current Level</th> <th style="width: 20%;">Level with ARR</th> </tr> </thead> <tbody> <tr> <td>1)</td> <td>Number of info/requests provided by FTE</td> <td>62</td> <td>58</td> <td>78</td> </tr> <tr> <td>2)</td> <td>% of requests resulting in subsequent projects L94</td> <td>10</td> <td>n/a</td> <td>11</td> </tr> <tr> <td>3)</td> <td> </td> <td> </td> <td> </td> <td> </td> </tr> </tbody> </table> | | | | | | | | Name/description of service level target: | Target Level | Current Level | Level with ARR | 1) | Number of info/requests provided by FTE | 62 | 58 | 78 | 2) | % of requests resulting in subsequent projects L94 | 10 | n/a | 11 | 3) | | | | |
| | Name/description of service level target: | Target Level | Current Level | Level with ARR | | | | | | | | | | | | | | | | | | | | | | |
| 1) | Number of info/requests provided by FTE | 62 | 58 | 78 | | | | | | | | | | | | | | | | | | | | | | |
| 2) | % of requests resulting in subsequent projects L94 | 10 | n/a | 11 | | | | | | | | | | | | | | | | | | | | | | |
| 3) | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>This request supports the 2014 Departmental Business Plan objective to initiate collection of baseline data that will address vulnerability to climate change and actions to mitigate climate change impacts.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | |
| 4) Value Proposition | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Primary Improve Sustainability Secondary Realize Future Benefits | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Municipal governments have an important contribution to climate change adaptation which is increasingly important component of environmental sustainability in communities. Municipalities are responsible for services areas such as infrastructure, parks and recreation and transportation which will be affected by climate change. Municipalities are on the front line for preparing for climate change impacts and have an obligation to residents to respond with climate change adaptation planning. Addressing climate change adaptation will help the City become more resilient particularly in the service areas impacted by climate change resulting in future | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? | | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | | | | | | |
| 5) Alternatives | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>Internal staff resources could be used to collect the research required to conduct the vulnerability and risk assessment work. However, progress would be slowed considerably as staff come up to speed on the technical aspects of the work. In addition, utilizing existing staff resources could take away from current service delivery to both internal and external stakeholders. Progress on implementing other components of the Community Sustainability and Environmental Master Plan could be slowed as a result.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The Master Fire Plan recommends a pumper (engine) apparatus in service at Station 7-5. The ability of VFRS to maintain adequate response targets is taxed by intensification, population density, and traffic patterns, and an additional fully staffed crew is required to ensure response capabilities are improved. The VFRS request 16 Firefighters & 4 Captains to staff an engine in the Weston Road/Hwy-7 response district. Ten of the Firefighters will start in October 2013 and 6 Firefighters and 4 Captains will start in October 2014. Demand for emergency service has outgrown VFRS ability to respond effectively in the VMC and Central-Western area of the city and a significant risk develops when secondary apparatus is required to provide coverage. By response analysis, it is evident that VFRS cannot meet industry benchmarks (PFSG 04-08-10) & (NFPA 1710) on a consistent basis as required. The Master Fire Plan recommended staffing an apparatus in 2012 at Stn 7-5 to provide more effective coverage. With the anticipated decommissioning of Stn. # 74 Volunteers in 2013, the strategic positioning and availability of this Engine is significantly important to VFRS 'operational readiness'. Given VFRS response criteria, Sr. Command determined that a pumper to be most appropriate for this area.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | | Comments | | | |
| Fire Master Plan - Station 7-5 (Central West quadrant and VMC of the City) | | 41275 | | OFM Public Safety Guideline 04-08-10.-NFPA 1710 | | | |
| VFRS Response Standard | | 41275 | | Improvements necessary | | | |
| VFRS Critical Task Analysis City Wide | | 41275 | | Improvements necessary | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | STN 75 - 6 Firefighters & 4 Captains GAPPED (2nd Contingent) | | | | |
|---|--|--|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request for additional staffing and equipment specifically supports the City's goals of Pursue Excellence in Service Delivery and Enhance and Ensure Community Safety, Health and Wellness. As detailed in the City of Vaughan Master Fire Plan the staffing of an engine device in the Weston Road/Fieldstone area was recommended for implementation in 2012. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | VFRS Response Standard | | 7min/90% | 0.63 | 0.85 | |
| 2) | 10 In 10 Benchmark | | 10 F.F / 10 min | 0.63 | 0.8 | |
| 3) | OFM. PSG 04-08-10 (m=minutes) | | 4m/90%:8m/2appa | 0.06 | 0.65 | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The proposal is supported by the City of Vaughan Master Plan & City-wide Risk Assessment as well as response time standards. Performance indicators -meet VFRS Critical Task Analysis benchmark - OFM Public Safety Guideline 04-08-10 - VFRS Response Approved Response Standard meet response travel time in municipality as detailed in NFPA 1710 (standard required for firefighters to respond to 90% of incidents within 4.00 minutes travel time. 8.00 minute travel time is required for second response. This ensures a sufficient number and type of apparatus are on scene within accepted, safe time frames to provide fire suppression capability. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| This request will provide a more consistent primary and secondary response in the VMC and Western response districts. The staffed engine company in Weston Rd/Fieldstone Dr. area of the City will enhance the VFRS ability for rescue and provide large volume master stream capability in a timely fashion. Secondary response, coverage and response time will improve significantly with a goal to meeting industry standards on a more consistent basis, reducing liabilities. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| N/A | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>A District Chief is an Operations Division rank between the rank of Platoon Chief and Captain. Whereas the Platoon Chief is in charge of all of the Fire Stations and personnel when his/her specific platoon is working, the District Chief position is in charge of a District or group of Fire Stations within that Platoon. District Chiefs become a necessary part of the management and supervision of firefighting operations as a fire department grows in size. Each VFRS Platoon now employs 65 fulltime staff and 18 volunteer firefighters working out of 10 fire stations in 2012 and operating 19 first-run apparatus. The span of control for the Platoon Chief has become difficult to manage based on the large number of staff that he/she must manage in various locations. A District Chief on each platoon would allow for an officer, subordinate to the Platoon Chief, to assist in the management and supervision of the platoon. This request is Phase 1 of a 2 Phase project to establish 2 District Chiefs on each of the 4 platoons.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |
| Phase 1 of a 2 Phase project | | 41275 | 2 District Chiefs on each of the 4 Platoons | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | 4 DISTRICT CHIEFS - GAPPED (6 months) | | | | |
|--|---|---------------------------------------|--------------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request directly supports the City's goals of Pursue Excellence in Service Delivery as well as Enhance and Ensure Community Safety, Health & Wellness. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Span of Control | | 1 Senior Officer/5 | 1 Senior Officer/19 | 1 Senior | |
| 2) | VFRS Critical Task Analysis Benchmark | | 1 | 0.4 | 0.91 | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| Request supports goal of leadership and management excellence. VFRS currently has 10 fire stations and 19 first-run fire apparatus & Master Fire Plan recommends another 3 fire stations and an additional 7 staffed fire apparatus. An additional Chief Officer (District Chief) required on each Platoon to ensure the proper management of the City's resources and enhance the health and safety of VFRS firefighters. Proper Command of incidents occurring in the city is vital to the best interests of the citizens, businesses, and firefighters of Vaughan. From a Health & Safety perspective, the firefighters will benefit from better and closer supervision than they currently experience. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The Platoon Chief's span of control is unsustainable and implementation of the District Chief position will improve the sustainability of overall Incident Command throughout the city. Upon approval of this request, the health and safety of VFRS firefighters and the residents will realize an improved and supportable level of emergency response as well as support the VFRS goal of leadership and management excellence. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| N/A | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The VFRS Senior Command Team recommends an apparatus in service at Station 7-6. The ability for VFRS to maintain adequate response targets is taxed by intensification, population density, and traffic patterns, an additional fully staffed crew is required to ensure response capabilities are improved. The VFRS request 16 Firefighters & 4 Captains to staff an apparatus in the Hwy 7 and Creditstone response district. Demand for emergency service has outgrown VFRS ability to respond effectively in the VMC and Central-East area of the city and a significant risk develops when secondary apparatus is required to provide coverage. By response analysis, it is evident that VFRS cannot meet industry benchmarks (PFSG 04-08-10) & (NFPA 1710) on a consistent basis as required. The Master Fire Plan recommends staffing an apparatus in 2014 at Stn 7-8 to provide more effective coverage -however the Senior Command has identified a significant risk associated with the new development of the City core (VMC). With the anticipated decommissioning of Stn. # 74 Volunteers in 2014, the strategic positioning and availability of this aerial is significantly important to VFRS 'operational readiness'. Given VFRS response criteria, Sr. Command determined that an aerial is most appropriate for this area.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| VFRS Recommendations - Station 7-6(Central East quadrant/VMC of the City) | 41275 | OFM Public Safety Guideline 04-08-10.-NFPA 1710 | | | | | |
| VFRS Response Standard | 41275 | Improvements necessary | | | | | |
| VFRS Critical Task Analysis City Wide | 41275 | Improvements necessary | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | STN 76 - 10 FIREFIGHTERS (1st Contingent) | | | | |
|--|---|---|-----------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request for additional staffing and equipment specifically supports the City's goals of Pursue Excellence in Service Delivery and Enhance and Ensure Community Safety, Health and Wellness. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | VFRS Response Standard | | 7min/90% | 0.8 | 0.87 | |
| 2) | 10 In 10 Benchmark | | 10 F.F / 10 min | 0.85 | 0.93 | |
| 3) | OFM. PSG 04-08-10 (m=minutes) | | 4m/90%:8m/2appa | 0.28 | 0.67 | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The proposal is supported by the City-wide Risk Assessment as well as response time standards. Performance indicators -meet VFRS Critical Task Analysis benchmark - OFM Public Safety Guideline 04-08-10 - VFRS Response Approved Response Standard meet response travel time in municipality as detailed in NFPA 1710 (standard required for firefighters to respond to 90% of incidents within 4.00 minutes travel time. 8.00minute travel time is required for second response. This ensures a sufficient number and type of apparatus are on scene within accepted, safe time frames to provide fire suppression capability. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| This request will provide a more consistent primary and secondary response in the VMC and Highway 7 and Creditstone response districts. The staffed aerial in Station # 7-6 area of the City and the Hwy 400 corridor will enhance the VFRS ability for rescue and provide large volume master stream capability in a timely fashion. Secondary response, coverage and response time will improve significantly with a goal to meeting industry standards on a more consistent basis, reducing liabilities. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| N/A | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>A District Chief is an Operations Division rank between the rank of Platoon Chief and Captain. Whereas the Platoon Chief is in charge of all of the Fire Stations and personnel when his/her specific platoon is working, the District Chief position is in charge of a District or group of Fire Stations within that Platoon. District Chiefs are a necessary part of the management and supervision of firefighting operations as a fire department grows in size. Each VFRS Platoon now employs 65 fulltime staff and 18 volunteer firefighters working out of 10 fire stations in 2013 and operating 19 first-run apparatus. The span of control for the Platoon Chief has become difficult to manage based on the large number of staff that he/she must manage in various locations. A District Chief on each platoon would allow for an officer, subordinate to the Platoon Chief, to assist in the management and supervision of the platoon. This is Phase 2 of a 2 Phase project to establish 2 District Chiefs on each of the 4 platoons.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |

| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Span of Control | | 1 Senior Officer/5 | 1 Senior Officer/19 | 1 Senior | |
| 2) | VFRS Critical Task Analysis Benchmark | | 1 | 0.4 | 0.91 | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| Request supports goal of leadership and management excellence. VFRS currently has 10 fire stations and 19 first-run fire apparatus & Master Fire Plan recommends another 3 fire stations and an additional 7 staffed fire apparatus. An additional Chief Officer (District Chief) required on each Platoon to ensure the proper management of the City's resources and enhance the health and safety of VFRS firefighters. Proper Command of incidents occurring in the city is vital to the best interests of the citizens, businesses, and firefighters of Vaughan. From a Health & Safety perspective, the firefighters will benefit from better and closer supervision than they currently experience. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Failure to approve this request will result in the Platoon Chief's span of control continuing to be diluted and his/her management effectiveness further diminished as the City continues to grow. In addition, the Command of emergency incidents would be compromised and may adversely affect the health and safety of VFRS firefighters and the public. This request supports the VFRS goal of leadership and management excellence. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| N/A | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The VFRS Senior Command Team recommends an apparatus in service at Station 7-6. The ability for VFRS to maintain adequate response targets is taxed by intensification, population density, and traffic patterns, an additional fully staffed crew is required to ensure response capabilities are improved. The VFRS request 16 Firefighters & 4 Captains to staff an apparatus in the Hwy 7 and Creditstone response district. Demand for emergency service has outgrown VFRS ability to respond effectively in the VMC and Central-East area of the city and a significant risk develops when secondary apparatus is required to provide coverage. By response analysis, it is evident that VFRS cannot meet industry benchmarks (PFSG 04-08-10) & (NFPA 1710) on a consistent basis as required. The Master Fire Plan recommends staffing an apparatus in 2014 at Stn 7-8 to provide more effective coverage -however the Senior Command has identified a significant risk associated with the new development of the City core (VMC). With the anticipated decommissioning of Stn. # 74 Volunteers in 2014, the strategic positioning and availability of this aerial is significantly important to VFRS 'operational readiness'. Given VFRS response criteria, Sr. Command determined that an aerial is most appropriate for this area.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| VFRS Recommendations - Station 7-6(Central East quadrant/VMC of the City) | 41275 | OFM Public Safety Guideline 04-08-10.-NFPA 1710 | | | | | |
| VFRS Response Standard | 41275 | Improvements necessary | | | | | |
| VFRS Critical Task Analysis City Wide | 41275 | Improvements necessary | | | | | |
| | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | STN 76 - 6 FIREFIGHTERS & 4 CAPTAINS(2nd Contingent) | | | | |
|--|---|--|-----------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request for additional staffing and equipment specifically supports the City's goals of Pursue Excellence in Service Delivery and Enhance and Ensure Community Safety, Health and Wellness. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | VFRS Response Standard | | 7min/90% | 0.8 | 0.87 | |
| 2) | 10 In 10 Benchmark | | 10 F.F / 10 min | 0.85 | 0.93 | |
| 3) | OFM. PSG 04-08-10 (m=minutes) | | 4m/90%:8m/2appa | 0.28 | 0.67 | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The proposal is supported by the City-wide Risk Assessment as well as response time standards. Performance indicators -meet VFRS Critical Task Analysis benchmark - OFM Public Safety Guideline 04-08-10 - VFRS Response Approved Response Standard meet response travel time in municipality as detailed in NFPA 1710 (standard required for firefighters to respond to 90% of incidents within 4.00 minutes travel time. 8.00minute travel time is required for second response. This ensures a sufficient number and type of apparatus are on scene within accepted, safe time frames to provide fire suppression capability. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| This request will provide a more consistent primary and secondary response in the VMC and Highway 7 and Creditstone response districts. The staffed aerial in Station # 7-6 area of the City and the Hwy 400 corridor will enhance the VFRS ability for rescue and provide large volume master stream capability in a timely fashion. Secondary response, coverage and response time will improve significantly with a goal to meeting industry standards on a more consistent basis, reducing liabilities. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| N/A | | | | | | |

| Request Title | | STORES CLERK | | | | |
|---|---|-------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request directly supports the City's goals of Pursue Excellence in Service Delivery and Enhance Productivity, Cost Effectiveness and Innovation. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | % Maintenance Meeting Schedule Plan | | 0.9 | 71% 2012(YTD-July.) | 0.82 | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Detailed information on inventory and spare parts can be documented and updated to show: Inventory description, location in the store, date purchased, supplier, cost quantity purchased, quantity used, date used, balance on hand, and date count. At the present time, as it has been detailed in the Internal Audit Report there are no inventory count/list and there are no system of inventory maintenance, whether manually or on computer. The annual inventory budget the Stores Clerk will be expected to track and deliver will be greater than \$600k. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The Fire Prevention Division does not have sufficient staff to meet all of the current demands. There are a number of high-risk properties in the City that have not been inspected. At the present time home inspections are conducted only on request. Statistics show that residential fires constitute the majority of fires and result in the majority of fire injuries and fatalities. More home inspections should be carried out in an organized program.</p> <p>Our certified FireInspectors ensure Fire Code compliance by conducting routine inspections, responding to complaints, requests for inspection and fire investigations. The Fire Prevention division provides fire education programs to our seniors and school age children such as the Older and Wiser Program, Learn Not to Burn and the Risk Watch Program. VFRS delivers timely fire safety messaging throughout the year and during the many corporate events such as Winterfest, Maplefest, The Lions Pancake Festival, The Fire Prevention division provides fire extinguisher and mandatory fireworks training to local businesses.</p> | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | 1 Fire Prevention Inspector | | | | | |
|---|--|-------------------------------------|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request directly supports the City's goals of Pursue Excellence in Service Delivery and Enhance Productivity, Cost Effectiveness and Innovation. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | New Bulding Inspections | | 1 | 0.6 | 0.85 | |
| 2) | Prosecutions | | 1 | 0.65 | 0.85 | |
| 3) | Public Education | | 0.9 | 0.35 | 0.65 | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The Fire Prevention Division is directly tasked with saving lives and reducing property loss from fire by preventing fires through scheduled and vigorous fire safety inspections and investigations. The reduction of fire related emergencies will enhance the safety and wellness of the citizens of Vaughan. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The Fire Prevention Division is unable to maintain its service levels as the population, industry and businesses grow. As the demands for fire safety inspections has risen, the resources to provide regular fire safety inspections and code compliance activity has been inadequate and VFRS has been forced to offer close to minimum fire inspection services in relation to scheduled inspections under the Fire Protection and Prevention Act. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>This request is designed to increase the complement of the Fire Training Division by one Training Officer. The purpose of the new training officer is to meet the demand for training in a fire service that is growing both in terms of its size and the scope of service delivered to citizens of Vaughan. The complexity involved in addressing current fire Incidents makes it a necessity to ensure all fire crews will be well equipped to deal with new challenging situations and to address complex issues in a timely and safe manner. The Business Plan identifies initiatives such as developing the subway emergency response criteria, training new recruits, incident management certification for fire officers, Technical Rescue certification, Chemical, Biological, Radiological and Nuclear (CBRN) certification, and structural collapse rescue certification. These are major initiatives that severely tax the current resources of the Training Division.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |
| Fire Master Plan timeline | | 41275 | As VFRS continues to grow, ensure timely & effective continuous staff training programs. | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | TRAINING OFFICER | | | | |
|--|---|---------------------------------|------------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request directly supports the City's goals of Pursue Excellence in the Delivery of Core Services and Promote Community Safety, Health & Wellness. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Live Fire Training | | 200 FF semi/ann | 145 | 200FF | |
| 2) | Subway Emergency Response | | 256 FF | 0 | 256FF | |
| 3) | Recruit Training | | recruit training | 12-15 annually | 15-20 annually | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The VFRS 2010 Business Plan is directed to pursue excellence in service delivery and enhance productivity, cost effectiveness and innovation. This position will resolve the limited training support issues within the Training Division. The direct impact will be on the men and women of the VFRS who require training to maintain current skills and to acquire new skills to serve the citizens of Vaughan in emergency situations. The indirect impact will be on the citizens of Vaughan who will receive excellent service from the front line firefighters who have been highly trained by the VFRS training division. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Leverage Innovation/Creativity | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The hiring of a fourth Training Officer will enhance the ability of the Fire Training Division to maintain the leading edge training for which Vaughan is noted for provincially. As the scope and complexity of emergency response work develops, the new skills (subway emergency response, trench rescue, technical rescue, CBRN, Public Order (YRP), Haz Mat response- must be appropriately certified by OFM and delivered to VFRS firefighters. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| N/A | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| To date, driver training and compliance filing has been provided by an external service provider selected through an RFP process. The Ministry of Transportation, Ontario (MTO), has been increasing regulatory and compliance filing requirements, making a part time position of trainer as well as compliance regulator necessary to meet current and future needs. The position would provide updates and maintenance of driver training program; manage all administrative requirements and record keeping; deliver all training as per the MTO approved programs on behalf of the RA; administrate all knowledge and road testing for the purpose of all upgrades, renewals, and/or endorsements; maintain a driver training log for all upgrading, renewals and ongoing training that is required under the driver certification program by the RA; ensure driver training curriculum is up to date in compliance with legislative amendments to the driver certification program and Highway Traffic Act by the MTO; complete driver certification activity report, monthly and forward the report to the Operational Policy Office (MTO) each month. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | | Timelines | Comments | | | |
| 1. Update Driver Program | | | | | | | |
| 2. Training requirements per MTO | | | | | | | |
| 3. Operational policy (MTO) | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |

| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| <p>SERVICE EXCELLENCE; Demonstrate Excellence in Service Delivery - City staff who are operating vehicles are some of the most visible representatives that the City has in the public's eye. They portray the "Corporate Image" of the City and need to be well-versed in the proper operation of the vehicles they are operating.</p> <p>ORGANIZATIONAL EXCELLENCE; Manage Corporate Assets - Well operated and maintained vehicles will provide for an efficient vehicle and prolong their life cycle.</p> <p>STAFF EXCELLENCE; Support the Professional Development of Staff, Value & Encourage a Highly Motivated and Engaged workforce, Attract, Retain & Promote Skilled Staff - Providing on-going in house training to maintain and upgrade credentials provides for a skilled staff for positive morale.</p> | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| Provide training to city staff will improve their driving skills, saves fuel, reduces accidents and costs | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The goal of CVOR system is to improve road safety on Ontario highways, by having an effective monitoring and intervention system for all commercial vehicle operators. By hiring a part time driving and compliance trainer, the City would be able to ensure that the CVOR system accurately tracks its road safety performance. Poor performance may result in the City no longer being able to operate its large vehicles. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| If the ARR is not approved, an external service provider will need to be contracted for training City employees in safe driving practices, license upgrades, and for fulfilling the regulatory requirements associated with maintaining the CVOR. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| One of the initiatives within the Green Fleet Strategy which was passed by Council in Nov 2011, involves integrating electric vehicles into the City fleet. The City of Vaughan has been invited to participate in the Pure Electric Vehicle Municipal Feasibility Program, where municipalities and other government agencies would pilot the use of two pure electric, light duty pick-up trucks for a 24 month period and collect and share information on best practices. Project Eve is a consortium of Canadian companies focused on designing, developing and deploying the next generation of pure electric vehicles technologies. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| Project initiation | Q3, 2011 | | | | | | |
| Needs assessment and capacity building | 2012 | internal stakeholders consulted on vehicle specs | | | | | |
| Vehicle specs review and final build | 2013 | | | | | | |
| Pilot program | 2014-2015 | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | Were they Consulted? | | | | | |
| Enforcement Services | Decreased fuel cost for activities deploying electric vehicle | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| Building Standards | Decreased fuel cost for activities deploying electric vehicle | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| Parks Operations | Decreased fuel cost for Supervisors deploying electric vehicle | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| Other comments: | | | | | | | |
| Enforcement Services, Building Standards, Parks Operations and Building & Facilities were identified as having applications that could be serviced by the light duty pure electric pick-up truck. An internal stakeholder consultation was held on May 31, 2012. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Electric Vehicle Municipal Feasibility Program Pilot | | | | |
|---|---|--|--------------|---|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request is in-line with the Vaughan Vision 2020 goal of Leading and Promoting Environmental Sustainability. Municipal governments need to show leadership in trialing innovative, forward thinking, environmental technologies in order to reduce their environmental footprint. Pure electric vehicle produce zero greenhouse gas emission. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This service request supports the 2015 Environmental Sustainability Business plan objective of reviewing the pure electric vehicle feasibility program (Project Eve) to determine a recommended approach for the the next phase of the initiative. This also supports the Fleet Services Business Plan to review and update the City's Green Fleet Strategy. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Municipalities governments have an important contribution to make to reducing green house gas emissions as up to half of such emissions are under the direct control of the the municipal government. Fleet operations are a contributor to GHG emissions. The City of Vaughan would be piloting leading edge technologies which is defined as a defined action under Green Directions Vaughan. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2015 | | Fuel | Litres | Fuel savings over a typical gasoline-powered pick-up truck of \$4,875 per vehicle (x2 vehicles) | | Yes |
| 2016 | | Fuel | Litres | Fuel savings over a typical gasoline-powered pick-up truck of \$4,875 per vehicle (x2 vehicles) | | Yes |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Learning and Development Specialists | | | | |
|--|--|--|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Staff Goals | Support the Professional Development of Staff | Identify and develop a leadership development program (internal succession planning) | 9 | Q2/12 Revised Q2/14**** | Low | General Correlation |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request directly links to Vaughan Vision 2020 goal of "Ensure a High Performing Organization". In order to attract, retain and promote skilled staff we require the appropriate resources to deliver training programs and to implement the Learning and Development Strategy. It will also help us in supporting the professional development of staff and value and encourage and highly motivated workforce. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Improve skill level | | 180 training days | 112 lear days | 180 training | |
| 2) | Enhance leadership skills | | 3 programs per | 1 program / yr | 3 programs per | |
| 3) | Improve productivity and engagement levels | | 0.25 | as last surveyed | 0.1 | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The Human Resources Strategy was developed in 2009. The learning and Development Strategy was completed in 2010 to represent the next level of Strategy below the HR Strategy and was approved in March 2010. These resources are required in order to implement the L&D Strategy and were previously requested in 2010. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Staff Moral | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Employees that have more learning opportunities are more productive and more qualified to serve our citizens. Learning opportunities also improve the level of employee engagement and attract new candidates to the City. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | | | Units | Centralizing the L&D through HR will ensure a more efficient and consistent approach in the workplace. | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| We can continue to offer programs in a unstructured manner from various training providers which would not allow us to meet initiative #21 - standardize a focused corporate learning approach and likely not be able to achieve and improve level of employee engagement. Also, it will not encourage lifelong learning and will not promote temporary secondments; it will also delay the implementation of the mentorship program. The program will lack consistency in application and development as the same individuals will not be involved in all stages throughout all programs. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| We are requesting an additional \$100,000 in our Professional Fees budget to be distributed among 090150, 090153, 090156 and 090165. The funds are being requested due to recent increased costs associated with litigation, utilization of search firms for the influx of vacant senior level positions, arbitrations resulting from the bargaining process, settling of claims of terminated employees, outplacement services, and recruitment and retention initiatives. As a result, we have exceeded our annual Professional Fees budget by an average of 13% per year over the past four years. As the Corporation is growing in size and complexity, so are the issues related to employment matters; hence the increasing trend in professional fees will continue and therefore requiring additional fundings to ensure there are not any unfavourable variances. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| Other comments: | | | | | | | |
| Increasing the budget will allow HR to better manage Corporate expectations and services delivered. There has been an unforeseen increase in recent years to costs associated with Professional Fees. All legal fees related to employment matters or collective agreements is paid centrally through HR for the entire Corporation. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Professional Fees | | | | |
|--|---|---|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Staff Goals | Attract, Retain & Promote Skilled Staff | Revise the Corporate performance management process as part of a quality work environment | 8 | Q4/12 Revised Q2/15*** | High | General Correlation |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Increasing our budget for Professional Fees will allow us to pursue Service Excellence in our delivery of Corporate expectations and ensure organizational effectiveness. With the growing population of City staff comes an increased risk to litigation. HR is responsible for all employment related litigation for the Corporation and proper resources are required in order to properly administer. This request also directly links to Vaughan Vision 2020 goal of "Ensure a High Performing Organization." In order to attract, retain and promote skilled staff we require the appropriate human resources funding, which in turn will allow us to promote a more valued and engaged workforce. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Improve our ability to comply with all applicable laws | | | | | |
| 2) | Provide services set out in severance guidelines | | | | | |
| 3) | Improve productivity, engagement and skill levels and enhance leadership skills | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The Human Resources department provides services that encompass multiple professional specialties. We want to have consistent application of HR policies, practices and procedures. We want to provide personal and professional growth opportunities and improve and sustain employee engagement. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Corp. Image | | Secondary | | Improve Staff Morale |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| It will allow us to better manage our business relating to litigations and arbitrations by providing us with proper resources to deal with the situations as they arise. Not having the increased resources will prove to be of greater financial risk as we will not be able to properly handle situations at the onset, leading to even greater litigation / arbitration costs. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Without the extra funding, we will not be able to maintain the current level of service which will expose us to greater legal risk. There are no alternatives or options to litigation, arbitration and outplacement services costs. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The HR Specialist, Workplace Health and Safety will provide the organization with training, consultation, advice and audit to enhance the City's ability to meet its obligations under the Occupational Health and Safety Act and to improve the City's ability to prevent workplace injuries and illnesses.</p> <p>Currently Vaughan has only one FTE supporting this function. As an example Powerstream with half the City's staff levels has 3 front line staff overseeing the Health and Safety needs of their organization. You will note on the updated HR department business plan that we have provided HR Efficiency statistics. You will note from the statistical data that one City HR FTE is servicing twice as many employees as the public sector HR counterpart that participated in a recent survey. In addition, in 1992 HR had 16 full time staff and served 655 employees and 56 crossing guards. In 1992 the City's HR department did not support Hydro or Transit. In 2011 the HR department has 14 staff and services 1,687 FTEs (City and Libraries) as well as over 90 crossing guards.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | | Timelines | Comments | | | |
| Hiring an HR Partner | | | Q1 | | | | |
| Training | | | Q1 | | | | |
| Assignment of Caseload | | | Q2 | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | HR Specialist, Workplace Health and Safety | | | | |
|--|--|--|--------------|---|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request directly links to Vaughan Vision 2020 goal of "Ensure a High Performing Organization". Specifically it relates to: Enhancing Productivity, Cost Effectiveness and Innovation; Value and Encourage a Highly Motivated Workforce. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | enhance our ability to comply with all applicable laws | | | | | |
| 2) | minimize risk of injuries / illnesses | | | | | |
| 3) | Improve employee engagement | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The Human Resources Strategy goal is to increase the overall level of employee engagement. A number of initiatives through our business plan support this goal. Maintaining and enhancing employee health, minimizing workplace injuries and promoting accident prevention is linked directly to improving employee satisfaction and therefore employee engagement. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Staff Moral | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Healthy and Safe employees are more productive and more engaged in their roles. In addition our ability to prevent workplace injuries and illnesses is enhanced through the additional resource who will assist in hazard assessments, workplace safety procedure development, provide consultations to front line managers and staff and enhance the City's image by becoming the safest workplace. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | | 200 | Hrs. | We currently have one HR Specialist H&S servicing all City staff. | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| We can continue to provide services with the existing resources but it will be difficult to provide the level of service and time commitment to our clients to meet their goals which include: Reducing workplace lost time injuries, preventing workplace accidents, providing training, advice and coaching to enhance the ability of our front line managers to be effective in their roles. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| We anticipate that by 2013 the City will require the services of an additional HR Specialist, Absence and Disability Management to address cases of accommodation, return to work, WSIB, non occupational illness etc. In addition we plan to provide additional support to Vaughan Fire & Rescue services by taking over all of their attendance tracking as well as assisting in the attendance management process. You will note on the updated HR department business plan that we have provided HR Efficiency statistics. You will note from the statistical data that one City HR FTE is servicing twice as many employees as the public sector HR counterpart that participated in a recent survey. In addition, in 1992 HR had 16 full time staff and served 655 employees and 56 crossing guards. In 1992 the City's HR department did not support Hydro or Transit. In 2011 the HR department has 14 staff and services 1,687 FTEs (City and Libraries) as well as over 90 crossing guards. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | | Timelines | Comments | | | |
| Hire HR Specialist | | | Q1 | | | | |
| Train HR Specialist | | | Q1 | | | | |
| Start assuming additional work from VFRS | | | Q2 | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| VFRS | We have consulted with VFRS | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| Other comments: | | | | | | | |
| VFRS has only 3 non union positions that handles a number of of operational complex issues. They have requested the assistance of HR with day to day administrative and HR related processes in order to free up their time to be more effective and efficient in their operational work. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | HR Specialist, Absence and Disability Management | | | | |
|---|---|--|--------------------|---|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request directly links to Vaughan Vision 2020 goal of "Ensure a High Performing Organization". In order to allow our senior staff to become more effective in their roles we need to take away from them the day to day administrative high volume work that can be done by more junior staff members. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Decrease duration of work absences | | 7 days per inj FTE | 10 days per Inj FTE | 7 days | |
| 2) | Increase number of modified work programs | | 10% in yr 1 | 60 plans | 70 plans | |
| 3) | Improve timeliness of addressing issues | | same day | address within 1 day or | same day | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The 2013 HR Business Plan includes as one of its goals assisting VFRS with their attendance tracking / attendance management issues. This FTE will enable us to accomplish this goal. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Staff Moral | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Qualitative: Senior VFRS staff can become more strategic in their roles and less involved in administrative type of work. | | | | | | |
| Quantitative: A significant amount of administrative work can be moved from the senior VFRS non union staff to HR. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2012 | | | Hrs. | Reduces the amount of time spent by senior VFRS Staff on administrative work. | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Our past negotiations with VPFFA has shown that getting more management exclusions in VFRS will not be an easy task. The arbitration decisions have also not supported this up to this point. As an organization we need to find ways to take away administrative work from senior staff in order to allow them more time to lead their workforce and be more strategic in their roles. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>In the 2011 Operating Budget we requested an additional HR Partner (1 FTE) to join us effective January 1, 2012. The purpose of the additional request is to assist our department in servicing our clients, all City departments. We anticipate that by 2014 in addition to the City's increasing workforce we will likely be inheriting more clients from Vaughan Public Libraries which will require additional resources to service them effectively. You will note on the updated HR department business plan that we have provided HR Efficiency statistics. You will note from the statistical data that one City HR FTE is servicing twice as many employees as the public sector HR counterpart that participated in a recent survey. In addition, in 1992 HR had 16 full time staff and served 655 employees and 56 crossing guards. In 1992 the City's HR department did not support Hydro or Transit. In 2011 the HR department has 14 staff and services 1,687 FTEs (City and Libraries) as well as over 90 crossing guards. Currently one of the HR managers is servicing a client groups and the HR Director services VFRS in the absence of an extra HR Partner.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |
| Hiring an HR Partner | | Q1 | | | | | |
| Training | | Q1 | | | | | |
| Assignment of Caseload | | Q2 | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| VFRS | Currently being serviced by the HR Director - It is difficult to provide a high level of service without the appropriate resources | | | | | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | |
| Commission of Planning | Currently being serviced by an HR Manager - Difficult to dedicate sufficient time to service them. | | | | | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| Other comments: | | | | | | | |
| The hiring of an additional HR Partner will have a positive impact on both client groups and on HR's ability to serve the entire organization more effectively. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | 1 Human Resources Partner | | | | |
|---|---|-------------------------------------|--------------|---|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request directly links to Vaughan Vision 2020 goal of "Ensure a High Performing Organization". In order to attract, retain and promote skilled staff we require the appropriate resources to deliver services and programs. It will also help us in supporting the professional development of staff and value and encourage and highly motivated workforce. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Ensure Management Consistency across the Organization | | Reduction in | | 20% reduction | |
| 2) | Reduce the number of days it takes to fill a position | | | | 0.1 | |
| 3) | Reduce absenteeism by effective attendance management | | | | 0.1 | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The HR Business Plan includes a number of initiatives that flow directly from the HR Strategy. It includes developing a leadership succession model, reducing the number of days it takes to fill a position, dealing with labour relations issues, investigating complaints etc. This individual will be responsible for dealing directly with departments and training, advising and supporting management decisions to ensure consistency across the organization. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Staff Moral | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The HR Partner will work directly with front line managers and supervisors to tackle sensitive issues around labour relations, attendance management, performance management, coaching and mentoring etc. The results of this enhanced delivery of service and programs will translate in higher employee engagement, improved performance and morale and overall and improved corporate image. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | | | Hrs. | Improved efficiency and productivity in addition to improving employee engagement | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| We may continue to offer services with our existing complement however, the difficulty will be in maintaining services to our clients and being proactive in addressing potential problems before they become bigger issues. Measures around efficiency and effectiveness will continue to show a growing gap between the number of staff each HR FTE serves as compared to our other public sector organizations. The number of labour grievances may increase, the level of employee engagement may stay the same or decrease, the number of days it takes to fill a position may increase etc. | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The Administrative Coordinator will be required to assist our HR partners with their day to day roles. As the organization grows so does the number of recruitment initiatives and associated tasks in the process. The HR Administrative Coordinator will take away the day to day high volume clerical tasks in order to allow the HR Partners to focus on coaching, mentoring, addressing grievances and more critical matters. You will note on the updated HR department business plan that we have provided HR Efficiency statistics. You will note from the statistical data that one City HR FTE is servicing twice as many employees as the public sector HR counterpart that participated in a recent survey. In addition, in 1992 HR had 16 full time staff and served 655 employees and 56 crossing guards. In 1992 the City's HR department did not support Hydro or Transit. In 2011 the HR department has 14 staff and services 1,687 FTEs (City and Libraries) as well as over 90 crossing guards.</p> | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Administrative Coordinator | | | | |
|--|---|-------------------------------------|--------------|--|---------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This request directly links to Vaughan Vision 2020 goal of "Ensure a High Performing Organization". In order to attract, retain and promote skilled staff we require the appropriate human resources to deliver services and programs to our front line staff. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | | Current Level | Level with ARR |
| 1) | improve time to fill position | | 26 days | 35 days | 29 | |
| 2) | Take on administrative clerical tasks from HR | | 1-2 days | 5 days | 3 | |
| 3) | Partners / such as reference checks (improve | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Realize Future Benefits | | Secondary | | Improve User Satisfaction |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Getting the right people at the right time with the right skills. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2012 | Output/Service Quantity | | units | Reduces the amount of time required to gather data and improves accuracy of information provided | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| If we do not address anticipated organizational needs we will not have the capacity to address increased workloads as the organization grows. This particular ARR request is for 2014. The City ability to attract, select, retain skilled staff will diminish without the appropriate resources in place. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| This ARR was submitted as part of the 2011 - 2012 budget submission but was not approved. The following are the details of the request: We are requesting an additional \$15,000 in our awards budget in order to continue with the annual "Service Awards" event. In 2010 we recognized additional staff (part-time non union) and also introduced the service excellence award and award recipients under the "We Are Vaughan" recognition program. The costs associated with the Service awards in 2010 were in excess of our budget by \$15,000. The funding will allow us to continue with the annual service award event, addressing all employees of the Corporation, providing gifts and utilizing a similar format and venue as we did in 2010. The service awards along with the We Are Vaughan recognition program help increase the employee level of engagement. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |
| Plan annual service awards | | Q1 | | | | | |
| Identify service excellence nominees | | Q2 | | | | | |
| Host the annual service award event | | Q3 | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| Other comments: | | | | | | | |
| All City departments participate in the service award event. Also all departments participate in the selection of the service excellence nominees The additional funds will be used to recognize all City, VPL staff that reach a service milestone and or achieve a service excellence award. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Awards | | | | |
|--|--|-------------------------------------|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| The City has held the employee recognition event for a number of years. Each year more staff are recognized at particular service intervals. In addition we have expanded the scope of the program to include groups of staff that were previously not included i.e. part time CUPE, non union part-time etc. The funding is required to maintain the current service and links directly to "Vaughan Vision 2020". | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Level of engagement | | increase 25% | | | |
| 2) | Retain staff | | 10% reduction | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The HR department's strategy includes an improvement in the staff's level of engagement by 25% - Our annual business plan identifies several goals and objectives to help us achieve our HR strategic goal of improving staff's level of engagement. The funding requested in this ARR directly link to our business plan and our HR strategy as well as the Vaughan Vision 2020. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Staff Moral | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Until 2010 there were a number of part time staff that had worked for the City for over 20 years without any formal recognition. This funding is very important in our efforts to recognize staff effectively and also in terms of being fair and consistent in recognizing all levels of staff regardless of their work status (full-time, part-time etc.) | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Without the extra funding we will not be able to maintain the current level of service and the service awards and employee recognition program will not succeed. Should funding not be granted we will look at reducing the value of gifts, and adjusting the format to eliminate refreshments. | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The prioritized list of the Vaughan Vision 2020 Strategic Initiatives includes no. 4 "Additional Operational/Business Reviews". For this initiative, the key milestones include "Establish a strategy and criteria for completing operational reviews in selected City departments" and "Complete operational reviews in identified areas". A draft plan has been developed that identifies the 32 operational reviews that need to be conducted (on a repeating schedule) from 2013 - 2018. The current complement of staff (1 Director, 2 Full-time Senior Business Change Consultants and 1 Seconded Senior Business Change Consultant) is just adequate to complete the initial operational reviews. The requirement for the department will be larger than anticipated when the operational reviews lead to implementation initiatives and as the department tries to support Public Sector Renewal activities. Hence, an additional resource will be required to support any implementation and change tracking activities that will be the result of recommendations arising from the operational reviews.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| All departments | | | | | | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| Other comments: | | | | | | | |
| Operational Reviews (associated recommendations and implementation initiatives) will impact all departments across the City. Very few departments will have the available resources (or initially the change management skills) to effect and track recommended changes - an additional resource in ICI to augment the current four person team will increase the likelihood of those implementation changes being successful. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Business Change Consultant | | | | |
|--|--|---|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Ensure a High Performing Organization | Additional Operational/Business Reviews | 4 | Q4/13 Revised Q4/15** | High | General Correlation |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Operational Reviews are clearly identified as a strategic element of Vaughan Vision 2020 (see Initiative Reference No. 4 - "Additional Operational / Business Reviews") to ensure a High Performing Organization. In order to conduct on-going operational reviews of 32 service streams (on a 5-year cycle), monitor delivery of improvement initiatives and assist in developing continuous improvement skills throughout the organization, an additional resource will be required. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Operational Reviews completed annually | | 6 | TBD | 6 | |
| 2) | # Staff Trained / Engaged in Continuous Improvement tools etc. | | TBD | TBD | TBD | |
| 3) | Efficiency Improvement Savings Annually | | TBD | TBD | TBD | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| Key initiatives for the department include i) promoting a culture of continuous improvement, ii) conducting / monitoring operational reviews, iii) implementation of Public Service Renewal recommendations. An additional resource will enable the department to support the on-going cycle of reviews and improvement initiatives (ensuring that skills and knowledge are developed and kept "in-house", by using external consultants only where necessary). | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Leverage Innovation/Creativity | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| An additional resource (from 2015 onwards) will enable us to assist with implementation of any recommendations arising from operational reviews or continuous improvement initiatives. This resource will also be used to track the results of these initiatives as well to work with the Senior Business Change consultants in building Change Management capabilities across the organization. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | A variety of initiatives are expected to be completed that directly impact i) customer service experience and ii) efficiency in departments throughout the City. | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Resources could be seconded from departments, however there are not many departments who have resources available that could be seconded. Other limitations to using secondments include the efforts required to recruit, hire, train and establish both the back filling individual and the seconded person. The learning curve can be significant – often by the time they are comfortable in their roles, the term would be close to completion. Secondly, it is difficult to attract individuals to back fill for 1-year contracts (or less). Thirdly, this continuous movement and back-filling (in particular if done with internal staff) creates an environment of perpetual churn and instability which inhibits efficiency and effectiveness. Alternatively, resources could be hired on an ad-hoc basis (e.g., using consultants), however this would deprive the City of building and keeping skills "in-house". | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| Internal Audit provides value when it can advise management on the appropriate level of control and provide assurance to the governing body that controls are working effectively. The pressures associated with auditing the City have become complex and sophisticated due to rapid growth, internal/external changes and technology. Internal Audit can also help play a proactive role by working with management to assess that the right controls are in place to manage the right risks. Internal Audit has a staff of two and, as a result, has challenges to properly assess the risk and control environment at the City. The request is to expand the departmental staff to three by adding an Internal Audit Coordinator position. The coordinator position will be an entry level position doing detailed audit testing, audit follow-up reporting quality support and leading small projects. This will allow the Audit Director and Audit Project Manager to focus on larger projects and provide advice on existing and emerging risk and control issues. The person filling the position will be developed to take on larger responsibilities that will coincide with City growth and to replace more senior roles when those position become vacant. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | | Comments | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| | No impact on other departments. Role restricted to internal audit department only | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| Other comments: | | | | | | | |
| This position will provide greater corporate support to governance, risk and control aspects of the City. The impact is potentially more organizational than departmental. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Internal Audit Coordinator | | | | |
|---|--|--|---------------------|---|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the specific initiative on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Ensure a High Performing Organization | Develop an Integrated Risk Management Strategy | 12 | Q2/14 | High | General Correlation |
| Organizational Goals | Ensure a High Performing Organization | Additional Operational/Business Reviews | 4 | Q4/13 Revised Q4/15** | High | General Correlation |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Vaughan Vision 2020 is supported by three key major components; Service, Management and Staff Excellence. A strong Internal Audit department supports Management Excellence by promoting effective governance, supporting good stewardship practices through protection of assets and finances and contributing to process effectiveness through risk management and control. This, in turn, helps contribute to the Service Excellence demanded by the residents of the City. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Client Satisfaction Survey | | 75% | 28% | | |
| 2) | Completion to Adjusted Existing Audit Plan | | 90% | Unknown | | |
| 3) | Status of Action Plan Implementation | | 75% | New | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This request supports the Internal Audit Business Plan by helping provide assurance that key risks are mitigated and key controls function as intended, supporting the education and advice needed to help management meet its governance responsibilities and supporting the City's objective to maintain transparency and openness. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Corp. Image | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Good corporate governance protects the City's reputation and improve overall corporate image. Good governance is a foundation in developing citizen trust. Stewardship over finances and assets helps improve financial and operational sustainability. Both of these areas are supported by a strong, adequately resourced internal audit department. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | Output/Service Quantity | More Audit Engagements | 3 | Better alignment of Internal Audit Costs | | |
| 2014 | Time/Capacity | More Audit Engagements | 3 | Expansion of available Internal Audit Hours | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| An alternative is to co-source additional audit work with an external third party. This would still require additional budget. Third party services can be expensive and are not effective in doing the work a coordinator would do (audit follow-up and detailed testing). In addition, the opportunity to develop resources for future growth would be lost. There could be opportunities for more flexibility with an outside resource, but this would ultimately be offset by higher service costs. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| This administrative part time position, which has been in place for the past 8 years, supports the Administrative Coordinator, ITM department management and approximately 45 department staff. With the work volume in ITM steadily increasing, there is an operational requirement for this position to be converted to full time. This position is critical for the delivery of ITM services to other departments as it provides administrative support to all ITM department staff. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | Were they Consulted? | | | | | |
| ALL | Lack of adequate administrative support for ITM department staff will result in such staff spending more time on administrative tasks and less time on service delivery to other departments. | <input type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| | | <input type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| | | <input type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | Reception/Clerk (Conversion from P/T to F/T) | | | | | |
|---|--|-------------------------------------|---------------|---|----------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| <p>SERVICE EXCELLENCE: Pursue excellence in service delivery by ensuring sufficient administrative support is in place enabling staff to concentrate on project initiatives and strategic direction; ensuring that service level commitments internally and to other departments are met. ORGANIZATIONAL EXCELLENCE - Ensure a High Performing Organization - effective administrative support for ITM staff will enable staff be more productive and effective in delivery of services to internal clients.</p> | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| Name/description of service level target: | | Target Level | Current Level | Level with ARR | | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| <p>As the City intensifies its efforts to achieve business improvements, more departments are initiating projects requiring ITM support. Resources are already stressed as is illustrated by the capacity vs. demand ratio KPI. Sufficient clerical/administrative support to ITM staff is a crucial requirement for them to meet existing and future service requests. With the current department staff of 45 people there is only one administrative coordinator and Part time Admin staff person to assist. The additional dedicated working hours will greatly assist the entire team.</p> | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Realize Future Benefits | | Secondary | | Improve User Satisfaction |
| <p>Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)?</p> | | | | | | |
| <p>Sufficient clerical/administrative assistance will be crucial in allowing resources to concentrate on strategic direction to realize future benefits and opportunities. Improved user satisfaction as a result of enabling staff the resources to meet service levels.</p> | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | Output/Service Quantity | | | efficient response times to inquiries, tasks and increased output as a result | | |
| | Time/Capacity | | | sufficient admin support will allow staff time to focus on operational efficiencies/strategic direction | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| <p>Use of overtime for existing P/T position or professional fees to acquire temporary administrative help. Based on estimated/projected costs for overtime/professional fees and associated ramp-up/training efforts, it is more efficient to convert this position to full time.</p> | | | | | | |

|---|---|---------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Service Excellence – Pursue excellence in service delivery by ensuring telephones, mobile devices and computer systems are available to support front line staff Management Excellence – Maintain assets and infrastructure by providing preventative maintenance to all telephones, mobile devices and computer systems | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Ratio of users to CSS staff | | 9.5 | 5 | 8 | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| Maintaining service levels for desktop computing environment (HW & SW). Provide client support for implementation of new and existing business solutions. Industry standard for staffing a helpdesk is 125 staff per 1 CSS specialist. There are 1200 users in the City and therefore, we require 9.5 CSS specialists to effectively operate. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| To sustain current service levels while experiencing Increase in staff, locations and supported solutions. More staff to oversee operations, will create fewer day-to-day disruption. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |

Appendix A - Additional Resource Request Submissions

| Request Title | | Technology Specialist | | | | |
|--|---|---------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Implementation of a corporate asset management system has a direct impact on the growth of IT infrastructure requiring additional resources to support and maintain it. Service Excellence – Pursue excellence in service delivery by ensuring telephone and computer systems are available to support front line staff Management Excellence – Maintain assets and infrastructure by providing preventative maintenance to all telephone and computer systems | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Number of corporate facilities | | 90 | 66 | 78 | |
| 2) | Increased Inventory of solutions | | 150 | 137 | 150 | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| Maintaining availability and reliability of corporate systems. Provide technical support for implementation of new and existing business solutions | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| to sustain current service levels while experiencing Increase in locations and complexity of IT infrastructure, the ITM need additional technical resources. More staff to oversee business solutions, will create opportunities to leverage existing non-tapped functionality. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Reduce service levels both operational and new implementations: Shortage of technical resources to support new projects will delay implementation of new solutions Increased risk to corporate telephone and computer systems availability and reliability | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Client Support Analyst - Audio/Video | | | | |
|---|---|--------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Service Excellence - AV equipment is used in many public functions, including Committee and Council meetings. Having an effective and dependable AV equipment results in service excellence and mitigation of risk (public perception) | | | | | | |
| Management Excellence – Manage Corporate Assets by increasing availability and reliability of corporate AV infrastructure | | | | | | |
| Management Excellence – Ensure a high performing organization by investing in AV skillsets to better utilize AV functionality | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Maintain reliable technology infrastructure | | 0.9999 | N/A | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| Maintain critical technology assets (personal computers, infrastructure and telecommunications) in reliable operating order and in keeping with established assets lifecycle management standards | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Having fully functional and dependable AV equipment improves user satisfaction. AV equipment is extensively used by senior staff and members of council during committee and council meetings. These meetings are public and smooth operation of AV equipment has a direct impact on public perception and corporate image of the City. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Support of AV equipment can be outsourced to an external organization. The cost of such support services are very high (i.e. \$250 per hour). It is significantly more cost effective to provide AV equipment support services in-house. | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | New Property Tax System | | | | |
|--|---|---------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Manage Corporate Assets - existing tax billing system is old and becoming less reliable overtime with little vendor support; replacement of this asset at this point is critical! Financial Sustainability - a reliable tax billing and collection system is essential for timely collection of City tax revenues. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | 1 | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| u | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Leverage Innovation/Creativity | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| A new property tax system will guarantee the successful, timely billing of 3/4 of a billion dollars each year. A new system will increase efficiency due to significant increase in functionality | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2016 | Output/Service Quantity | 0.5 fte | | a 0.5 fte could be eliminated | | Yes |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| There are no viable alternatives. Maintaining status quo will put City tax revenues at high risk. | | | | | | |

| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| Business Support Staff for the implementation and support of an Electronic Document Management System to be used by all departments to create, manage, and retrieve electronic records, including email, and to improve the efficiency of records and information-based business processes. The position's primary responsibility is to ensure that the solution meets business requirements and is compliant with City policies and procedures. The BA will lead training and culture change initiatives prior to and during the implementation process. The actual allocation of the FTE's (once approved) to appropriate business units will be determined by the EDMS steering/governance committee. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| Deployment of EDMS | 2012-2015 | Business component of deployment | | | | | |
| EDMS Staff Training and Support | Ongoing | Provides business support and assists with cultural change during implementation | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | Were they Consulted? | | | | | |
| EDMS impacts all depts | Impacts departments' ability to control and retrieve electronic information and streamline information-based business processes. | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| ITM Dept. | The project owner is the City Clerk's Office. ITM will also be heavily involved, providing the necessary technical support to the EDMS. | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| CCO, Legal, CMO | City Clerk's Office, Legal Services and City Manager's Office likely first departments to be deployed. | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| Other comments: | | | | | | | |
| The position is the primary liaison between the City Clerk's Office and users within City Departments. The position will provide staff training and work with ITM staff and the EDMS vendor during the planning and implementation phases of deployment. The BA will provide ongoing business and management support for the project to ensure compliance with statutory requirements and industry best practices. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | EDMS Business Analyst | | | | |
|---|--|-------------------------------------|---------------------|---|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| EDMS was converted to operational from strategic status in 2010. EDMS will contribute to developing a high performing organization through Corporate-wide business efficiency, accountability, government transparency, and legislative/regulatory compliance through the management and provision of access to the City's electronic information. Therefore, the EDMS Technical SME links to the following VV 2020 strategic objectives: Enhance Productivity, Cost Effectiveness & Innovation (effective management and retrieval of electronic information improves business processes and service delivery across all departments); Demonstrate Leadership & Promote Effective Governance (the integrity, accessibility, and security of the City's information is a cornerstone of accessibility and transparency); Pursue Excellence in Service Delivery (enhanced information management and access facilitated by EDMS improves service delivery capacity of all City BUs). | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Information Search & Retrieval Time | | minutes | can be days or more | minutes | |
| 2) | Percentage of Records Systematically Controlled | | 1 | 0 | 50-75% | |
| 3) | Percentage of High-Value Records Preserved | | 1 | minimal | 50-75% | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The request corresponds to one of the core business functions of the City Clerk's Office: managing Corporate records and information, including records retention and disposal, and managing Corporate records and information-related statutory/regulatory compliance, such as responding to Freedom of Information requests from the public. Request also links to the development of a Corporate Records and Information Management System including EDMS deployment, and the development of a Corporate Electronic Records Preservation Strategy. EDMS is central to the CCO's strategy for managing Corporate records and information. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| ARR will improve Corporate sustainability by facilitating EDMS deployment and maintenance, resulting in the efficient control and security of the City's electronic records, including e-mail, which are currently not managed in a systematic fashion. EDMS also has the capacity to enhance workflow and collaboration organization-wide, and therefore improve business processes. Overall results include faster information retrieval, improved customer service capacity, improved staff task completion rates, etc. Some benefits will be realized in the longer term. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2012- | | within minutes | Hrs. | Reduction in information retrieval times; more info control | | No |
| 2013- | | N/A | Units | Faster information-based customer service delivery in all depts. | | No |
| 2014- | | soft savings | \$ | Efficiency-related cost savings in long-term; reduced paper records storage costs | | No |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The alternative is the status quo, with its inherent limitations in the management of the City's electronic information and records. Employing existing City technologies such as SharePoint is not recommended. Consultants contracted by the City in 2010 corroborated staff's finding that SharePoint 2007 and 2010 are not robust and mature EDMS products. Status quo provides inadequate management of electronic records (including e-mail, charts, images and social media). | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| <p>Technical Support Staff for the implementation and support of an Electronic Document Management System. The City's electronic information and records are not organized and easily accessible. An EDMS solution would be used by all departments to create, manage, and retrieve electronic records, including e-mail, and to improve the efficiency of records and information-based business processes. This Technical/IT Resource will be the prime contact for solution architecture, software, configuration/customization, and oversight of all technologies. This role is key to structuring the hand-off to technical support and to ensuring application performance and reliability. The position will be a key liaison to technical resources within the vendor/partner organization.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| Deployment of EDMS | 2012-2015 | Assists with technical component of deployment | | | | | |
| EDMS Maintenance | Ongoing | Assists with technical component of maintenance | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | Were they Consulted? | | | | | |
| EDMS impacts all depts | Impacts departments' ability to control and retrieve electronic information and streamline information-based business processes. | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| ITM Dept. | The project owner is the City Clerk's Office. ITM will also be heavily involved, providing the necessary technical support to the EDMS. | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| | | <input type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| Other comments: | | | | | | | |
| <p>The position is the primary liaison between the Clerk's Dept. and ITM Dept. in technical matters relating to the EDMS solution; is also primary liaison to vendor. Dedicated ITM staff to manage and support the EDMS technical SME may be required.</p> | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | EDMS Technical SME | | | | | |
|---|--|---------------------------------|---------------------|---|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| EDMS was converted to operational from strategic status in 2010. EDMS will contribute to developing a high performing organization through Corporate-wide business efficiency, accountability, government transparency, and legislative/regulatory compliance through the management and provision of access to the City's electronic information. Therefore, the EDMS Technical SME links to the following VV 2020 strategic objectives: Enhance Productivity, Cost Effectiveness & Innovation (effective management and retrieval of electronic information improves business processes and service delivery across all departments); Demonstrate Leadership & Promote Effective Governance (the integrity, accessibility, and security of the City's information is a cornerstone of accessibility and transparency); Pursue Excellence in Service Delivery (enhanced information management and access facilitated by EDMS improves service delivery capacity of all City BUs). | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Information Search & Retrieval Time | | minutes | can be days or more | mins to hours | |
| 2) | Percentage of Records Systematically Controlled | | 1 | 0 | 50-75% | |
| 3) | Percentage of High-Value Records Preserved | | 1 | 0 | 50-75% | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The request corresponds to one of the core business functions of the City Clerk's Office: managing Corporate records and information, including records retention and disposal, and managing Corporate records and information-related statutory/regulatory compliance, such as responding to Freedom of Information requests from the public. Request also links to the development of a Corporate Records and Information Management System including EDMS deployment, and the development of a Corporate Electronic Records Preservation Strategy. EDMS is central to the CCO's strategy for managing Corporate records and information. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| ARR will improve Corporate sustainability by facilitating EDMS deployment and maintenance, resulting in the efficient control and security of the City's electronic records, including e-mail, which are currently not managed in a systematic fashion. EDMS also has the capacity to enhance workflow and collaboration organization-wide, and therefore improve business processes. Overall results include faster information retrieval, improved customer service capacity, improved staff task completion rates, etc. Some benefits will be realized in the longer term. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2012- | | within minutes | Hrs. | Reduction in information retrieval times; more info control | | No |
| 2013- | | N/A | Units | Faster information-based customer service delivery in all depts. | | No |
| 2014- | | soft savings | \$ | Efficiency-related cost savings in long-term; reduced paper records storage costs | | No |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The alternative is the status quo, with its inherent limitations in the management of the City's electronic information and records. Employing existing City technologies such as SharePoint is not recommended. Consultants contracted by the City in 2010 corroborated staff's finding that SharePoint 2007 and 2010 are not robust and mature EDMS products. Status quo provides inadequate management of electronic records (including e-mail, charts, images and social media). Technical SME is a fundamental requirement for implementation. could be structured as a contract position but that would limit recruitment of internal candidates familiar with city operation. | | | | | | |

| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| Senior Management has identified a gap in contract administration, project management and contractor performance management. Increased complexity of matters means a lawyer is required to draft and/or review all template contract/procurement documentation to ensure the City's interests are protected. This lawyer will also participate in project teams for procurement for larger projects, train City staff and provide legal advice regarding contract performance management. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | Legal Counsel - Procurement | | | | | |
|---|---|-------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The alternative would be to utilize external counsel with procurement expertise, which would be significantly more expensive. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The Legal Services Department has 6 lawyers, however administrative support staff are presently 3 Law Clerks with one devoted to 50% real estate, exclusively. One Law Clerk is required to meet critical timelines with the 132 appeals of the City of Vaughan Official Plan 2010, and appeals of Vaughan Metropolitan Centre Secondary Plan and other appeals. This means there are 1.5 Law Clerks for 5 lawyers. Professional standards are 1 support person per lawyer. The City is in a period of significant complex development and an additional person is required to meet Council's vision. With the addition of a procurement lawyer, there would only be 1.5 Law Clerks for 6 lawyers, which means the lawyers will be unable to maintain service levels, and the City is put at risk.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | | Timelines | Comments | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | LAW CLERK I | | | | |
|---|--|---|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Manage Growth & Economic Well-being | Develop the plan required to build a dynamic Vaughan Metropolitan Centre | 1 | Q4/15 | High | General Correlation |
| Organizational Goals | Plan and Manage Growth & Economic Well-being | Conduct a 5-year comprehensive review of the Official Plan as part of the Growth Management Strategy 2031 Including: support and coordinate land use planning for high capacity transit at strategic locations in the City and prepare a land use plan for the Vaughan enterprise zone and employment lands | 5 | Q3/13 Revised Q4/14* | High | General Correlation |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Legal staff support all the Strategic Initiatives in the Vaughan Vision 2020 by providing support to all the responsible departments. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| OMB Hearing days are significantly increasing. 2013, 2014 and 2015 workloads will increase significantly with appeals of the City of Vaughan Official Plan 2010, and secondary plans. Accordingly, there are 1.5 support staff for 4 lawyers. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Considerable overtime is required as deadlines are strictly set for Court and Board matters. Filing timelines are set by Rules of Procedure and Procedural Orders and an additional law clerk would significantly reduce overtime. A law clerk is required as he/she has research/legal technical skills which create efficiencies in use of the lawyers' time. Document preparation and review and research is required or lawyers will be unable to meet workloads. Outsourcing is required if no in-house law clerk is hired, resulting in significantly higher costs. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| There are no alternatives. Retention of external administrative support is significantly expensive and is not efficient. | | | | | | |

Appendix A - Additional Resource Request Submissions

Appendix A - Additional Resource Request Submissions

| Request Title | | Legal Counsel - Development | | | | |
|---|--|---|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Manage Growth & Economic Well-being | Develop the plan required to build a dynamic Vaughan Metropolitan Centre | 1 | Q4/15 | High | General Correlation |
| Organizational Goals | Plan and Manage Growth & Economic Well-being | Conduct a 5-year comprehensive review of the Official Plan as part of the Growth Management Strategy 2031 Including: support and coordinate land use planning for high capacity transit at strategic locations in the City and prepare a land use plan for the Vaughan enterprise zone and employment lands | 5 | Q3/13 Revised Q4/14* | High | General Correlation |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| Approval of VOP 2010 and related appeals; Approval of VMC Secondary Plan and related appeals; Approval of Hospital Precinct Plan and related hospital and development matters | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Department Business Plan - Benefits include support to Planning/Engineering/Finance staff, improved productivity and greater opportunities for creativity to facilitate corporate goals. This resource will help the department deliver development services in a tight timeframe. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Currently the majority of development work is done by the Director, other than utilizing external resources, which are significantly more costly, there are no alternatives other than staff continuing to work significant additional hours. | | | | | | |

| Associated Capital Costs | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - |
| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The Senior Manager has 35+ years of experience which allows for maximum efficiency, however, she is working in a very challenging environment. The increase in workload is expected to continue in the foreseeable future. The Real Estate Division must acquire all land needed for all City requirements. The DC Background Study 2013 identified timing of acquisition of various parcels of land for City requirements, including parks, sportsfields, firehalls, libraries, community centres, works/parks operations yards, and land for capital projects. Council adopted the Fire Master Plan and the Active Together Master Plan. Growth in the municipality has advanced the timing for acquisition of parcels to meet legislative requirements and service levels.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| Other comments: | | | | | | | |
| <p>The Senior Manager of Real Estate is completely involved with development related cash-in-lieu and general acquisitions and sales. An increase in required acquisitions, both complex and valued at millions of dollars, dictates that the Senior Manager of Real Estate requires assistance and support to meet acquisition deadlines.</p> | | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>VPL began the design, development and construction of the new Civic Centre Resource Library (CCRL) in late 2012. However, the current estimated timing for the development of the CCRL has been impacted by a site relocation. Based on the new requirements, it is not expected that the CCRL will be available for operation until late 2015.</p> <p>The direction for this new library has been provided for by the City of Vaughan's Development Charges Study and Active Together Master Plan. As per the Vaughan Vision 2020, this third resource library in Vaughan will contribute to the achievement of the following objectives: pursue excellence in service delivery, provide library service to the residents of the north end of the community as well as enhanced library service to the entire city, and plan and manage the growth and economic vitality of the City with the demand for increased library services. Funding for the construction of the new library is primarily provided by Development Charges with portions to come from Taxation as well as the Gas Tax Reserve.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| Hiring of Staff for Branch and Administrative needs | Q3-Q4/2015 | Staff hiring anticipated prior to and upon opening of CCRL branch | | | | | |
| Opening of Library to Community | Q4/2015 | Branch to be substantially completed by the end of 2015 | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | Were they Consulted? | | | | | |
| Buildings & Facilities | Department to work closely with VPL, Architect and Contractor on building of new resource library. | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| | | <input type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| | | <input type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| Other comments: | | | | | | | |
| Preliminary but no substantive discussions have been held as yet with Recreation as to where library space could be added to the existing floorplate of the community centre. Additional issues such as parking for this busy community centre would also need to be addressed. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| | | | | | | |
|---|--|--|---------------------|---|---------------------------------------|---|
| Request Title | Civic Centre Resource Library - Staffing | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Square feet per capita | | 0.61 sf/capita | 0.39 sf/capita | 0.40 sf/capita | |
| 2) | Cost Per Library Use | | <\$2.50/Use | \$2.61/Use | \$3/Use | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| VPL's Strategic Plan 2012 - 2015 looks to build community by putting priorities and initiatives in place that will enhance library spaces as welcoming environments as well as expanding on existing facilities. CCRL is part of the plan to construct new libraries in accordance with population growth and demand that will achieve excellence in library architecture and interior design. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Completion of the CCRL is in line with the Active Together Masterplan. The completion of the CCRL will meet the continued evolving needs of the larger community. While the addition of the CCRL will be a net new cost to the consolidated operating budgets of the City, the ability of the community to access a new library in a centralized and high profile area such as the City Centre campus will result in strong support by the community towards the efforts of the City to provide a welcoming environment to visit and benefit from the public services provided. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| One of the primary ratios used in the library world is the ratio of square feet of library space per capita. The generally accepted industry standard is 0.61 sq. ft. per capita. The current ratio for COV is 0.41 sq. ft. per capita and well below the industry average. Factors such as increasing collection size within existing libraries as an alternative would not move the ratio closer to this accepted standard and would in fact lead to overcrowding by customers within the existing library branches. As Vaughan continues to grow the ratio will continue to decrease and further emphasize that the amount of library space available needs to grow. The long term impact on future DC collection is also significant as the library facility inventory remains stagnant and the population continues to increase. | | | | | | |
| If the necessity of developing a new library is given as the community grows, then the staffing and operating costs for these new libraries will also be needed. At this time, no alternatives to the staffing and operating costs exist that would not otherwise be detrimental to the ongoing operations of the new branch or within the library operations. | | | | | | |

Appendix A - Additional Resource Request Submissions

| | | | | | | |
|---|--|--|---------------------|---|---------------------------------------|---|
| Request Title | Civic Centre Resource Library - Operations | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Building the infrastructure necessary to meet the Growth Management Strategy 2031 is a specific goal identified for Vision 2020. The Consolidated Growth Management Strategy 2031 includes taking actions to ensure that long term planning for new capital facilities takes place and to identify the facilities that will be needed to address future needs. The needs of the community as the COV continues its pattern of growth will require the additional build-out of new library facilities such as CCRL. The non-salary /benefit operating costs associated with such new facilities falls into lines as a necessary and critical component to delivering these additional services to the community for which it was intended. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Library Use Per FTE | | 25,000/FTE | 30,362/FTE | 26,132/FTE | |
| 2) | Cost Per Library Use | | <\$2.50/Use | \$2.56/Use | \$2.95/Use | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Completion of the CCRL is in line with the Active Together Masterplan. The completion of the CCRL will meet the continued evolving needs of the larger community. While the addition of the CCRL will be a net new cost to the consolidated operating budgets of the City, the ability of the community to access a new library in a centralized and high profile area such as the City Centre Campus will result in strong support by the community towards the efforts of the City to provide a welcoming environment to visit and benefit from the public service provided | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| One of the primary ratios used in the library world is the ratio of square feet of library space per capita. The generally accepted industry standard is 0.61 sq. ft. per capita. The current ratio for the COV is well below the average within the library system. Factors such as increasing collection size within existing libraries as an alternative would not move the ratio closer to this accepted standard and would in fact lead to overcrowding by customers within the existing library branches. As Vaughan continues to grow the ratio will continue to decrease and further emphasize that the amount of library space available needs to grow. | | | | | | |
| If the necessity of developing a new library is given as the community grows, then the staffing and operating costs for these new libraries will also be needed. At this time, no alternatives to the staffing and operating costs exist that would not otherwise be detrimental to the ongoing operations of the new branch or within the libraries operations. | | | | | | |

Appendix A - Additional Resource Request Submissions

| | | | | | | |
|---|--|--|---------------------|---|-----------------------|---|
| Request Title | VVSL Library - Staffing | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Square feet per capita | | 0.61 sf/capita | 0.39 sf/capita | 0.40 sf/capita | |
| 2) | Cost Per Library Use | | <\$2.50/Use | \$2.61/Use | \$3/Use | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| VPL's Strategic Plan 2012-2015 looks to build community by putting priorities and initiatives in place that will enhance library spaces as welcoming environments as well as expanding upon existing spaces. VVSL is part of the library infrastructure plan to construct new libraries in accordance with population demand. This plan also seeks to achieve excellence in library architecture and interior design. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The location of VVSL as part of the already existing community centre will lead to improved user satisfaction as residents will have greater options when visiting this multi-use space. The library will be a welcome addition to the immediate community as it will be located in an area that is underserved by existing library options. New libraries also typically incorporate new concepts and technologies with VVSL providing relevant and current services to the community which in turn will lead to greater sustainability. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| While existing libraries are available in other communities within Vaughan, there is no close neighbourhood library that the residents of this area can readily have access to. | | | | | | |

| Request Title | VVSL Library - Operations | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Square feet per capita | | 0.61 sf/capita | 0.39 sf/capita | 0.40 sf/capita | |
| 2) | Cost Per Library Use | | <\$2.50/Use | \$2.61/Use | \$3/Use | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| VPL's Strategic Plan 2012-2015 looks to build community by putting priorities and initiatives in place that will enhance library spaces as welcoming environments as well as expanding upon existing spaces. VVSL is part of the library infrastructure plan to construct new libraries in accordance with population demand. This plan also seeks to achieve excellence in library architecture and interior design. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The location of VVSL as part of the already existing community centre will lead to improved user satisfaction as residents will have greater options when visiting this multi-use space. The library will be a welcome addition to the immediate community as it will be located in an area that is underserved by existing library options. New libraries also typically incorporate new concepts and technologies with VVSL providing relevant and current services to the community which in turn will lead to greater sustainability. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |

Appendix A - Additional Resource Request Submissions

| Request Title | 2014 New Park Operating Expenses | | | | | |
|---|----------------------------------|-------------------------------------|---------------|--|----------|---|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Additional funding will enable the Parks & Forestry Operations Department to provide essential maintenance activities at newly developed park locations allowing the City of Vaughan to lead and promote environmental sustainability, and promote community health, safety and well being. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| Name/description of service level target: | | Target Level | Current Level | Level with ARR | | |
| 1) | Grass cutting | 14 days | 14 days | 14 days | | |
| 2) | CSA Compliance inspections | 14 days | 14 days | 14 days | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This request directly relates to the business plans as one of the departments key initiatives are to ensure service standards are met in an efficient and effective manner. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Completing approved service levels ensure the general public remain safe and can enjoy the use of neighbourhood parks knowing approved service levels are being maintained. The Corporation will benefit from less complaints and reduced operating costs as currently new developments are increasing overtime requirements. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Alternatives are to complete the required maintenance on overtime, this is not the primary approach as overtime has been capped and fatigue on field staff creates an environment that is not productive or efficient. | | | | | | |

| Additional Comments: | | | | |
| The development of new parks require operational funding to maintain standards. Below are park developments approved by Council that impact the 2014 operating budgets: September 25, 2012 Council approved - Forest View Park in Ward 4 - annual operating cost of \$15,976.00. July 31, 2012 a hiatus memo to the City Manager approved Village Green Park in Ward 3 - annual operating cost of \$29,493.00. June 26, 2012 Council approved Woodrose Neighbourhood Park in Ward 4 - annual operating cost of \$24,860. April 23, 2013 Council approved Pioneer Park in Ward 4 - annual operating cost of \$25,877. May 21, 2013 Council approved Heritage Park in Ward 4 - annual operating cost of \$12,643. May 21, 2013 Council approved Mill Race Park in Ward 4 - annual operating cost of \$25,583.00. June 4, 2013 Council approved Spring Blossom Park in Ward 4 - annual operating cost of \$15,142. Developer built Wishing Well Park in Ward 1 with an annual operating cost of \$3,955. | | | | |

Appendix A - Additional Resource Request Submissions

| | | | | | | |
|--|--|--|---------------------|---|-----------------------|---|
| Request Title | 1 Forestry Arborist II Position | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| SERVICE EXCELLENCE: "Enhance and Ensure Community Safety, Health & Wellness" -- As the number of work orders continues to increase due to pressures from growth and also from the aging Urban Forest, additional staff are required to respond to the added work load. "Lead & Promote Environmental Sustainability" -- by ensuring adequate staff are employed to maintain Vaughan's publicly owned trees. MANAGEMENT EXCELLENCE: "Maintain Assets & Infrastructure" -- by ensuring the City has adequate staff to monitor and maintain its Urban Forest. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | # of completed work orders per FTE | | 9500 | 11000 | 10000 | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| As the number of work orders increases in direct relation to growth (development assumptions), the aging Urban Forest and pressures from Emerald Ash Borer additional staff are necessary for the department to meet and maintain its maintenance standards and thresholds. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| "IMPROVE USER SATISFACTION" -- directly relates to the number of work orders completed and the time taken to complete them. Adequate staffing ensures that department thresholds are met and residents/property owners do not experience unnecessary delays. "IMPROVE SUSTAINABILITY" -- adequate staff ensure that trees are maintained sufficiently between scheduled maintenance times thereby extending the lifespan of the individual trees which make up Vaughan's Urban Forest. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2013 | | # wo's | Units | handling more work orders / FTE | | |
| 2013 | | \$ | Hrs. | Less Overtime | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Over-time can be continued to be offered, however it is unlikely that all work orders will be addressed through additional over-time only. Outsourcing of tree maintenance may also be explored, however, this will not reduce the number of inspections work orders received for hazard tree inspections, guaranteed maintenance/assumption inspections and private tree by-law inspections/permit processing. | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | 2 (2014) Temporary Seasonal Employees | | | | |
|---|---|---------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Completing services at defined levels ensures the general public remains safe during snow clearing events as well as maintaining parks on regular rotation. The corporation will benefit from less complaints about services not being completed quickly and on schedule | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2012 | | | Units | Maintaining schedules during regular hours / reducing overtime | | |
| 2014 | | | Units | Maintaining schedules during regular hours / reducing overtime | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The only alternative to increasing FTE's is to work overtime to complete maintenance schedules. Overtime expenses continue to climb annually and need to be offset with additional staff. Existing staff become worn out and are not as productive when they are required to work additional hours. | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | Playground Safety Surface Testing | | | | | |
|---|--|---------------------------------|---------------------|---|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Additional funding will enable the Parks & Forestry Operations Department to provide essential inspection activities on the playground safety surfacing therefore allowing the City of Vaughan to promote community safety, health and wellness. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Safety surface inspection | | 24 months | N/A | 24 months | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This relates to the departmental business plan objectives by completing minimum maintenance standards ensuring playgrounds are properly maintained / inspected and remain safe for passive use by the community | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Completing services at CSA mandated levels ensures the general public remains safe as well as maintaining playgrounds on regular rotation. The corporation will benefit from less complaints about services not being completed quickly and on schedule, and this program ensures the risks associated with providing playgrounds to the public are being mitigated to the best of our ability. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | | Savings | \$ | Associated costs involved in litigation matters | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| There are no alternatives available at this time. | | | | | | |

| Request Title | | Hard Surface Repairs | | | | |
|--|--|---------------------------------|--------------|---|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| SERVICE EXCELLENCE: Repairing trip hazards, "enhances and ensures community safety, health and wellness. And "leads and promotes environmental sustainability". MANAGEMENT EXCELLENCE: maintaining our hard surfaces "maintains assets and infrastructure". | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Assesses need to be inventoried and manged | | 2012 | on target | on target | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| Assets need to be maintained and inventoried. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Its necessary to maintain our assests and show the community that we are proactive at addressing trip hazards before a claim is put forward. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | | savins | Units | claims against the COV are more costly than routine repairs | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| Tennis and basketball courts require additional repairs and maintenance to the posts and netting. As the infrastructure ages, the first things to beak down are the posts. Annually the department has to repair approx 10 posts and trip hazards on the court surface in additon to the funds required to replace nets and maintain the grounds. Since capital funding is not on schedule to meet the demand for replacement, these repairs are necessary to avoid permanent closure. *please note act. # 346 should read Tennis and Basketball Courts | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |
| communities expectation that tennis and basket ball is playable | | ongoing | demands for no-cost park activity to the community would be impacted | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |

| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Improve User Satisfaction |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Maintaining our infrastructure before it must be closed to the public is proper management that ultimately improves User satisfaction. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | | | Units | Replacing a tennis court is 150-200K, replacing basketball 60-80K | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The alternative to not repairing a tennis post or a trip hazard is to cancel the availability to Users. This will have issues if the public enters the courts when they are deemed unsafe. The option of removing the tennis or basketball court is more costly than doing the repair. | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Community Services Asset Management Coordinator | | | | |
|--|---|--|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Manage Corporate Assets | Develop and implement a Corporate-wide Asset Management System | 3 | Q2/16 | High | General Correlation |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| MANAGEMENT EXCELLENCE: "Enhance Productivity, Cost Effectiveness and Innovation" – A Coordinator will view assets holistically and be able to see opportunities missed with a siloed approach to asset management. "Maintain Assets & Infrastructure" - This position will be responsible for maintaining Assets and Infrastructure for the Parks section of Community Services. SERVICE EXCELLENCE: "Pursue Excellence in Service Delivery" – Coordination of assets will ensure proactive maintenance and replacement of public facing assets. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This directly relates the departments 2013 Objectives: Asset Management required to collect data and develop asset class. This will increase efficiencies in maintenance and provide better planning for asset replacement. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| "IMPROVE SUSTAINABILITY" - By ensuring department assets are effectively managed as a whole; taking advantage of combined opportunities in maintaining department's infrastructure. "IMPROVE CORP. IMAGE" - By ensuring department assets are inventoried and proactively maintained within the lifespan of the asset, the department will project a positive image to the City's residents, business owners and visitors alike. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2013 | | savings | | | | |

| Additional funds are required to complete required sodding and seeding of sports fields. As play on all fields increase in the COV, the requirement to ensure consistent and safe playing surfaces is essential. Overseeding and sodding heavily used areas on sports fields insures the department will maintain service levels and provide suitable playing surfaces. Completing these basic services extends the life cycle of the fields and prevents the requirement for full renovation. | | | | | | | |

| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| SERVICE EXCELLENCE: Is achieved by keeping our sports fields healthy to reduce weed coverage through the cultural practices program by: 'Promoting community safety, health and wellness, lead and promote enviromental sustainabilty and demonstating excellence in sevice delivery. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | maintaining our standards of overseeding/sod | | 17 required | on target | on targe | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This relates to the top three objectives of repairing unsafe sports fields to stregthen aging weed infested turf with cultural practices | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Improve User Satisfaction |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Keeping our turf in parks with less chance for weeds to appear promotes sustainability and user satisfaction | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | | savings | Units | 17 fields x \$1500 | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| To not maintain a balance cultural services program including overseeding and sodding of sports fields, the turf will be taken over by weeds and open patches create a trip hazard. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| Request to convert an existing part time Clerk C (.69 FTE) position into a full time Clerk F (1 FTE) position to assist with the department's overall growth and provide administrative support. The position will support the departments current administrative requirements as they relate to CTS work orders, subdivision assumptions, preventative maintenance schedules and the cemetery administration. Clerical functions continue to grow and the number of CTS work orders to be generated in 2014 is estimated at 16,000 up from 4,234 in 2008. An administration workload analysis was completed in 2008 and indicated the current staffing levels (2008) could process as many as 3200 additional work orders (1700 work orders per FTE), subsequently, the department is forecasted to process 16,000 work orders in 2014 (2975 work orders per FTE) exceeding the targeted utilization of 1700 work orders per FTE . Converting the part time position into a full time complement will assist in delivering service standards while continuing to manage growth. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | Comments | | | | |

| Request Title | | PT to FT Administrative Clerk Conversion | | | | |
|---|--|--|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Ensure a High Performing Organization | Further evolve performance indicators | 2 | Q4/13 Revised Q4/14* | High | General Correlation |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| In order to manage growth and consistently meet our service standards, the department must ensure it has adequate staff who are skilled to meet those requirements. The administrative office is key in maintaining and managing information related to our assets, as well as providing front line support to the rest of the City staff, Council and the public. We need to attract, retain and promote skilled staff in order to plan and manage our growth so that we provide excellence in our service delivery. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | CTS Work Orders (per FTE) | | 1700 | 2581 | 2441 | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This request links directly to departmental initiatives including meeting approved service standards while ensuring operational efficiency & effectiveness | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Corp. Image | | Secondary | | Improve Staff Morale |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Staff are presently working overtime to keep up with the volume of work generated by the department. Having the part time staff hours converted to full time hours will align work loads with targeted objectives. The Parks & Forestry Department will improve the Corporate Image by consistently meeting our administrative service levels and being able to respond more readily to residents concerns which will intern provide service excellence to the public | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Alternatives are to increase overtime for administration to meet targets, this is not the primary approach as overtime has been capped. | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Irrigation System Maintenance | | | | |
|--|---|-------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| SERVICE EXCELENCE: "enhance and ensure community safety, health and wellness" as well as "lead and promote environmental sustainability" to ensure field irrigation systems are functioning. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | maintain the existing irrigation system | | 6 | 0 | 6 | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| Objective 3: repair and repalce sod in unsafe psots fields and streghthen aging weed infested turf with cultural practices (such as irrigation) | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Improve User Satisfaction |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Improve Sustainability as irrigated fields will last longer than non-irrigated. The Improved User satisfaction of having a well kept safe sports field will be achieved | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | | savings | Units | less fields will need to be replaced at a costly expense | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The irrigation systems are already installed, therefore the only alternative is to not address repairs as they arise. The field would be treated as a non-irrigated field if funds are unavailable. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| To address the ongoing program of fertilizing parks by-yearly, materials are required to meet the demand. Fertilizing an additional 20% of the active parkland hectares will encourage healthy growth, which in turn reduces the number of weeds. Additionally material costs have been increasing annually by 5-10% per year. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | | Comments | | | |
| Fertilizing parks by-yearly | | 2012 | | ongoing program | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

| Request Title | Bocce Court Maintenance | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Additional funding will enable the Parks & Forestry Operations Department to provide essential maintenance activities at all of the 64 city owned and operated bocce courts allowing the City of Vaughan to promote community health, safety and well being. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| Name/description of service level target: | | Target Level | Current Level | Level with ARR | | |
| 1) | Synthetic Court Annual Cleaning | 1 year | 0 | 1 year | | |
| 2) | Granular Court Maintenance | monthly | 1 year | monthly | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This request directly relates to the business plans as one of the departments key initiatives are to ensure service standards are met in an efficient and effective manner. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Completing approved service levels ensure the general public can enjoy the use of neighbourhood bocce facilities knowing approved service levels are being maintained. The corporation will benefit from less complaints and improved user satisfaction. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Alternatives are to continue to allow courts to degrade and fail and burden the city with replacement costs in advance of the expected life cycle of the asset. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| To address the ongoing program of aerating parks by-yearly, a contract is required to meet the demand. Aerating an additional 10% of the active parkland hectares will encourage healthy growth by reducing compaction, which in turn reduces the number of weeds. High traffic areas and areas adjacent to playgrounds require aeration by-yearly. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| Aerating parks by-yearly | 2012 | ongoing program | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

| Request Title | Aerating Parks | | | | | |
|---|--|-------------------------------------|---------------------|--|---------------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| SERVICE EXCELLENCE: Is achieved by keeping our parks healthy to reduce weed coverage through the cultural practices program by: 'Promoting community safety, health and wellness, lead and promote environmental sustainability and demonstrating excellence in service delivery. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | maintaining our standards of aeration | | by-yearly | on target | on target | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This relates to the top three objectives of repairing unsafe sports fields to strengthen aging weed infested turf with cultural practices | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| | Primary | Improve Sustainability | | Secondary | Improve User Satisfaction | |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Keeping our turf in parks with less chance for weeds to appear promotes sustainability and user satisfaction | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| To not maintain a balanced cultural services program including aerating of parks, the turf will be taken over by weeds. | | | | | | |

| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Grass cutting | | 14 days | 14 days | 14 days | |
| 2) | CSA Compliance inspections | | 14 days | 14 days | 14 days | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This request directly relates to the business plans as one of the departments key initiatives are to ensure service standards are met in an efficient and effective manner. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Completing approved service levels ensure the general public remain safe and can enjoy the use of neighbourhood parks knowing approved service levels are being maintained. The Corporation will benefit from less complaints and reduced operating costs as currently new developments are increasing overtime requirements. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Alternatives are to complete the required maintenance on overtime, this is not the primary approach as overtime has been capped and fatigue on field staff creates an environment that is not productive or efficient. | | | | | | |

| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Grass Cutting | | 14 day rotation | N/A | 14 day rotation | |
| 2) | Playground inspections / maintenance | | 14 day rotation | N/A | 14 day rotation | |
| 3) | Sports Field Maintenance | | 7 day rotation | N/A | 7 day rotation | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This relates to the departmental business plan objectives by completing minimum maintenance standards ensuring all parks / sports fields and playgrounds are maintained and remain safe for play | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Completing services at defined levels ensures the general public remains safe as well as maintaining parks on regular rotation. The corporation will benefit from less complaints about services not being completed quickly and on schedule | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2013 | | | | Maintaining schedules during regular hours / reducing overtime | | |
| 2014 | | | | Maintaining schedules during regular hours / reducing overtime | | |
| 2015 | | | | Maintaining schedules during regular hours / reducing overtime | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The only alternative to increasing FTE's is to work overtime to complete maintenance schedules. Overtime expenses continue to climb annually and need to be offset with additional staff. Existing staff become worn out and are not as productive when they are required to work additional hours. | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| 3 Horticulture Student Position to maintain service levels on shrub beds on City of Vaughan boulevards. Students are required for weeding and shrub bed maintenance between May to September. Position will report to the Supervisor of Horticulture. Current service levels provide for weeding 3 times per year; pruning every 3 years and mulching every 3 years; however, the department does not have the current resources to maintain these from those recently assumed. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| Shrub bed weeding schedule | 3x per season | current staffing level cannot support | | | | | |
| Shrub bed pruning | 3yr rotation | current staffing level cannot support | | | | | |
| Shrub bed mulching | 3yr rotation | current staffing level cannot support | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | 3, Boulevard Shrub Bed Summer Student Positions | | | | | |
|---|--|-------------------------------------|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| SERVICE EXCELLENCE: "Enhance and Ensure Community Safety, Health & Wellness" -- By ensuring that shrub beds along city-owned boulevards and entry features are maintained and not causing sight line obstructions within the public ROW's and sight triangles. MANAGEMENT EXCELLENCE: "Maintain Assets & Infrastructure" -- By closely monitoring and responding to shrub bed maintenance requirements and ensuring shrubs are regenerated on a 3-5 year rotation to extend lifespan of the landscape. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | # of hours required per month (May - Sept) | | 1240 | 304 | 944 | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The number of Flowerbed Stops per crew increases with the assumption of the shrub bed maintenance along City and Regional boulevards. Additional staff are required to maintain department thresholds. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Sustainability | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| "IMPROVE SUSTAINABILITY" - By ensuring City-owned shrub beds are regenerated on a 3-5 year rotation thereby extending the lifespan of the landscape/asset. "IMPROVE CORP. IMAGE" - By proactively monitoring and responding to shrub bed maintenance City-wide, the department will ensure Vaughan is seen as a responsible leader. Both benefits are measurable in the number of shrub beds maintained as well as through the subsequent reduction in customer work order requests for maintenance and complaints. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2013 | | | Units | completing more horticulture/flower stops per crew | | |
| 2013 | | | Hrs. | Less Overtime | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Over-time can continue to be offered, however it is unlikely that all locations can be addressed through additional over-time only. Outsourcing of the work may also be explored (i.e. creation of a shrub bed maintenance contract). The only other alternative is removal of shrubs beds which would have a significant cost impact as well. | | | | | | |

Appendix A - Additional Resource Request Submissions

| | | | | | | |
|---|--|--|----------------------|---|---|---|
| Request Title | 1, 10-month Horticulture Temp (Shrub Maintenance Crew) | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| SERVICE EXCELLENCE: "Enhance and Ensure Community Safety, Health & Wellness" -- By ensuring that shrub beds along city-owned boulevards and entry features are maintained and not causing sight line obstructions within the public ROW's and sight triangles. MANAGEMENT EXCELLENCE: "Maintain Assets & Infrastructure" -- By closely monitoring and responding to shrub bed maintenance requirements and ensuring shrubs are regenerated on a 3-5 year rotation to extend lifespan of the landscape. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | Target Level | Current Level | Level with ARR | | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The number of Flowerbed Stops per crew increased with the assumption of the shrub bed maintenance along City and Regional boulevards. Additional staff are required to maintain department thresholds. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| | Primary | Improve Sustainability | Secondary | Improve Corp. Image | | |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| "IMPROVE SUSTAINABILITY" - By ensuring City-owned shrub beds are regenerated on a 3-5 year rotation thereby extending the lifespan of the landscape/asset. "IMPROVE CORP. IMAGE" - By proactively monitoring and responding to shrub bed maintenance City-wide, the department will ensure Vaughan is seen as a responsible leader. Both benefits are measurable in the number of shrub beds maintained as well as through the subsequent reduction in customer work order requests for maintenance and complaints. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? | |
| 2012 | | | Units | handling more flowerbed stops / crew | | |
| 2012 | | | Hrs. | Less overtime | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Over-time can continue to be offered, however it is unlikely that all locations can be addressed through additional over-time only. Outsourcing of the work may also be explored (i.e. creation of a shrub bed maintenance contract). | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| Oakbank Pond is a significant feature to City of Vaughan residents and visitors. The pond however is deteriorating due to an abundance of geese as well as other environmental influences. A Goose management and water quality control program to deter Canada Goose nesting and improve and maintain water quality of pond is necessary for the health and aesthetics of the pond. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | | Timelines | Comments | | | |
| Commence water quality / goose management program | | | Q2-2013 | On-going maintenance of the pond as a follow up to completed capital projects | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |

Appendix A - Additional Resource Request Submissions

| | | | | | | |
|---|--|--|---------------------|---|-----------------------|---|
| Request Title | Oakbank Pond Maintenance Program | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Additional funding will enable the Parks & Forestry Operations Department to provide essential maintenance activities on the pond therefore allowing the City of Vaughan to Lead and Promote Environmental Sustainability, and promote community safety, health and wellness. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Monthly Scheduled Maintenance activities | | Monthly | None | Monthly | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This relates to the departmental business plan objectives by completing minimum maintenance standards ensuring the pond is properly maintained and remains safe for passive use by the community | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Completing services at defined levels ensures the general public remains safe as well as maintaining parks on regular rotation. The corporation will benefit from less complaints about services not being completed quickly and on schedule, and this program ensures the sustainability of the aquatic well being of the pond | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2013 | | Change | Hrs | Less staff time associated with calls about the condition of the pond | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The only other option would be to leave the area and let it return to a fully naturalized pond, this approach has not been considered as the results would be unhealthy and unpleasant visually. | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>Since the initiation of the provincial pesticide free bylaw, management of weeds within salt strips, walkways, center median islands and various other hard surfaces has been challenging. Staff are not able to keep up to the excessive weed growth within our current service levels and rotation schedules as the weeds grow much faster and better in drier conditions than turf. String trimming is our current service standard, however this does not impact the roots and the weeds grow back rapidly. A pilot project utilizing an approved non-selective herbicide was conducted in 2012 with good results. Weeds are dead within 24 hours of application and this is followed by string trimming to remove the remains. In an effort to better control weeds in these locations throughout city streets and boulevards, Parks is requesting funding to support this program.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | | Timelines | Comments | | | |
| More effective weed removal | | | Q3 | Presently no spraying program in place | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Non-selective Weed Spraying Program | | | | |
|---|---|-------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| SERVICE EXCELLENCE: "Lead & Promote Environmental Sustainability" -- by ensuring the weed growth on city streets and boulevards is controlled more effectively with better results for the community. MANAGEMENT EXCELLENCE: "Maintain Assets & Infrastructure" -- by ensuring weeds are killed and not simply trimmed and left to grow back, the City is better managing this on-going issue/concern of residents. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | To more effectively remove weeds on hard surfaces | | less weeds | none | 2x per season | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| As per the department's business plan, effective control of weeds supports an aesthetically beautiful and consistent service delivery for our residents. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Corp. Image | | Secondary | | Improve User Satisfaction |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| "IMPROVE CORPORATE IMAGE" -- boulevards and medians are a highly visible part of the City's infrastructure that immediately impact the perception and image of Vaughan. "USER SATISFACTION" -- by utilizing an approved non-selective herbicide weeds are more effectively controlled for the direct benefit and appreciation of residents and visitors alike. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2013 | | hrs | hrs | less staff time required to return and string trim | | No |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Currently string trimming is the only option for controlling weed growth in hard surface / paving areas. This does not impact the root and or low growing grassy weeds which quickly grow back. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| In 2010, Council approved an ARR for the installation of GPS units in sidewalk snow clearing equipment. Partial funds were approved for this initiative (16k from the requested 43K). 25 GPS units are required to complete this initiative that provides service excellence in managing the operation. In addition, this data is used to support the COV with slip and fall claims. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | | Comments | | | |
| 25 units required at 1200/unit annually | | 2012 | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| Clerks Department | Accurate records of snow clearing equipment being on site. | | | | | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Additional GPS Units | | | | |
|--|--|---------------------------------|--------------|---|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| SERVICE EXCELLENCE: Providing details to residents as to when the sidewalk units will be in their area accomplishes: "Pursue Excellence in Service Delivery", "Enhance and Ensure Community Safety, Health and Wellness", "Lead and Promote Env sustainability". MANAGEMENT EXCELLENCE is achieved by "demonstrated leadership and promoting effective Governance" and "Enhance productivity and Innovation" | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | 41 units required to have sidewalk units equiped | | 41 | 16 | 41 | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| Listed in prior years initiative and carried over into 2012; Implement GPS system to all COV vehicles to provide timely resopnse to snow clearing and turf cutting equipment in order to provide better customer service | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Customer service is quick and timely and records are more accurate then recording the deatail manually. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2016 | | savings | Units | over 100K annually saved in claims is anticipated | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Presently the units without GPS have a less response time to residential inquiries. Records will continue to be kept manually only. | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | 2017 New Park Operating Expenses | | | | | |
|---|---|-------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Additional funding will enable the Parks & Forestry Operations Department to provide essential maintenance activities at newly developed park locations allowing the City of Vaughan to lead and promote environmental sustainability, and promote community health, safety and well being. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Grass cutting | | 14 days | 14 days | 14 days | |
| 2) | CSA Compliance inspections | | 14 days | 14 days | 14 days | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This request directly relates to the business plans as one of the departments key initiatives are to ensure service standards are met in an efficient and effective manner. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Completing approved service levels ensure the general public remain safe and can enjoy the use of neighbourhood parks knowing approved service levels are being maintained. The Corporation will benefit from less complaints and reduced operating costs as currently new developments are increasing overtime requirements. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Alternatives are to complete the required maintenance on overtime, this is not the primary approach as overtime has been capped and fatigue on field staff creates an environment that is not productive or efficient. | | | | | | |

| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| In support of the new proposed policy for "Funding support for External Sports Association Tournaments" funds in the amount of 12K are required to support national tournaments based on the guidelines. Major National and International Tournaments hosted by our Sports Associations, not only put the City of Vaughan on the map for such grand events, the economic benefits can be rewarding to Vaughan as well. Some associations are struggling to host such an event and this policy that provides a maximum contribution of 3K per tournament will mean more tournaments and support to our associations to pursue National/International tournaments. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| Increased number of tournaments | Q1-2014 | requests received prior to June 1st previous year | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | Were they Consulted? | | | | | |
| Recreation | Revenue from issuing permits | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| Economic Development | Revenues from the meals and accommodations that will benefit the COV | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | City Assisted Tournament Funding | | | | |
|---|---|-------------------------------------|--------------|---|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Allocation of funds will link to the the Vaughan Vision of ORGANIZATIONAL EXCELLENCE by managing growth and economic Well-being. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This initiative relates to public outreach as indicated in the business plan. Engaging the community and empowering sports teams to host tournaments is important for Community Services | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The benefits to the community to host a major tournament in Vaughan is both financial as well as a corporate image benefit. The anticipated increase in tournaments will be measured. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | Output/Service Quantity | change | \$ | It is anticipated that the savings will be cost neutral | | No |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| As a result of the Bantam and Pee Wee tournament funding, the department was requested by Council to implement a guideline for future requests. This guideline provides that option. Alternatively we would not provide funding assistance any more to groups who request assistance to host major tournaments. | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Increased frequency in grass cutting | | | | |
|--|---|--------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Additional funding will enable the Parks & Forestry Operations Department to provide essential maintenance activities at selected park locations allowing the City of Vaughan to Lead and Promote Environmental Sustainability, and promotes community health, safety and well being | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Grass cutting services | | 7 days | 14 days | 7 days | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This relates to the departmental business plan objectives by completing minimum maintenance standards ensuring all Parks are maintained and remain safe for use by the public | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Completing services at defined levels ensures the general public remains safe as well as maintaining parks on regular rotation. The corporation will benefit from less complaints about services not being completed quickly and on schedule | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2013 | | Change | \$ | Reduced number of incoming complaints regarding long grass/weeds | | No |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The only alternative to increasing grass cutting schedules is to increase overtime with existing staff, the demand from both city staff and the residents is to increase the frequency of the cutting to 7 days | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| In order to defend the VOP 2010 at the Ontario Municipal Board (OMB) a full-time contract Senior Planner has been hired for approximately 2 years, starting in 2012. This was a) necessary in that the current staff compliment will be fully occupied with the rest of the work program and which needs to be accomplished within a certain timeframe otherwise aspects of it would be subject to OMB appeals and b) would be cost efficient in that if staff resources are not available the department would need to hire consultants to undertake the work at approximately three times the cost. It has become clear that the work related to the OMB appeals due to the number, complexity and timelines associated with other similar endeavours, will go at least until the end of 2015. Therefore an extension of the contract will be required for 2014 and 2015. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| OMB Pre-hearing on Volume 1 | Q1-Q3 - 2012 | Hearing Q4-2012 - Q1-2013; Decision Q2-2013 | | | | | |
| OMB Pre-hearing on Volume 2 | Q2-Q4 - 2014 | Hearing Q1-Q2 - 2013; Decision Q3-2013 | | | | | |
| OMB Hearing Volume 1 | | | | | | | |
| OMB Hearing Volume 2 | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | Were they Consulted? | | | | | |
| Legal Services | Defending the VOP 2010 at the OMB will occupy a Senior Planner full-time as well as require input from the Director and Manager of Policy Planning on a regular basis. | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| | In order to avoid costly appeals to the OMB, the Natural Heritage Network Study, to inform the VOP 2010 and numerous other studies, the department will need the 2 Senior Policy Planners to focus on this work. Therefore, an additional planner with senior capabilities will be needed to address the OMB work. | <input type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| | | <input type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| Other comments: | | | | | | | |
| If planning expertise is not available in-house the Legal Dept. will need to rely on consultant assistance at approx.3 times the cost. Aside from the need to defend the VOP 2010 at the OMB the dept has a complex work program requiring all planner & senior planner skills/resources. Work (5 Secondary Plans, Natural Heritage Network Study, Sustainable Development Study, Hospital & Vaughan Campus of Care Precinct Plan, Block Plans & other initiatives) must be accomplished within 2 yrs to avoid cost & time associated with appeals. The dept needs to have the senior planner capabilities to devote to the OMB appeals. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Senior Policy Planner (Extension of 2 YR Contract - 2014 to 2015) | | | | |
|--|---|---|--------------|---|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Manage Growth & Economic Well-being | Develop the plan required to build a dynamic Vaughan Metropolitan Centre | 1 | Q4/15 | High | Mandatory |
| #VALUE! | #VALUE! | Conduct a 5-year comprehensive review of the Official Plan as part of the Growth Management Strategy 2031 Including: support and coordinate land use planning for high capacity transit at strategic locations in the City and prepare a land use plan for the Vaughan enterprise zone and employment lands | #VALUE! | #VALUE! | #VALUE! | General Correlation |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| The request relates directly to Vaughan Vision 2020 in that it implements Strategic Initiative #1 - Undertake a 5-year comprehensive review of the Official Plan as part of the Growth Management Strategy - a High Priority. The VOP 2010 does not come fully into effect until the appeals to the OMB have been resolved. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The Policy Planning Department's Business Plan identifies increases to the Department's workload in terms of 5 new Secondary Plans and other studies in order to avoid costly and time consuming appeals to the OMB and other time sensitive work. As part of the 2013 Budget Submission, the department is requesting that Senior Policy Planner 2 yr (2012 to 2013) contract position be extended for an additional 2 yrs. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Realize Future Benefits | | Secondary | | Leverage Innovation/Creativity |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| To complete a 5-year comprehensive review of the Official Plan is a High Priority and a key component of the Growth Management Strategy. Leveraging investment in Vaughan cannot be fully realized unless the Plan is approved and appeals are resolved. The secondary measure is met by promoting a planner to acting senior planner to undertake OMB work and back filling with a junior planner. Vaughan thereby retains the corporate knowledge and the planner gains important experience. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2014 | | | \$ | Would result in no request to increase the Corporate OMB account (Legal Dept.). | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| An alternative would be to hire a member from our consultant team, however, this would be more costly. As well, given that the approach would be to elevate a planner into a senior planner position for this work and back fill with a more junior planner, the Corporation retains the knowledge gained from the process. In the event that a consultant needs to be hired, this may need to be addressed through the Capital Budget process either as an increase to the Corporate OMB Account (Legal Dept.) or as an increase to the Official Plan Budget (Policy Planning Dept.). | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>Purchasing Services is in need of additional staffing, one Senior Technical Clerk to support buyers with increased bidding workload. This position is integral part of bid preparation process which enables buyers to secure requesting department's requirement through competitive bid cycle. Buyers focus more on professional procurement aspects of bid process to ensure adherence with the related regulations where as this position handles administrative aspect of the bid process by timely releasing the bid documents, addendums, advertisements, upload bids on websites and also receives fees and submissions from vendors. Shortage of this staff member has corporate wide adverse effects due to bottlenecks in procurement process</p> <p>Purchasing Services is committed to the procurement of supplies and services and construction in a timely and cost effective manner through fair and competitive process. This includes the acquisition of goods, services and capital construction projects for all departments of the City of Vaughan and VPL.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | | Comments | | | |
| Bidding Process to award the Contract | | Specific to each | All departments put in their procurement requests for goods, services or construction | | | | |
| | | Project | and have specific milestones of start and end date in order to ensure department's | | | | |
| | | | operations and service standards. Purchasing is required to work to meet departments | | | | |
| | | | timelines. | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | | Were they Consulted? |
| Corporate Wide | To meet the departmental timeline for procurement of goods, services and constructions, Purchasing | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| | department is required to process the bids soon upon budget approval and receipt of specifications from | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| | departments. With the approval of this ARR the process bottleneck will clear and improve bid process time | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No |

Appendix A - Additional Resource Request Submissions

| Request Title | | Senior Technical Clerk | | | | |
|---|---|-------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Pursue Excellence in Service Delivery. Approval of this position will help maintain the purchasing service delivery standards to its internal and external customers by improving the turn around time of procurement / bidding cycle. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Maintain Procurement Cycle | | A | B+ | A | |
| 2) | Continue Fair and transparent Bidding process | | A | A | Maintain A | |
| 3) | Maintain Litigation Free Operations | | A | A | Maintain A | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The number of Bids and Purchase Order have increased during last 3 years as all of the purchasing tasks are now centrally performed by Purchasing Services to ensure consistency in accordance with policies. As result of this increased work load the bidding process is either delayed or staff is working extra time to meet the timelines. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Timely meeting the user department's operational requirement will help them maintaining the service delivery standard / levels which in turn improve user satisfaction and also improve corporate image. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Staff is working extra hours to meet the timelines for additional requirement. However this option is not a sustainable approach as continuation of this practice will have negative impact on related staff work life balance. Moreover working beyond regular hours may impact on quality of work and increase chances of errors. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| This contract position is requested so that a complete business analysis can be completed on the various activities performed by the Public Works Department. The intent is to have costs being mapped against funding sources, and tie those costs into the service levels, as well as the cost implications of those service levels on the funding sources. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | | Comments | | | |
| Review of all PW activities. | | Complete by Q4 | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| Budgeting | Impact would be on staff time to work with City's Budget Analyst and/or Budget Co-ordinator. | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| Other comments: | | | | | | | |
| The benefit of this contract position is that it will provide useful analysis for not only current service levels, but on a go forward basis, the information will improve the department's ability to forecast budget needs based on those service levels. It will also improve the department's budget preparation and analysis process, and potentially create efficiencies in the department. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Operations Review Analyst | | | | |
|--|---|-------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| By completing a business review of the activities and service levels, efficiencies may be produced that will result in either cost or time savings. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Currently not done | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The Administration business plan includes this request as a means of gaining departmental efficiencies. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Realize Future Benefits | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The future benefits will be that sound business case decisions can be made on service levels and their impact on funding sources. By gaining efficiencies, the impact on tax increases to fund certain activities can potentially be mitigated through improved efficiencies or service level adjustments. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2012 | | | | Review completed | | |
| 2013 | | | | Implementation of any savings | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The only other option than contracting this person, is for staff to be seconded from Budgeting for a one year period to complete this review. | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| Addition of new Equipment Operator I. This Union position performs general labour duties related to maintenance and repair of City roads, sidewalks, boulevards and drainage infrastructure. The position also participates in various winter maintenance activities including operation of sander/plough combination vehicle, 4x4 truck plowing, snow removal and winter drainage maintenance. On occasion, this position provides direct assistance to the Roads Supervisor and Roads Foreperson in a Lead Hand capacity by overseeing work crews involved in the day to day maintenance of roads, sidewalks, boulevards and drainage aspects. This position is often reclassified to Equipment Operator II to operate the City's heavy equipment used in the maintenance and repair of road infrastructure. This ARR is fully offset by savings in Salt Purchase Materials & Supplies. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |

Appendix A - Additional Resource Request Submissions

| | | | | | | |
|---|--|--|----------------------|---|---|---|
| Request Title | Equipment Operator I | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Service Excellence: Demonstrate Excellence in Service Delivery by providing respectful, timely and reliable maintenance and repair of road infrastructure in response to residents' concerns and in accordance with the City's approved service levels. Promote Community Safety, Health & Wellness by maintaining the City's road and drainage infrastructure and contributing to safe road conditions during winter maintenance. Management Excellence: Ensure a High Performing Organization by assisting in the timely repair and maintenance of road and drainage infrastructure in accordance with the City's approved service levels. Manage Corporate Assets through the efficient repair and maintenance of road and drainage infrastructure in accordance with provincial legislation and the City's approved service levels. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | Target Level | Current Level | Level with ARR | | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| We must remain in compliance with provincial legislation (Minimum Maintenance Standards - MMS) and Council approved service levels related to road maintenance and repair by addressing deficiencies within a minimum time period. Seasonal demands for operators (i.e. sweeper, backhoe, loader) often require that we reclassify Equipment Operator I's for various heavy equipment units. Given the restriction on Hours of Service (max of 60 hours/week), this position can quickly reach the maximum hours limit during winter events or emergency situations. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| | Primary | | | Secondary | | |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? | |
| | | | | N/A | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| One alternative is to assign a current staff member in a lower job classification to this role. This removes a staff member from their current role, thereby creating a staff shortage in another job classification such as Labourer. This results in a negative impact on the operation by reducing the number of staff available for day to day road maintenance work or On Call operations (i.e. winter maintenance/emergency situations). For this reason, this alternative is not recommended. Another option is to hire more seasonal staff to assist with road maintenance aspects. This may be a short term solution. | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | Road Patrol Person | | | | | |
|---|--------------------|-------------------------------------|---------------|--|----------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| <p>Service Excellence: Demonstrate Excellence in Service Delivery by providing respectful, timely and reliable inspection, maintenance and repair of road infrastructure in response to residents' concerns and in accordance with the City's approved service levels. Promote Community Safety, Health & Wellness by inspecting and maintaining the City's road and drainage infrastructure and contributing to safe road conditions during winter maintenance. Management Excellence: Ensure a High Performing Organization by assisting in the timely repair and maintenance of road and drainage infrastructure in accordance with the City's approved service levels. Manage Corporate Assets through the efficient inspection, repair and maintenance of road and drainage infrastructure in accordance with provincial legislation and the City's approved service levels.</p> | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| Name/description of service level target: | | Target Level | Current Level | Level with ARR | | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| <p>We must remain in compliance with provincial legislation (Minimum Maintenance Standards - MMS) and Council approved service levels related to road maintenance and repair by identifying and addressing deficiencies within a minimum time period. This position plays a key role in satisfying the City's obligations under MMS for patrolling roadways and documenting deficiencies and weather related conditions, including documentation and record keeping.</p> | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Secondary | | | | |
| | | | | | | |
| <p>Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)?</p> | | | | | | |
| | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| <p>One alternative is to assign a current staff member in a different job classification to this role. This removes a staff member from their current role, thereby creating a staff shortage in another job classification such as Labourer or Equipment Operator 1. This results in a negative impact on the operation by reducing the number of staff available for day to day road maintenance work or On Call operations (i.e. winter maintenance/emergency situations). For this reason, this alternative is not recommended. Another option is to hire more seasonal staff to assist with road patrol aspects. This may be a short term solution.</p> | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>Addition of new Equipment Operator I. This Union position performs general labour duties related to maintenance and repair of City roads, sidewalks, boulevards and drainage infrastructure. The position also participates in various winter maintenance activities including operation of sander/plough combination vehicle, 4x4 truck plowing, snow removal and winter drainage maintenance. On occasion, this position provides direct assistance to the Roads Supervisor and Roads Foreperson in a Lead Hand capacity by overseeing work crews involved in the day to day maintenance of roads, sidewalks, boulevards and drainage aspects. This position is often reclassified to Heavy Equipment Operator to operate the City's heavy equipment used in the maintenance and repair of road infrastructure.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |

Appendix A - Additional Resource Request Submissions

| | | | | | | |
|---|----------------------|--|----------------------|---|---------------------------------------|---|
| Request Title | Equipment Operator 1 | | | | | |
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Service Excellence: Demonstrate Excellence in Service Delivery by providing respectful, timely and reliable maintenance and repair of road infrastructure in response to residents' concerns and in accordance with the City's approved service levels. Promote Community Safety, Health & Wellness by maintaining the City's road and drainage infrastructure and contributing to safe road conditions during winter maintenance. Management Excellence: Ensure a High Performing Organization by assisting in the timely repair and maintenance of road and drainage infrastructure in accordance with the City's approved service levels. Manage Corporate Assets through the efficient repair and maintenance of road and drainage infrastructure in accordance with provincial legislation and the City's approved service levels. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| Name/description of service level target: | | Target Level | Current Level | Level with ARR | | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| We must remain in compliance with provincial legislation (Minimum Maintenance Standards - MMS) and Council approved service levels related to road maintenance and repair by addressing deficiencies within a minimum time period. Seasonal demands for operators (i.e. sweeper, backhoe, loader) often require that we reclassify Equipment Operator I's for various heavy equipment units. Given the restriction on Hours of Service (max of 60 hours/week), this position can quickly reach the maximum hours limit during winter events or emergency situations. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary <input style="width: 150px;" type="text"/> | | Secondary <input style="width: 150px;" type="text"/> | | | | |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| One alternative is to assign a current staff member in a lower job classification to this role. This removes a staff member from their current role, thereby creating a staff shortage in another job classification such as Maintenance Operator. This results in a negative impact on the operation by reducing the number of staff available for day to day road maintenance work or On Call operations (i.e. winter maintenance/emergency situations). For this reason, this alternative is not recommended. Another option is to hire more seasonal staff to assist with road maintenance aspects. This may be a short term solution. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| Undertaking: To implement a program that would allow the provision of recycling collection services to a limited number of specially designed recycling containers to be sited at designated Canada Post supermail box locations. | | | | | | | |
| Note: This ARR is to be considered in conjunction with a capital ARR request for the actual purchase and installation of the recycling containers. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| To inventory problematic supermail box locations | 4 mo. b/f launch | Ideally should be conducted in spring or summer or fall (not winter) | | | | | |
| Compile library of baseline appearance of problematic locations | 2-4 mo.b/f launch | Ideally should be conducted in spring or summer or fall (not winter) | | | | | |
| To educate residents about this pilot program | 2 mo.b/f launch | Will also be educating residents throughout length of pilot | | | | | |
| To conduct waste audits to determine | 4, 8 & 12 mo. into | To determine extent of contamination and whether it is being used as intended | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | Were they Consulted? | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Recyclable paper collection at designated supermail box locations | | | | |
|---|--|---|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| This initiative demonstrates the City's commitment to 100% waste reduction This initiative demonstrates the City's commitment to community tidiness This initiative demonstrates the City's commitment to increased collection of recyclables | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Waste Diversion | | 1 | 0.69 | 70% (approx) | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| This initiative was identified as an objective in the 2011 Solid Waste Mgmt. Business Plan. It was reiterated as a top objective in the 2012 Solid Waste Business Plan | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve Corp. Image | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Improve Corp Image: Currently the visual appearance of a number of supermail box locations is concerning as many sites are continually strewn with significant amounts of litter. This is witnessed by daily users of the problematic mail box locations, as well as those passing via vehicle, bike or on foot. Providing a permanent solution to this issue demonstrates the City's commitment to ongoing litter issues that plague some areas in Vaughan | | | | | | |
| Realize Future Benefits: If the pilot is determined to be successful, the program could be rolled out City wide | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | n/a | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| 1. Canada Post: Direct Canada Post to take responsibility of waste generated at Canada Post locations. The City has addressed this issue with Canada Post for a number of years, Canada Post refuses to take any responsibility of the litter nor will they entertain placing any recycling containers at their sites. 2. Post Signage: Post signs at problematic supermail box locations encouraging residents not to litter Erect Do No Litter Bylaw signs Direct Residents to be on a "no junk mail" list The City has done all the above, with limited success 3. Status Quo: Continue to entertain complaints from residents / corporations about excessive litter at designated supermail box locations. Redirect PW staff to clean up litter when required. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The position of 'Education and Program Planner' (CT 214) under PW - Solid Waste (business unit 2330001) was identified to be redundant (by PW and HR). The position of Education and Program Planner had been rated as an I. A new position 'Environmental Program Planner' was created under PW - Water / Wastewater (business unit 2340001) to assist with various administrative duties. This new position is also rated as an I. A new job description was created and the staff person has been doing the functions under this new job description sometime after the 2013 budget submission. This ARR is a formal account of the transfer of the FTE (PFT) from PW Waste division. An equivalent ARR is being submitted by Water/Wastewater to account for the other side of this transfer.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| n/a | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |

| Associated Capital Costs | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - | \$ - |
| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>The front counter serves two departments (Recreation & Culture and Parks Development) and is currently unmanned. Staff in the vicinity of the counter are all on a telephone queue system where most of their time is spent selling facility rentals or program registrations. When a client comes to the counter, either the phone client or the counter client must wait while staff serves one or the other. Parks Development staff offices are not located in proximity to the counter and providing dedicated coverage within existing staff resources is very challenging. This position will allow for increased customer service and could also assist with administrative functions such as filing, answering phones, word processing, etc. The counter receives on average between 15-29 visits per day.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | Were they Consulted? | | | | | |
| Parks Development | Currently, Parks Development staff provide counter coverage at least once per week. Eliminating this function would allow the staff to spend their time on administrative support. | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| | | <input type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| | | <input type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| Other comments: | | | | | | | |
| This is a busy counter and requires coverage to meet the ever changing needs of customers and allows us to meet our mission statement of Citizens First through Service Excellence. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | Customer Service Administration Clerk | | | | | |
|---|--|-------------------------------------|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Service Excellence - Pursue Excellence in Service Delivery - this position will assist in serving clients in an effective and timely manner. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Customer Satisfaction | | 95 | 96 | 96 | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| One of the Key Outcomes indicated in the 2014 Recreation and Culture Business Plan is to "provide access to programming, services and facility space for all stakeholders". Implementing this position enables staff with more time to sell services and facility space to community groups and residents of Vaughan. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Surveys are issued bi-annually to assess customer satisfaction levels. A dedicated staff person at the front counter will ensure that customer needs are met in an effective and timely manner. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | Units | | | |
| | | | Hours | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The alternative is to man the desk as we have been, with various units covering the day at the counter. This is not the primary approach because it takes a staff person away from their regular duties, there is no firm ownership over the desk and there is no consistency in service delivery. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| To increase service levels to the citizens of Vaughan, the Commission of Community Services is considering opening some of it's recreation facilities during more statutory holidays. This request of \$50,000/year in operating costs incorporates various staffing costs for both Recreation and Building & Facilities to open two (2) community centres for an additional five (5) statutory holidays (locations and holidays to be determined). Currently, the Recreation & Culture Department offers family friendly, drop-in leisure activities at recreation facilities across Vaughan during some of the holiday breaks throughout the year: all centres are open regular hours on Family Day, and four centres are open holiday hours on Boxing Day. All community centres are CLOSED on all other statutory holidays. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | Were they Consulted? | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Overtime for Statutory Holidays | | | | |
|--|--|---------------------------------|---------------------|--|-----------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| The request for overtime is required to open on 5 statutory holidays at 2 community centres. This initiative links to the Strategic Goal of Service Excellence in Service Delivery. Citizens will have an increased opportunity to enjoy family friendly, drop-in leisure activities at recreation facilities during some of the holiday breaks throughout the year. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | Customer Satisfaction | | 95 | 96 | 96 | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| One of the Key Outcomes indicated in the 2014 Recreation and Culture Business Plan is to "provide access to programming, services and facility space for all stakeholders". Opening select community centres on two additional statutory holidays will help support this key outcome. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Corp. Image |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Having two community centres open for more statutory holidays will allow citizens to enjoy these holidays by partaking in family friendly, drop-in leisure activities. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The alternative is to continue being closed on all statutory holidays, except for Family Day and Boxing Day. | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | Registration Technician | | | | | |
|--|---|-------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Secondary | | | | |
| | | | | | | |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | Block 11 CC - General Programs Staff | | | | | |
|--|--------------------------------------|-------------------------------------|---------------|--|----------|---|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| Name/description of service level target: | | Target Level | Current Level | Level with ARR | | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Secondary | | | | |
| | | | | | | |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| | | | | | | |

| To strategically attract, invite and promote potential economic activities, additional uses at City Hall and Future Campus that showcase our diversity in the ongoing development of our City. Markets, promotes, solicits and coordinates City Hall uses in accordance with pilot Interim Use of Space Guidelines. This position is to support the pilot project to assess the Interim Use of Space Guidelines, benefits to the community through public use of space at City Hall, and its implications on City resources (staff, equipment, facilities, etc). This position is crucial for promoting a positive image of the City with the ultimate goal to attract, invite, promote and showcase the City. This position will evaluate and ensure that requests meet corporate protocol and policies and strengthen the corporate brand. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | Timelines | Comments | | | | | |
| Corporate Promotion Package | Q1 2014 | Benefits, opportunities, marketing potential, etc | | | | | |
| Year End Report of Activities / Uses | Q1 2015 | Synopsis of the number, types and successes | | | | | |
| Evaluation of Impact to City Hall | Q4 2015 | Resources including staff, costs, capital, etc | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | Were they Consulted? | | | | | |
| Dept noted below | Maintains Service Excellence by having one point of contact for all departments thereby maximizing efficiencies and generating revenue for the City. | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |
| | | <input type="checkbox"/> Yes <input type="checkbox"/> No | | | | | |

| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | | | | | | | | | | | | | | | | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | | | | | | | | | | | | | | | | | | | | | |
| The strategic goal is to provide service excellence to citizens by introducing a City Hall Corporate Liaison Coordinator. The City encourages use of the City Hall as the 'people's place' & 'the place to be'. Approved uses should maintain the corporate brand, the integrity of the seat of government yet provide for appropriate public uses in a way that is sustainable for staff resources and operations. There is substantial pressure for the booking of City Hall public spaces, with a myriad of uses ranging from passive activities to major events. The Coordinator will strategically attract, invite and promote potential economic activities, additional uses at City Hall and Campus that showcases our diversity as the City develops. This position will oversee the support services for the stakeholders by acting as the point person for the dept's affected and ensures that protocols, policies, procedures, guidelines are adhered to. | | | | | | | | | | | | | | | | | | | | | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 5%;"> </th> <th style="width: 45%;">Name/description of service level target:</th> <th style="width: 15%;">Target Level</th> <th style="width: 15%;">Current Level</th> <th style="width: 20%;">Level with ARR</th> </tr> </thead> <tbody> <tr> <td>1)</td> <td>Stakeholder satisfaction</td> <td>0.8</td> <td>n/a</td> <td>0.8</td> </tr> <tr> <td>2)</td> <td>Increased use of Space (MPR)</td> <td>0.8</td> <td>n/a</td> <td>0.8</td> </tr> <tr> <td>3)</td> <td>Increased use of Space (Outdoors-weekends)</td> <td>0.8</td> <td>n/a</td> <td>0.8</td> </tr> </tbody> </table> | | | | | | | | Name/description of service level target: | Target Level | Current Level | Level with ARR | 1) | Stakeholder satisfaction | 0.8 | n/a | 0.8 | 2) | Increased use of Space (MPR) | 0.8 | n/a | 0.8 | 3) | Increased use of Space (Outdoors-weekends) | 0.8 | n/a | 0.8 |

| 2) | Increased use of Space (MPR) | 0.8 | n/a | 0.8 | | | | | | | | | | | | | | | | | | | | | | |
| 3) | Increased use of Space (Outdoors-weekends) | 0.8 | n/a | 0.8 | | | | | | | | | | | | | | | | | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | | | | | | | | | | | | | | | | | | | | | |
| It has not been determined where this position will reside but this position will assist dept's affected by helping them to achieve their departmental mandates. By establishing this position we will be able to showcase the City, determine the true costs of providing public access to City Hall and will be able to determine proper uses and appropriate cost recovery. Since many departments are involved proper assessment cannot be undertaken without the position being established. | | | | | | | | | | | | | | | | | | | | | | | | | | |
| 4) Value Proposition | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Primary Improve User Satisfaction Secondary Improve Corp. Image | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | | | | | | | | | | | | | | | | | | | | | |
| With one contact for client & dept's, synergies are created which increases efficiency, effectiveness & cost recovery. Functions are showcased properly & overall, City's corporate image improves. Note: this is a labour intensive booking process involving multiple dept's / external agencies, communications between dept/client and approvals/costs/coordination. The Specialist will act as an agent for most depts for typical bookings. Without a single point of contact, clients are delayed in response time & shuffled amongst depts, making the City look inefficient & disorganized. | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? | | | | | | | | | | | | | | | | | | | | | |
| 2013 | Output/Service Quantity | | Units | At least 13 departments are consulted on any one request or change to a request | | | | | | | | | | | | | | | | | | | | | | |
| | Time/Capacity | | Hrs | A single point of contact will provide immediate efficiency in staff time and create an opportunity to automate the process | | | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | | | | | | |
| 5) Alternatives | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | | | | | | | | | | | | | | | | | | | | | |
| There is no alternative to this position. To continue with the current fragmented process, City staff in about 13 departments are each taking on a coordination role over and above their regular duties causing inefficiencies, duplication of work, considerable meeting time, staff morale, undue stress, etc. In the last year of occupancy in the old Civic Centre, there were 7 bookings for meetings from outside groups. At new City Hall, from April to December 2011 there were 83 bookings and 44 from January to April 2012, with increasing requests. Having a designated person ensures that the external organizers are following protocols, that each department is apprised of what needs to be done and the event is conducted without issues. | | | | | | | | | | | | | | | | | | | | | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| <p>In line with the department's Active Together Master Plan, the Recreation and Culture department is committed to providing a range of recreational opportunities for young people. A variety of concerns have been expressed by Vaughan residents regarding young people "hanging out" in parks in the evening, especially during the summer months. Studies have shown that young people---generally between the ages of 15 to 25, are looking for opportunities to organize and take part in informal recreational activities of their own choosing, such as pick-up basketball, ball hockey, etc. As part of a pilot program, providing extended hours to engage youth and young adults in informal recreational activities during the late evenings at the Dufferin Clark community Centre would support recognition of youth engagement and assist young people in finding a productive lifestyle.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | Open to Youth Pilot Project | | | | | |
|--|-----------------------------|-------------------------------------|---------------|--|----------|---|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| The pilot program will provide enhanced service delivery for the youth and young adult residents in Vaughan, especially in the Dufferin Clark/Thornhill areas. Providing extended hours to engage youth and young adults in informal recreational activities during the late evenings in the City of Vaughan would support recognition of youth engagement and assist young people in finding a productive lifestyle. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| Name/description of service level target: | | Target Level | Current Level | Level with ARR | | |
| 1) | Participation/Attendance | 20 | n/a | 20 | | |
| 2) | Revenue | 100 | n/a | 100 | | |
| 3) | Satisfaction with Program | 0.9 | n/a | 0.9 | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The department continues its efforts to maximize utilization through the promotion of programs and meeting the needs of youth and young adult demographics. The recreational opportunities resulting from the extension of hours at Dufferin Clark will generate foot traffic/usage at currently under-utilized times. The pilot program supports the department's service statement commitment to providing quality recreation and cultural programs and services in an accessible, equitable and efficient manner so as to ensure that all Vaughan citizens have the opportunity to enhance their leisure and quality of life. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Realize Future Benefits |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Engaging youth and young adults with recreational opportunities in the late evenings may help extend the department's reach to this particular demographic in the community. Fostering a healthy lifestyle for youth and young adults will increase the chances that individuals will continue to be engaged in our community centres in the future. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The alternative would be maintaining the status quo. | | | | | | |

| Please check one: <input checked="" type="checkbox"/> Departmental <input type="checkbox"/> Corporate | | | | | | | |
| Reserves & Investments currently has a Development Administration Assistant responsible for the administration of Letters of Credit and Cash Security Deposits. In the past few years there has been added volume due to the new Site Plan process implemented by the Planning Dept and Building Dept By-law 94-2008 requiring security deposits to ensure inspections under the Ontario Building Code. The Outstanding Building Permit Policy approved by Council February 11, 2008 identified that there would be additional workload in the Reserves & Investments Department. Under the new Site Plan process Reserves & Investments collects inspection fees and releases the security in several stages rather than a one time release under the old process. The new processes has increased the number of customer calls and files to administer. The part-time compliment will allow the department to improve the current service. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | | Comments | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | PT -Development Administration Assistant | | | | | |
|---|--|-------------------------------------|----------------------|--|----------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | ↓ Initiative (Use drop down list) ↓ | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| Provides service delivery. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| Name/description of service level target: | | Target Level | Current Level | Level with ARR | | |
| 1) | Processing refunds in a timely manner | 5 days | 3 weeks | 5 days | | |
| 2) | Processing inspections requests | 2 days | 4 days | 1 day | | |
| 3) | deposit and review of securities | 5 days | 1 month | 2 days | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Improve User Satisfaction | | Secondary | | Improve Sustainability |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The improved service level will increase customer satisfaction. Delays would result in customers not receiving funds needed for their business operations. While there are many customers with small deposits there are also customers with large securities over 1 million waiting for financial institutions to release funds. The added compliment will allow for better administration of current files by expediting the release of securities and time to review older files. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| 2012 | Output/Service Quantity | | Units | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Not at this time. | | | | | | |

| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| <p>The Vaughan Vision 2020 strategic plan is the guiding document for the City organization. It was first developed in 2007. With the new term of Council from 2014-2018 there is a need to create a new longer term plan which will extend beyond 2020 and implement a significant stakeholder engagement process. This request includes funding for an external consultant to design and implement a stakeholder engagement process providing input to the plan, the design and printing of a revised Vaughan Vision document, a stakeholder communication strategy, and associated communication costs. It is anticipated that upon the start of the Council term in 2015 consultation will be facilitated with Council, senior management, citizens, businesses and community groups in the development, approval and printing of the new plan with a completion date of Q4/15. Upon completion of the plan an implementation strategy will be initiated in 2016.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | | Comments | | | |
| Development of City department stakeholder engagement plan | | Q4/13 | | Dependant upon approval of ARR request for 2014 | | | |
| RFP preparation for external consulting support | | Q4/14 | | Dependant upon approval of ARR request for 2014 | | | |
| Design and Implementation of stakeholder engagement process | | Q2/15 | | Dependant upon approval of ARR request for 2014 | | | |
| Finalization of Vaughan Vision 2020 strategic plan redesign | | Q4/15 | | Dependant upon approval of ARR request for 2014 | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| All departments | All City departments will be involved in the stakeholder engagement, implementation and measurement process to create a new longer term Vaughan Vision strategic plan. A communication plan will be developed in 2013 | | | | | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No | |

Appendix A - Additional Resource Request Submissions

| Request Title | New Vaughan Vision Strategic Plan | | | | | |
|---|---|---------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the <u>specific initiative</u> on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| A Vaughan Vision strategic plan will provide direction to the organization and identify the strategic priorities over the 2014-2018 term of Council. The current plan extends to the year 2020 and there is a need to develop a plan with a longer time horizon, for example to the year 2031. It is important to revise the plan at the beginning of the Council term so that a vision and strategic direction can be set which will guide the decision making process. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| One of the top objectives for the Strategic Planning department in 2014 and 2015 is to facilitate the redesign of the Vaughan Vision 2020 strategic plan and develop a stakeholder engagement process which will result in a robust process and input for the new plan. An ARR request for business analysts will be needed to effectively achieve this objective. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Realize Future Benefits | | Secondary | | Leverage Innovation/Creativity |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The Vaughan Vision 2020 is a document and process which plans for the immediate and future years. This results in significant benefits for the City in the short term by setting priorities and in the long term by setting initiatives which will have an impact on residents in the future and position the City to achieve its strategic vision and goals. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| Not completing the plan in 2015 will result in a significant gap between the strategic vision for the organization as set by Council and the implementation of strategic initiatives by senior management and staff. Further, since the current plan's time horizon is 2020 there is a need to produce a revised plan with a time horizon further into the future ex. 2031. Since the strategic plan sets the direction and priorities the key initiatives for the Corporation it is critical it is revised at appropriate times. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| <p>The Council approved Western Management Consultant report in November 2011 interviewed over 40 people including Mayor and Member of Council and Senior Management and the majority commented that the Strategic Planning function provides a needed service but it is seriously under-resourced. Thus, in order to provide the level of service demanded of it there is a need to hire two (2) Business Analysts whose role would include collaborating with all City departments. One analyst position would be responsible for working with all City departments to develop departmental plans and strategy maps including establishing a vision, objectives and key initiatives. The current lack of planning information affects the quality of strategic, departmental and business plans. The second analyst will be responsible for developing and managing a strategic measurement dashboard, assisting in the review of departmental performance measures and implementing the recommendations of the internal communication strategy. Both analysts will be involved in the preparation process for a robust revision of the strategic plan in 2015. As well, they will be a resource to departments for any research, training or facilitation support in the implementation and on-going management of the Corporate initiatives.</p> | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | | Comments | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| All | The Corporate Performance Measurement project is in the initial stages of development and consultations with all City departments is ongoing | | | | | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | |
| All | The Departmental Planning project is in the initial stages of development and consultations with all City departments is planned in the near future | | | | | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No | |
| All | Strategy Mapping Process at both Corporate and Commission/Departmental level is in the early stages of formulation and consultations with all City departments is planned in the near future | | | | | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No | |
| Other comments: | | | | | | | |
| The business analysts are Corporate resources and their mandate will be to work with the Senior Manager of Strategic Planning in the implementation and on-going management of Corporate strategic processes and create a 'line of sight' by aligning departments with the Vaughan Vision 2020 through departmental planning, strategic mapping and performance measurement. | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | | Strategic Planning Business Analyst | | | | |
|---|---|---------------------------------------|--------------|--|----------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the specific initiative on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Ensure a High Performing Organization | Further evolve performance indicators | 2 | Q4/13 Revised Q4/14* | High | |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| The priority strategic initiative "Further evolve performance indicators" involves the implementation of two key steps in the process. First, there is a need to ensure that a business mission and objectives are set for all City departments and there is consistency across the Corporation. Second, in order to ensure an effective strategic and operational performance measurement framework is established, a 'system of use' needs to be created whereby the performance measures which are developed are meaningful and useful. The business analysts will be work with all City departments in achievement of this goal. Additionally, the strategic initiative for the redesign of the internal communications strategy outlined recommendations to create an environment where employees understand how what they do everyday contributes to the overall success of the Corporation. The new positions will focus on implementation of these recommendations. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | | Target Level | Current Level | Level with ARR | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| The strategic planning department is responsible for management and implementation of the Vaughan Vision 2020 strategic plan process. This includes, collaborating on the priority strategic initiative "Further evolve performance indicators" as well as departmental business objectives "implement a strategy mapping process at both the Corporate and Commission/Departmental level" and "Develop and implement a departmental planning model to align with the corporate process". Further, in 2015 a robust revision of the Vaughan Vision 2020 is planned and the business analysts will be involved in preparation work with all City departments and Council in the prior years. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | | Realize Future Benefits | | Secondary | | Leverage Innovation/Creativity |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| The additional business analyst positions in the Strategic Planning department will help the Corporation realize future benefits and leverage innovation/creativity through the implementation of Corporate business frameworks such as internal communications, strategy mapping, departmental planning and Corporate performance measurement. Further, they will be involved in preparation work with all City departments and Council regarding the Vaughan Vision 2020 revision. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | | Incl. in offsets (Section #9)? |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| The option is to continue to implement the strategic planning process in an incremental manner. This will inhibit the effectiveness of the new Strategic and Corporate Services Commission in fulfilling its mandate to implement new Corporate business processes and frameworks through holistic support for all City departments. | | | | | | |

| 1A) Request Description: Please provide a <u>brief</u> description of the request. | | | | | | | |
| Please check one: <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Corporate | | | | | | | |
| This ARR request was presented during the 2011 operating budget and the Finance and Administration Committee requested that it be deferred to the 2012 budget process. The City has utilized a citizen telephone survey for the past several years to gain a better understanding of citizen's satisfaction with City services and to identify the key strategic issues of concern. The next step in better engagement of citizens is the use of an on-line public engagement tool which is directly linked to the Vaughan Vision 2020 strategic initiative "Ensure citizen-focused communication initiatives: establish and implement a more effective model for civic engagement and enhance our public consultation strategy." In previous years reports were tabled at Council detailing ways to improve public engagement through the use of electronic communications and social media for communication purposes. The on-line public engagement forum will provide the Corporation with information from a group of representative citizens regarding their view on strategic issues impacting the City. This will result in greater transparency and public engagement. | | | | | | | |
| 1B) If this request is part of a project with multiple milestones then please fill in the following table: | | | | | | | |
| Milestones or Deliverables | | Timelines | | Comments | | | |
| Ipsos-Reid 2011 citizen survey | | Q1/11 | | Citizen telephone survey | | | |
| Create citizen panel | | Q4/13 | | | | | |
| Administer citizen surveys | | Q1/14 | | | | | |
| | | | | | | | |
| 1C) Impact on other departments (cost/time/benefit): | | | | | | | |
| Department Impacted | Describe Impact (Cost/time/benefit) | | | | | Were they Consulted? | |
| All departments | To be determined | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| | | | | | | <input type="checkbox"/> Yes <input type="checkbox"/> No | |
| Other comments: | | | | | | | |
| Strategic Planning, Corporate Communications and Information Technology will collaborate on this initiative | | | | | | | |

Appendix A - Additional Resource Request Submissions

| Request Title | On-Line Citizen Public Engagement Forum | | | | | |
|--|--|--|----------------------|--|--------------------------------|--|
| 2) Relationship to Vaughan Vision 2020 - Goals / Objectives / Initiatives | | | | | | |
| A) Identify the specific initiative on the Vaughan Vision 2020 initiative list this resource request supports (new or implementation of): Choose an Initiative from the drop down list and then choose the relationship with the initiative in the Green cell using the drop down provided. | | | | | | |
| Theme | Goal | Initiative (Use drop down list) | Ref # | Date | Priority | Request/Initiative Relationship (choose 1) |
| Organizational Goals | Ensure a High Performing Organization | Ensure citizen-focused communication initiatives: Establish and implement a more effective model for community engagement and enhance our public consultation strategy | 14 | Q1/13 Revised Q3/13** | Medium | Mandatory |
| | | | | | | |
| | | | | | | |
| B) Describe and clearly demonstrate how the request links to the Vaughan Vision 2020: | | | | | | |
| In the past the City has gathered public feedback on the VV 2020 through the use of meetings and telephone surveys. This initiative presents a new way to engage citizens and gather feedback. It will accomplish this by creating a representative forum of 1,000+ citizens who will be statistically representative of the Vaughan citizenry. This group will complete survey's developed by the City on various topics throughout the year. The surveys will be developed by an external consultant in collaboration with the City who will then aggregate and analyze the data. The survey questions wil focus on evaluating City services, obtaining information on what services citizens value, and obtaining feedback on key strategic issues. The information will be used for the VV 2020, to improve service delivery, and for Corporate Communications messaging. | | | | | | |
| 3) Related Performance Indicators & Business Plan Link | | | | | | |
| Please provide information on top 3 performance measures: | | | | | | |
| | Name/description of service level target: | Target Level | Current Level | Level with ARR | | |
| 1) | | | | | | |
| 2) | | | | | | |
| 3) | | | | | | |
| Describe how this request relates to Departmental Business Plan: | | | | | | |
| One of the strategic planning department's key objectives for 2013 is implementation of the on-line citizen engagement forum. | | | | | | |
| 4) Value Proposition | | | | | | |
| Please detail both qualitative and quantitative benefits of the request | | | | | | |
| Qualitative: Please select up to 2 actions which best describe this request | | | | | | |
| Primary | Realize Future Benefits | | Secondary | Leverage Innovation/Creativity | | |
| Briefly explain how this request helps achieve the actions selected above. How does this request make a difference in these areas? Can improvements be defined (i.e. surveys, measures, etc.)? | | | | | | |
| Being able to gather representative information through the use of an on-line citizen survey panel will provide an alternative method for citizens to provide input and feedback to the City. The traditional way of communicating through evening meetings does not ensure obtaining a representative sample of the 'average persons thinking.' Establishing an on-line survey tool whereby a representative group of citizens will participate in completing surveys will ensure a higher accuracy of information and more meaningful survey results. | | | | | | |
| Quantitative: Please provide explanation of how this request improves efficiency. Note that performance measures are captured in section 3. This section is for efficiency improvements. | | | | | | |
| Year | Type | Change/Saving | Units | Detail of Cost Reductions/Budget Savings | Incl. in offsets (Section #9)? | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| 5) Alternatives | | | | | | |
| Are there alternatives or options? Please explain what they are and why they are not the primary approach. | | | | | | |
| There are on-line survey companies such as FluidSurveys who facilitate organizations developing and administering their own surveys. There is a nominal cost to use these survey forums which would save on the cost of hiring an external consultant to administer the survey however there would still be a necessary role for a consultant to provide advice on questionnaire development and analysis of the results. It is recommended that this approach not be considered until the City has had some experience running the on-line survey with the citizen panel. Another downside may be the preception among the representative panel as to the objectivity of the City in administering the survey. Thus utilizing an external consultant especially in the initial stages of development would allow a body of experience to be built up. Benchmarking with municipalities who have implemented this type of forum suggest it would take a couple of years to build an effective process. | | | | | | |

Project Summary

| | | | |
|------------------------|----------------------------------|-------------------------|------|
| Project Number: | AV-3020-14 | Approval Year: | 2014 |
| Project Title: | Access Vaughan Phase II - Step D | Scenario Active: | Yes |
| Asset Type: | Technology Infrastructure | TCA: | Yes |
| Department: | Access Vaughan | | |
| Budget Year: | 2014 | | |
| Scenario Name: | Main | | |
| Project Stage: | Manager of Capital | | |
| Regions: | City-Wide | | |
| Project Type: | Technology | | |

| | | | | | | | | |
|--|----------------------|----------------------|------------------------|---|--|-----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| Expansion of services provided by Access Vaughan for already integrated departments. Access Vaughan will be able to service callers with respect to more general inquiries; reducing the overall need to transfer callers and be better able to provide first call resolution. Benefits & Opportunities for Phase II. Critical Success Factors: Maintain Service Level of 80/20 each month, improved first call resolution for callers, quality assurance reviews and appropriate staffing levels to manage increased call volume and handle time. | | | | The approach for implementation of Phase II has been staggered for each new implementation/expansion over a 5 year period. Access Vaughan Phase II– Step integration with Parks & Forestry Operation. Step B – Integration with Animal Services, Step C – further integration with Enforcement Services, Step D – further integration with Public Works. Step E – further expansion/integration of Access Vaughan services. Access Vaughan Phase II– Step D – further integration with Public Works will require resources from Information Technology Management and Public Works. Project commencement Q2, 2017 assuming resources available from respective departments and no technology restraints." | | | | |

Project Summary

| | | | |
|------------------------|--|-------------------------|------|
| Project Number: | BF-8237-14 | Approval Year: | 2014 |
| Project Title: | Garnet A Williams Community Centre Remove Wall Covering in Pool area | Scenario Active: | Yes |
| Asset Type: | Recreation Buildings & Facilities | TCA: | No |
| Department: | Buildings and Facilities | | |
| Budget Year: | 2014 | | |
| Scenario Name: | Main | | |
| Project Stage: | Manager of Capital | | |
| Regions: | Ward 5 | | |
| Project Type: | Infrastructure Replacement | | |

| | | | | | | | | |
|--|---------------|---------------|-----------------|-------------------------|-------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Remove the K13 sprayed on insulation from the pool area. The sprayed on wall covering in the pool area continues to loose adhesion and flakes off onto the pool deck and into the pool. The material is very porous with an open cell texture that accumulates dirt and dust, leaving a visual perception that there is mold present. This condition existed at Al Palladini Community Centre but has since been removed. Paint will be applied to provide a clean and easy to maintain surface. | | | | | | | | |

| Project Description | | | | Project Timelines | | | |
| Replace walkway lighting in Chancellor District Park. The walkway lighting on the path that leads through the park requires replacement. Many of the first generation poles that were installed in the parks have corroded at the bases and are not structurally or electrically sound. Corrosion has occurred due to metal breakdown and as a result of winter deicing methods. It is proposed to replace the walkway using new weather durable concrete poles and energy efficient luminaries. | | | | | | | |

| Project Type: | Infrastructure Replacement | | |

| | | | | | | | |
|---|----------------------|----------------------|------------------------|--------------------------------|--------------------|-----------------------|------------------------|
| Project Description | | | | Project Timelines | | | |
| Giovanni Cabot Park - 10 Walkway Lighting Poles Replacement: The walkway lighting on the path that leads through the park requires replacement. Many of the first generation poles that were installed in the park have corroded at the base and are not structurally or electrically sound. Corrosion has occurred due to metal breakdown and as a result of winter deicing methods. It is proposed to replace the walkway lighting using new weather durable concrete poles and LED lighting which will reduce energy consumption by 40%. | | | | | | | |

| | | | | | | | | |
|---|---------------|---------------|-----------------|-------------------------|-------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| The sound system is original from 1989 and has deteriorated and become unreliable. After 25 years, parts are becoming difficult to access. The building has been renovated and expanded and the sound system has not been expanded for complete building coverage. In a building of this size, a reliable sound system is critical for emergencies. | | | | Summer | | | | |

| | | | | | | | | |
|---|---------------|---------------|------------|-------------------------|-------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Due to age (approx. 25 yrs.) and parts availability, these units are becoming very costly to maintain as well as unit downtime resulting in patron/staff discomfort. Unit electrical motors do not meet MEPS (Minimum Efficiency Performance Standards) as set out by Canada's Energy Efficiency Regulations. These units also utilize R22 HCFC refrigerant for the cooling which is in phase out mode as of Jan. 1st, 2010 and production reduced 90% by Jan. 1st 2015 and 100% by 2020. | | | | Spring/Fall | | | | |

| Project Type: | Equipment Replacement | | |

| | | | | | | | | |
|---|---------------|---------------|-----------------|-------------------------|-------------------------|---------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Existing model is discontinued. Breakdowns are getting more frequent (most recent major repair June 2013) and the replacement parts are very hard to source making down times longer thus affecting scheduled pool operations and patron/staff comfort. New models offer cost savings through better efficiencies. (Approx. 20% - 25%). | | | | Fall | | | | |

| Project Description | | | | Project Timelines | | | | |
| Due to age (approx. 30 yrs.) and parts availability, these units are becoming very costly to maintain as well as unit downtime resulting in patron/staff discomfort. Unit electrical motors do not meet MEPS (min. efficiency performance standards as set out by Canada's Energy Efficiency Regulations. These units also utilize R22 HCFC refrigerant for the cooling which is in phase out mode as of Jan. 1st, 2010 and production reduced 90% by Jan. 1st 2015 and 100% by 2020. | | | | Spring/Fall | | | | |

| | | | | | | | | |
|--|---------------|---------------|-----------------|-------------------------|-------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Replacement of condenser and condenser remote sump tank. This equipment has exceeded its life expectancy according to ASHREA 1999 Applications Handbook Service Life Expectancies which disqualifies it from our current Comprehensive Maintenance Agreement for our refrigeration plants throughout the City. New equipment is much more reliable and cost efficient. | | | | Spring/Summer | | | | |

| Project Description | | | | Project Timelines | | | | |
| Safety padding is an important feature in any indoor facility and injuries that potentially could have been prevented with padding have occurred. Wall pads are used primarily behind basketball goals to absorb impact and reduce injuries. These will be installed in the remaining 6 Facilities (DCCC, APCC, GAWCC, VVCC, and CCC & FEBCC) that do not have them as North Thornhill C.C. has already been done. | | | | Spring/Summer | | | | |

| Regions: | Ward 1 | | |
| Project Type: | Infrastructure Replacement | | |

| | | | | | | | | |
|---|---------------|---------------|-----------------|-------------------------|------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| The walkway lighting on the path that leads through the park requires replacement. Many of the first generation poles that were installed in the parks have corroded at the base and are not structurally or electrically sound. Corrosion has occurred due to metal breakdown and as a result of wintering deicing methods. It is proposed to replace the walkway lighting using new weather durable concrete poles and energy efficient LED lighting. This project will qualify for Hydro and Government rebates. | | | | Fall/Winter | | | | |

| Project Description | | | | Project Timelines | | | | |
| The parking Lot lighting at the community center is over 20 yrs. old and of original construction. Upon further review of all the existing outdoor lighting, additional funding is necessary to supplement Capital Project BF-8316-11, for the replacement of all the wall-packs and entrance lighting, as well as additional wiring replacement due to the deterioration of existing. It is proposed that new LED fixtures be installed to increase security lighting and also reduce power consumption. This project will be eligible for government and hydro rebates. | | | | Fall/Winter | | | | |

| Project Description | | | | Project Timelines | | | | |
| The existing Animal Control fleet vehicles are all on 3-year leases, which expire in March 2014. The recommendation is to purchase the 5 vehicles at that time, rather than enter in another lease agreement. These fleet vehicles will become a corporate asset upon purchase, rather than a continued lease expense. The alternative is to enter into new lease agreements, but mileage overcharges will be an additional expense as time goes on. No other city department leases their vehicles. | | | | "Vehicles leases are due March 2014. Other recoveries is from the operating budget savings of the annual lease payments for 5 vehicles. (\$6,000 * 5) | | | | |

| | | | | | | | | |
|---|---------------|---------------|------------------|---|------------------------|---------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Pursuant to facility inspection conducted by Ontario Ministry of Agriculture, Food and Rural Affairs (OMAFRA), a deficiency with regard to caging enclosures was identified to enhance level of sanitation and mitigate pathogen transfer. The solution is the installation of dedicated stainless steel panels to enclose existing caging systems in the animal shelter at 70 Tigi Court. If not approved, inspectors have the authority to give orders and/or suspend operation. | | | | Q1 - Prepare RFP - sole source due to existing caging manufacturer specs Q2 - Order equipment (panels) and complete installation | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| Pursuant to OMAFRA inspection, deficiencies were identified that pose pathogenic biocontaminant risk to shelter animals. Enclosure of caging will mitigate risk. | | | | | | | | |

| Project Description | | | | Project Timelines | | | | |
| Manual will serve as a comprehensive document to promote and foster high quality urban design on a City-wide basis in accordance with the urban design policies of the City's Official Plan. This manual will serve as the go-to resource for members of the development community, consultants, residents, Council and staff with guidelines, standards and details that will provide clear design recommendations and requirements for a specific site or type of land-use. | | | | Spring 2014 start date | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| The City's Offical Plan will have been approved by the Province and the Urban Design policies outlined in the plan will be in full effect. (2013 DC Appendix B Item 1.2.14) | | | | Numerous City Departments will be primary stakeholders in the study and their participation will be necessary throughout the process. | | | | |

Project Summary

| | | | |
|------------------------|---|-------------------------|------|
| Project Number: | DP-9537-14 | Approval Year: | 2014 |
| Project Title: | Islington Avenue Streetscape Tree Planting Partnership with KARA and KBIA | Scenario Active: | Yes |
| Asset Type: | New Initiatives | TCA: | Yes |
| Department: | Development Planning | | |
| Budget Year: | 2014 | | |
| Scenario Name: | Main | | |
| Project Stage: | Manager of Capital | | |
| Regions: | City-Wide | | |
| Project Type: | Ratepayer(s) Request | | |

| | | | | | | | | |
|---|--------------------------------|----------------------|------------------------|---|------------------------|----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| This tree planing initiative put forth by KARA will require other sources of funding through grants such as (ECO Action Community Funding Program). The approval of the City's portion of the partnership funding for this project will be contingent on the successful contribution from the KARA community through grants or contributions. | | | | Spring 2014 start date contingent on funding. | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| | | | | This project will have an impact on the City Parks & Forestry Department operating budget, their expertise and participation will be necessary throughout the process. In addition the City's Budgeting & Financial Planning Department will be involved in assisting the ratepayers association in applying for specific grant funding sources for Tree Planting. Engineering Department will need to be involved in the design and layout of the plan to ensure coordination with utilities and infrastructure. | | | | |

| | | | | | | | | |
|---|----------------------|----------------------|------------------------|---|-----------------------------|-----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| This request is for the completion of a Community Improvement Plan (CIP) Study and implementation guidelines for the Vaughan Metropolitan Centre (VMC) and other intensification corridors for the purposes of incenting office development, as well as achieving intensification/density targets and other community benefits. Various studies completed by the City have indicated that the VMC's office rents are not competitive. This is particularly true in the case of new construction in the VMC relative to existing office buildings in these centres. Through a CIP, the City can activate the financial tools that would enable it to bridge some portion of the office rent gap. | | | | Draft RFP: January 2014; Bid Submissions/Retention of Consultant: March 2014, Study Commencement: April 2014; Targeted Study Completion:December 2014 | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| The CIP would help Vaughan overcome current market conditions, and get ahead of its competitors in attracting office tenancy, thereby generating taxable assessment, jobs/employment and additional investment. | | | | | | | | |

| | | | | | | | | |
|---|---------------|------------------------------|-------------------------------|--|------------------------|---------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Professional Services to complete GIS linear infrastructure inventory, along with the implementation of Traffic Engineering Software (TES) to establish a traffic data inventory. New traffic data will provide emerging trends and allow for the improvement of traffic flows and/ or a modal shift within the City of Vaughan. TES is an industry wide software used by many municipalities. (The program has several modules i.e.: collision data, turning movement counts, radar studies, automated traffic recorders (ATR's), that will enable a sound collection of traffic data within one single software.) | | | | 2014/ 2015 - Prepare RFP, review proposal and implementation of new technology | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| This new initiative is consistent with Vaughan Vision 2020 to "Enhance the strategy to ensure Vaughan is a best practice information technology organization in order to improve cost-effectiveness and productivity." Green Municipal Fund (GMF) grant maybe available up to 50% of eligible costs to a maximum of \$175,000 . | | | | | | | | |

| Project Description | | | | Project Timelines | | | | |
| Construction of a Storm Water Management Facility and associated underground infrastructure in Gallanough Park to alleviate flooding issues in the Thornhill Heritage Conservation District. In 2011 an Environmental Assessment (EA) was completed to determine and implement the appropriate Storm Water Management (SWM) Facility strategy in Gallanough Park, Thornhill. The SWM Facility is to alleviate the flooding issue that exists for some residents in the Thornhill area, North of Gallanough Park. The preferred alternative, identified in the Environmental Assessment, is a dry pond located in the Gallanough Park. | | | | 2011 - Environmental Assessment 2012/ 2013 - Perform preliminary design, detail design, surveying and geotechnical investigation works 2014 - Construction | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| Gas Tax Sign Required. As per future Council Report dated September 17, 2013 EA completed under EN-1769-09 | | | | Engineering Services Department in conjunction with the Development/ Transportation Engineering Department, Engineering Planning & Studies Division. | | | | |

Project Summary

| | | | |
|------------------------|---|-------------------------|------|
| Project Number: | EN-1889-13 | Approval Year: | 2014 |
| Project Title: | Bridge Replacement/ Rehabilitation Environmental Assessment - King Vaughan Road | Scenario Active: | Yes |
| Asset Type: | Bridges & Structures | TCA: | Yes |
| Department: | Engineering Services | | |
| Budget Year: | 2014 | | |
| Scenario Name: | Main | | |
| Project Stage: | Manager of Capital | | |
| Regions: | Ward 1 | | |
| Project Type: | Infrastructure Replacement | | |

| Project Description | | | | Project Timelines | | | | |
|---|---------------|------------------------------|-------------------------------|--|--------------|-----------------|-----------------|------------|
| Environmental Assessment to determine and implement appropriate rehabilitation and/or replacement strategy for King Vaughan Road Bridge(Structure number 014401), Located just east of Highway 27. Structure is a single lane bridge that is in a state of disrepair and requires immediate attention. An Environmental Assessment is required to determine the feasibility for widening of the bridge to accommodate a minimum of 2 lanes of vehicular traffic. | | | | 2013 - Environmental Assessment 2014 - Perform preliminary design, detail design, surveying and geotechnical investigation works 2016 - Construction | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| Environmental Assessment Funding in the amount of \$154,500 approved in 2013. | | | | | | | | |

|--|----------------------|----------------------|------------------------|--|------------------------|-----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| Review a strategy to manage attendance management within the City of Vaughan. As the City is rapidly growing it requires the appropriate technological infrastrure / solutions to track attendance, analyze attendance patters and provide a system that integrates with JD Edwards and can be used by all departments directly. We are looking to find efficiencies in entering data, tracking attendance and managing attendance throughout the City including Fire. | | | | February 2014 to July 2014 - will be the first Phase of the project in terms of conducting a needs analysis to understand what the user / business requirements are. August 2014 to October 2014 will be Phase II will be sourcing through an RFP the appropriate solution and between November 2014 to March 2015 Phase III will be implementation of the solution. | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| | | | | Review how all departments manage attendance including time entry for field staff. All departments will need to be interviewed to improve our current attendance management practices. | | | | |

Project Summary

| | | | |
|------------------------|--|-------------------------|------|
| Project Number: | HR-9536-14 | Approval Year: | 2014 |
| Project Title: | Procure Learning Management System (LMS) | Scenario Active: | Yes |
| Asset Type: | Corporate Applications | TCA: | No |
| Department: | Human Resources | | |
| Budget Year: | 2014 | | |
| Scenario Name: | Main | | |
| Project Stage: | Manager of Capital | | |
| Regions: | City-Wide | | |
| Project Type: | New Infrastructure | | |

| | | | | | | | | |
|--|----------------------|----------------------|------------------------|--|-------------------------------|----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| A LMS is a corporate wide web-based interactive and engaging on-line training tool. Self-serve portal will promote employee engagement and enhance job satisfaction by empowering managers and employees to take an active role in professional development. Employees will be able to view courses, self-register, take courses 24/7 and track their progress. The LMS will provide managers with a tool to align professional development with performance appraisals and succession planning for direct reports. Managers will have access to view courses, recommend training and/or pre-register employee, approve courses, run reports as well as monitor their employee progress. | | | | Process Mapping and Gap Analysis is completed. Phase 1: February 1 to March 31, 2014 - Vendor Selection. Phase 2: April 1 to August 31, 2014 – Setup (includes customization, implementation, setup records, create on-line courses). Phase 3: September 1 to October 31, 2014 – Change Management Plan (Communications, Employee/Admin Training). Phase 4: November 1 to Dec 31, 2014 – Go Live with pilot Phase 5: January 6 to March 3 2015 - Rollout to all Employees. The Annual Flat Fee (per user) includes software/network rental, tech. support, warranty, recurring maint., product upgrades. There will be a subsequent per user license/maint. fee, as little as \$1500 to \$5000/mth depending on how many are enrolled. | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| One-Time Setup Fee includes all implementation/set-up, site branding, tech. support, recurring maintenance, product upgrades, training, standard modifications to functionality, and consulting/custom/interface development within scope. Fee also includes a “straight port” of SCORM-compliant training. | | | | LMS solution will replace our fragmented learning methods with one that is efficient, consistent, and centralized across all departments. The advantage of a web-based (SaaS) solution is that it requires minimal IT resources, if any, it's more flexible, configurable, easier and quicker to deploy, and accessible from anywhere with an internet connect. From a due diligence/compliance perspective allows us to train all employees including volunteers in an efficient and effective manner. | | | | |

| Project Description | | | | Project Timelines | | | | |
| Central computing facilities such as the data centre, network, servers, internet, A/V equipment and security devices are essential components of the City's technology infrastructure for delivery of municipal services. To maintain the technology infrastructure in good operating condition and to ensure uninterrupted and consistent delivery of municipal services, the oldest 25% of the technology infrastructure needs to be replaced annually. | | | | | | | | |

| Regions: | City-Wide | | |
| Project Type: | Infrastructure Replacement | | |

| | | | | | | | | |
|--|---------------|---------------|------------------|---|--------------------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Upgrading/Repurposing of 13 Soccer Fields consisting up of mini and 9v9 field sizes are being offered to the city of Vaughan by the York Catholic District School Board as an expansion to our existing field agreement. As per the existing agreement the city would provide the required repairs and maintenance to these field locations in exchange for permitting rights to the field. The demands for soccer fields exceed our availability and this is supported by the Parks & Recreation Active Together Master Plan. | | | | The anticipated project completion would be Q2 - 2014 | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| Recreation department will not realize the revenue opportunities associated with introducing 13 additional soccer fields if capital project is not approved. ARR 205-13 -09 Soccer Field Maintenance approved in 2013. | | | | | | | | |

| Project Description | | | | Project Timelines | | | | |
| Due to the City's growth, and the fact that the Woodbridge yard cannot be expanded due to physical property limitations, there is a need to build a new works yard in the west portion of the City. | | | | For the new west works yard, numerous tests/studies would need to be completed to determine the potential impact on the surrounding environment (e.g. noise, air, traffic, storm water and archeological). There is also a requirement for public consultations to discuss the proposed projects. The cost of the EA could vary depending on the details of the site. Issues affecting cost could include proximity to or impact on sensitive land features, need for specialized sub-consultant services and need for approval permits. | | | | |

|--|---------------|---------------|-----------------|---|------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Install two 18'x22' universal mount strip doors on two existing salt domes located at Dufferin Yard and JOC. The doors will provide security for salt product stored at the remote locations, protect salt from the elements to reduce leaching of liquid salt brine into the environment and prevent entry by wildlife. These measures support the City's Salt Management Plan and compliance with regulations falling under the Canadian Environmental Protection Act, Clean Water Act, Ontario Water Resources Act and The Fisheries Act. | | | | Two domes per year (4 doors). Target installation for September 2014. | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| Installing dome doors provides a security measure and supports legislation prohibiting the release of contaminants that are confirmed hazardous to the environment. | | | | Building & Facilities | | | | |

Project Summary

| | | | |
|------------------------|--|-------------------------|------|
| Project Number: | RE-9524-14 | Approval Year: | 2014 |
| Project Title: | City Playhouse Technical Equipment Upgrade | Scenario Active: | Yes |
| Asset Type: | Equipment - New | TCA: | No |
| Department: | Recreation | | |
| Budget Year: | 2014 | | |
| Scenario Name: | Main | | |
| Project Stage: | Manager of Capital | | |
| Regions: | Ward 4 | | |
| Project Type: | New Equipment | | |

| | | | | | | | | |
|--|---------------|----------------|-----------------|---|------------------------|---------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| In order for City Playhouse to remain competitive with surrounding theatres, an investment into Sound and Lighting technical equipment is required. The existing sound equipment is experiencing problems and by upgrading to digital technology the theatre can improve the theatre experience, and also attract new shows and permits. The Lighting equipment has been upgraded over the years, however no changes have been made to the lighting control system. And to better utilize the newer lighting equipment, and upgrade to the console is necessary. By investing in the theatre's technical equipment, the theatre will remain competitive and improve customer experience. | | | | Q2 - RFQ and Purchase Q3/Q4 - Installation | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| An investment into the Theatre's Sound and Lighting technical equipment is required. Specifically for sound: digital sound console, MADI expansion cord and cable. For Lighting: lighting console with monitor, and ETC Source with clamp. | | | | | | | | |

| | | | | | | | | |
|---|---------------|---------------|-----------------|---|------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| In 2005, the department retained the IBI Group to undertake a costing and pricing study and to prepare a user fee policy that would guide it's annual fee schedule. Since then, dramatic growth and demographic changes have taken place, along with increased market/competition pressures. The policy update will ensure the department is applying a reasonable approach to user fees, ensuring it remains competitive in the marketplace. | | | | Estimated start date of consulting work is Q2 2014, with an estimated completion date of Q4 2014. | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| The department's User Fee and Pricing Policy was presented and approved by Council in late 2005. Eight years have elapsed since the original study was conducted and an update of the study and corresponding fee schedule is warranted. | | | | | | | | |

|--|---------------|----------------|-----------------|---|--|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Expansion of services provided by Access Vaughan for already integrated departments. Access Vaughan will be able to service callers with respect to more general inquiries; reducing the overall need to transfer callers and be better able to provide first call resolution. Benefits & Opportunities for Phase II. Critical Success Factors: Maintain Service Level of 80/20 each month, improved first call resolution for callers, quality assurance reviews and appropriate staffing levels to manage increased call volume and handle time. | | | | The approach for implementation of Phase II has been staggered for each new implementation/expansion over a 5 year period. Access Vaughan Phase II– Step integration with Parks & Forestry Operation. Step B – Integration with Animal Services, Step C – further integration with Enforcement Services, Step D – further integration with Public Works. Step E – further expansion/integration of Access Vaughan services. Access Vaughan Phase II – Step E – further integration will require resources from Information Technology Management. Project commencement Q2, 2017 assuming resources available from respective departments and no technology restraints." | | | | |

|--|----------------------|----------------------|------------------------|--------------------------------|------------------------|-----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| The splash pads currently are controlled for timing on and off through a mechanical clock type of controller. Staff are often dispatched to a splash pad location for a variety of maintenance issues such as low water flow, the pad is not operational or not shutting off at the end of the day. It is proposed to install Programmable Logic Controllers that can be remotely monitored by Building and Facilities staff at the JOC. Staff will be able to detect from their desk top the operational state of the splash pad equipment and change the operating characteristics remotely. The computerized equipment will save many man hours in unnecessary visits to the sites for minor issues or changing the operations of the equipment at the buildings. | | | | | | | | |

| Regions: | Ward 2 | | |
| Project Type: | Infrastructure Replacement | | |

| | | | | | | | | |
|--|---------------|---------------|-----------------|-------------------------|-------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Remove patio stones/slabs and replace with poured concrete. This patio deck is over 23 years old and has never been replaced. It is located outside of the pool area and was very well used at one time. The winter frost has caused the entire deck area to sink which has resulted in trip hazards. It also prevents adults and children from sunbathing and/or using the area for recreational purposes. There is close to 2200 square feet needs to be replaced. | | | | Spring/Fall | | | | |

| Project Description | | | Project Timelines | | | | |
| As with all electronic equipment the technology is rapidly changing and constantly improving. Many installations that the City has in place have been there for many years have become outdated and components such as digital recorders that are in constant service simply wear out. In an effort to keep pace with the changing technology and to maintain a reliable inventory of surveillance equipment it is proposed to implement a five year replacement program at selected sites. | | | The funding for this project is requested every two years. | | | | |
| Scenario Description | | | Other Dept Impact | | | | |
| There are many parks, community centers and other buildings that have security cameras and related equipment. | | | | | | | |

| Project Description | | | | Project Timelines | | | | |
| The Design Review Panel is an advisory group of professionals that provide independent design advise to staff, the applicant and their consultants on all development applications within the VMC, and other areas in the City where urban intensification is taking place. In order to operate a Design Review Panel, it is necessary to include funding in the annual capital budget for administrative support, materials/supplies, meals and travelling expenses of the panel members as each member provides their time on a volunteer basis. | | | | The Design Review Panel is a pilot project that has been approved by City Council to run for a period of 2 years starting October 2011, and the Development Planning Department reports back to Council on what has been accomplished on an annual basis. Staff are very pleased with the results of the Design Review Panel and anticipate that this panel will be approved in the future on a permanent basis. | | | | |

| | | | | | | | | |
|--|--------------------------------|----------------------|-------------------|---|-----------------------------|----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| The Computer Fluid Dynamics (CFD) based software for wind modelling in urban built form design is a computer software tool dedicated to compute natural wind energy and pedestrian wind comfort based on building design, organization and wind characteristics. This software and training provides staff with the tools and technical expertise to better evaluate high-rise development applications related to pedestrian comfort and favourable micro-climate conditions, which may require defending in future OMB hearings. | | | | Spring 2015 start date. In 2010, the City adopted a new Official Plan to guide the City's growth over the next 25 years. The vision for the City included a "vibrant and thriving downtown" in the VMC, which will be a sustainable, pedestrian-friendly, transit oriented urban centre - a hub of social, economic and cultural activity. High quality architecture and public realm are essential components in "City Building". This project initiative will provide staff with the necessary software and training to better implement the City's vision. | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| 2013 DC Appendix B Item 1.2.14 | | | | Numerous City Departments will be stakeholders in the project and their participation will be necessary throughout the process. | | | | |

| Project Description | | | | Project Timelines | | | | |
| Construction of cycle facilities on various City roads(approximately 5-10km/year) including pavement markings and signage. Design and consultation of the subsequent year's cycle facilities (approximately 5-10km/year). Install cycle parking on various roads, trails and outside public buildings and schools. | | | | Construction of cycle facilities is estimated in Q2 of 2014/2015/2016. Design to commence with RFP in Q2 of 2014/2015/2016 with consultation in Q3. | | | | |

| Project Description | | | | Project Timelines | | | | |
| School Travel Planning measures for pilot school, including infrastructure improvement to slow traffic, pedestrian improvements, new signs, pavement markings and educational materials. School Travel Planning aims to get more children walking and cycling to/from school which includes the identification of barriers. The top reasons for parents driving their children to school are typically safety issues. The implementation of School Travel Planning measures is identified in the Council approved TMP Action Plan. | | | | Pilot school to be consulted in Q3/ A4 of 2012 and implementation of measures is expected to be completed in Q1/Q2 of 2013. Report to Council with results in Q4 of 2013. 2014 to 2016 will be determined based on the pilot school. | | | | |

| Project Description | | | | Project Timelines | | | | |
| Class Environmental Assessment Study in support of Highway 400 interchange connection(s) as identified in the transportation policies of OPA 637. To serve future Highway 400 North Employment area and new community areas and improve network connectivity and the effectiveness of the existing network. To identify the preferred location, configuration and alignment for the interchange connections which will connect GTA Corridor to the arterial road system. | | | | In accordance with Ontario Municipal Board Minutes of Settlement - PL 100850 dated July 20, 2011 - Schedule "I" to the Amendment No. 637 and Schedule "C" to the Minutes of Settlement. The scope of the Region / City EA and timing will depend upon MTO's response to the City of Vaughan Council Resolution of June 28, 2011 and Stage 2 of the GTA West Corridor EA. The study will be joint study between the City and the Region of York. | | | | |

| Project Type: | Legal/Regulatory | | |

| | | | | | | | | |
|---|---------------|------------------------------|-------------------------------|---|------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Biannual inspection program of the City of Vaughan's full bridges and structures inventory for 2015. Regulations under the Highway Traffic Act (Section 123(2)) and the Bridges Act (Section 2) requires the City to ensure that all municipal bridges are kept safe and in good repair. This has to be done through the performance of regular structure inspections (every two years) in accordance with the Ontario Structure Inspection Manual. | | | | 2015/ 2016 - Prepare RFP and review reports for future capital projects | | | | |

| Project Description | | | | Project Timelines | | | | |
| An aerial is a multi-purpose vehicle equipped with hose, ladders, axes, halligans, fire extinguishers, and ventilating equipment. It also has a 30m elevating device capable of high level rescue and master firestream deployment. It has an on-board water reservoir, allowing it to fight a fire immediately upon arrival.The VFRS Senior Command Team recommend the purchase of a new fully equipped aerial for Fire Station 76. | | | | Request Quote Q1 2015 - Delivery Q2 2016 | | | | |

| Project Description | | | | Project Timelines | | | | |
| Central computing facilities such as the data centre, network, servers, internet, A/V equipment and security devices are essential components of the City's technology infrastructure for delivery of municipal services. To maintain the technology infrastructure in good operating condition and to ensure uninterrupted and consistent delivery of municipal services, the oldest 25% of the technology infrastructure needs to be replaced annually. | | | | | | | | |

| | | | | | | | | |
|--|---------------|---------------|------------------|-----------------------------------|------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| The realignment of the new entrance requires traffic controls to allow for safe internal movement of traffic. This will require the removal of river rock landscape features & replacement with sod & installation of traffic island at entrance to property. River rock is also a safety concern as it is now being picked up and thrown around the property. Additional modifications to existing islands and curbs will be done to improve the safe flow of vehicle and pedestrian traffic as the entrances and exits onto Keele Street have been modified in 2012 by the Region. | | | | | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |

| | | | | | | | | |
|--|---------------|---------------|------------|---|------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Install two 18'x22' universal mount strip doors on two existing salt domes located at Dufferin Yard and JOC. The doors will provide security for salt product stored at the remote locations, protect salt from the elements to reduce leaching of liquid salt brine into the environment and prevent entry by wildlife. These measures support the City's Salt Management Plan and compliance with regulations falling under the Canadian Environmental Protection Act, Clean Water Act, Ontario Water Resources Act and The Fisheries Act. | | | | Two domes per year (4 doors). Target installation for September 2014. | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| Installing dome doors provides a security measure and supports legislation prohibiting the release of contaminants that are confirmed hazardous to the environment. | | | | Building & Facilities | | | | |

|--|---------------|----------------|-----------------|-------------------------|------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| A community gallery program is being implemented at Maple Community Centre. The current lighting at the centre is not suitable, nor energy-efficient, and track lighting needs to be installed to properly showcase artwork/displays on the wall. Council, at its April 2011 meeting, approved arts and culture programming at the gallery space at MCC. In order to fully utilize the space in a professional manner and to a higher standard of use, new energy-efficient lighting needs to be installed in the space. | | | | | | | | |

| Project Description | | | | Project Timelines | | | |
| Replace the lockers in the male and female change rooms at Chancellor Community Centre. The gym lockers are approximately eleven years old and are in poor condition. Over the years due to frequent use doors have been damaged and corrosion has occurred in the bottom portions of the lockers. Repairs have been conducted in the past but further repairs are not feasible due to the extent of damage. The proposal is to replace a total of 78 lockers in the male and female change rooms. | | | | | | | |

| | | | | | | | | |
|--|----------------------|----------------------|------------------------|--------------------------------|-------------------------|----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| Retrofit the Fire Department training area male and female washrooms. The present male and female washrooms in the Fire Department training area at the JOC are inadequate in size and the amount of plumbing fixtures available. The Fire Department conducts many training sessions at the JOC annually. At times the number of participants is too numerous for the washroom capacity to handle adequately and keep all staff in the local area. The proposal is to increase the physical sizes of the washrooms, add plumbing fixtures and add showers. There is adjoining vacant space on the south side of the washroom walls to expand the washroom facilities. | | | | | | | | |

| Project Type: | Infrastructure Replacement | | |

| | | | | | | | | |
|--|---------------|---------------|-----------------|-------------------------|-------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Install capping on the bleacher seating in the west and east arenas. The bleacher seating in the east and west arenas are worn, chipped and sliver damaged in sections from the heavy usage at this facility. Maintenance has been done over the years but further repairs are not reasonable. The poor appearance of the seating can be overcome with the installation of a highly durable plastic capping material installed on top of the seating. The color of the plastic is continuous penetration, therefore painting is eliminated and slivering does not occur. | | | | | | | | |

| Project Description | | | | Project Timelines | | | | |
| Woodbridge Arena, Replace Arena Boards. The wood constructed arena boards are from 1992 and are currently in poor condition. Due to the age and heavy use of the arena over the years are showing signs of splits, cracks and sections that have wood rot present. Many repairs to maintain the boards have been conducted over the years but further repair expenditures are no longer viable. It is proposed to replace the wood boards with steel frame work and plastic board material. The existing glass will be reused. | | | | | | | | |

|---|---------------|---------------|-----------------|-------------------------|-------------------------|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Due to age and frequent breakdowns, these units are becoming very costly to maintain as well as unit downtime resulting in patron/staff discomfort. Unit electrical motors do not meet MEPS (Minimum Efficiency Performance Standards) as set out by Canada's Energy Efficiency Regulations. These units also utilize R22 HCFC refrigerant for the cooling which is in phase out mode as of January, 1st, 2010. | | | | Spring/Summer. | | | | |

| Project Description | | | | Project Timelines | | | | |
| School Travel Planning measures for pilot school, including infrastructure improvement to slow traffic, pedestrian improvements, new signs, pavement markings and educational materials. School Travel Planning aims to get more children walking and cycling to/from school which includes the identification of barriers. The top reasons for parents driving their children to school are typically safety issues. The implementation of School Travel Planning measures is identified in the Council approved TMP Action Plan. | | | | Pilot school to be consulted in Q3/ A4 of 2012 and implementation of measures is expected to be completed in Q1/Q2 of 2013. Report to Council with results in Q4 of 2013. 2014 to 2016 will be determined based on the pilot school. | | | | |

Project Summary

| | | | |
|------------------------|--|-------------------------|------|
| Project Number: | EN-1973-15 | Approval Year: | 2016 |
| Project Title: | Streetscape for Concord West by York Region - Highway 7 and Keele Street | Scenario Active: | Yes |
| Asset Type: | Local & Arterial Roads | TCA: | Yes |
| Department: | Engineering Services | | |
| Budget Year: | 2014 | | |
| Scenario Name: | Main | | |
| Project Stage: | Manager of Capital | | |
| Regions: | Ward 4 | | |
| Project Type: | Growth/Development | | |

| Project Description | | | | Project Timelines | | | | |
|---|---------------|------------------------------|-------------------------------|---|----------------------------|----------------|-----------------|------------|
| In accordance with the Concord West Streetscape and Open Space Plan, the budget has to be approved to ensure that vivaNext can cost and install the upgraded streetscape as part of the Highway 7 rapidway construction project, and to ensure that York Region can cost and install the Keele Street streetscape as part of the Keele Street widening capital project. | | | | Concord West Keele Street streetscape will be completed as part of the York Region road widening project (2015). Concord West Highway 7 streetscape will be completed as part of the vivaNext rapidway project (2016). The Gateways will be constructed in 2017. | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| 1. vivaNext Highway 7 and York Region Keele Street projects proceeding on time 2. Cost sharing under the Region of York Municipal Streetscape Partnership Program | | | | Engineering Services Department in conjunction with the Development Planning Department will be the departments involved with the tendering of the works and integration with both Region of York and vivaNext capital projects. Additional streetscape to be maintained by the Public Works Department and Parks & Forestry Operations Department. | | | | |

| | | | | | | | | |
|---|---------------|------------------|-----------------|---|--|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| In addition to reduced operating costs, the strategic benefits of EDMS deployment include increased business efficiency, cost effectiveness, risk avoidance, compliance with Provincial and Federal statutes, use of industry best practices, better customer service, and public accountability.Tactical benefits at the Business Unit and staff levels include a central repository for electronic documents, document sharing capabilities, faster search and retrieval results to meet business needs, easy file classification and retention, version control, audit trails, and public folders. | | | | | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| | | | | That the corporate wide Electronic Document Management System be used by all departments to manage all of the City's electronic records, including e-mail records, and to improve the efficiency of the records-based business processes through improved information management. | | | | |

| Project Description | | | | Project Timelines | | | | |
| Information services upgrade. Electronic information services, communications and user's personal technology are a growing and consistently changing facet of contemporary library services. To avoid huge sporadic requests for technology funding, we have developed and deployed a plan that requests a reasonable expenditure each year and retains the integrity of our system. | | | | | | | | |

|---|--|-------------------------------|------------------------|--|--|-----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| Construction for North Maple Regional Park. Phase I (B) construction of rough grade & service entire site and construct an access road. Pending outcome of the Park Planning RFP. | | | | Identified in the 2008 Development Charges Background Study for design and construction in 2011. This capital request 1 (B) represents partial funding for Phase I. An additional capital request (PK-6305-15) for phase 1 (A) has been made and required to tender Phase I. Both capital requests require approval before Phase I can be tendered. Estimated Phase I construction costs are \$13 million. Based on initial plans subject to change. | | | | |

| Project Description | | | | Project Timelines | | | | |
| 2014 - Consulting and design component to clearly define the department needs, and determine optimal solution for a mobile software application & hardware to allow staff to access CTS work orders in the field. 2015 - Conduct a pilot project and initiate inventory data collection. 2015 - implement new mobile application. All worked performed within the P&FO Dept. and specifically within Forestry is completed through our CTS work order system. In an effort to be efficient and accurate, a mobile device is required to allow staff to access and update CTS work orders directly in the field. | | | | Consulting and design: 2014, Pilot Project: 2015, Implementation: 2016 | | | | |

| Regions: | Ward 2 | | |
| Project Type: | Growth/Development | | |

| | | | | | | | | |
|--|----------------------|----------------------|------------------------|--|---------------------------|-----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| This is the first phase of a multi-year, multi-phase project to upgrade and expand the number of Public Works/Parks Operations yards and buildings as a result of growth (New West Yard). The overall plan includes: re-locating existing Parks/Works operations from the existing Woodbridge Yard to a new, larger location | | | | It is anticipated that the Environmental Assessment for the new works yard will be completed in 2014. Acquisition of lands for the new west works yard will occur in 2016. (Future Projects: the purchase of the lands to build a new satellite operations facility in the north part of the City; and, perform upgrades and alterations to the existing JOC and Dufferin Street Yards and buildings.) | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| This funding request is to perform and Environmental Assessment in 2014, as well as to cover land acquisition costs for 2015. Additional requests for funding to construct the new operations building on the site will follow in future years, as more detailed cost estimates are refined. 2013 DC Appendix F Item 5.6.3/4 &Appendix G Item 6.2.2&6.3.3 | | | | Building & Facilities, Parks, Forestry | | | | |

| Project Description | | | | Project Timelines | | | | |
| Design and construction of a Public Square, Underground Parking Structure and Outdoor Rink. The civic square will be the main public outdoor space of the Civic Centre. It will be closely linked to the programming of the City hall. The square will include a reflective pool in the summer and an ice rink in the winter. Under the square will include two levels of underground parking, connected to the city hall, resource library and a future building to the north. The cost includes excavation and construction of approx. 500 parking spaces (250 per level), ice rink refrigeration, a Zamboni building, elevator to access the parking and all mechanical and electrical systems. The sale of MNR lands will offset some of the project costs. | | | | | | | | |

| Project Description | | | | Project Timelines | | | | |
| The Vaughan Mills Urban Design Streetscape Master Plan is a document that follows the Vaughan Mills Secondary Plan Study, which will prescribe the layout and detailed design of the public and private streetscape spaces, pedestrian and bicycle connections, public amenities and open spaces, provide criteria for building locations, forms, heights and massing in relation to the public realm. | | | | Spring 2016 start date. The plan will create a comprehensive public realm for this area that will provide an attractive framework to promote private sector investment. | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| This Masterplan must be completed to allow for possible cost sharing with the Region under the Municipal Streetscape Partnership Program. (2013 DC Appendix B Item 1.2.14) | | | | Engineering and Parks Development will be key stakeholders in the Study. | | | | |

| Project Description | | | | Project Timelines | | | | |
| School Travel Planning measures for pilot school, including infrastructure improvement to slow traffic, pedestrian improvements, new signs, pavement markings and educational materials. School Travel Planning aims to get more children walking and cycling to/from school which includes the identification of barriers. The top reasons for parents driving their children to school are typically safety issues. The implementation of School Travel Planning measures is identified in the Council approved TMP Action Plan. | | | | Pilot school to be consulted in Q3/ A4 of 2012 and implementation of measures is expected to be completed in Q1/Q2 of 2013. Report to Council with results in Q4 of 2013. 2014 to 2016 will be determined based on the pilot school. | | | | |

Project Summary

| | | | |
|------------------------|--|-------------------------|------|
| Project Number: | EN-1867-17 | Approval Year: | 2017 |
| Project Title: | Pedestrian Crossing Enhancement Program - Pavement Marking | Scenario Active: | Yes |
| Asset Type: | Traffic Control | TCA: | No |
| Department: | Engineering Services | | |
| Budget Year: | 2014 | | |
| Scenario Name: | Main | | |
| Project Stage: | Manager of Capital | | |
| Regions: | City-Wide | | |
| Project Type: | Health & Safety | | |

| | | | | | | | | |
|---|---------------|------------------------------|-------------------------------|---|------------------------|---------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| Installation of new pavement marking material will enhance the crossing area and alert motorists that pedestrians are in the area. This work will provide better visibility and improve safety for pedestrians crossing at an intersection, pedestrian signal or school crossing. There are several new pavement marking products that are being considered by many municipalities to enhance the crossing areas. Locations to be determined by the Traffic Engineering Division. | | | | 2017/ 2018 - Prepare tender and complete enhanced pavement markings | | | | |

Project Summary

| | | | |
|------------------------|--|-------------------------|------|
| Project Number: | EN-1973-15 | Approval Year: | 2017 |
| Project Title: | Streetscape for Concord West by York Region - Highway 7 and Keele Street | Scenario Active: | Yes |
| Asset Type: | Local & Arterial Roads | TCA: | Yes |
| Department: | Engineering Services | | |
| Budget Year: | 2014 | | |
| Scenario Name: | Main | | |
| Project Stage: | Manager of Capital | | |
| Regions: | Ward 4 | | |
| Project Type: | Growth/Development | | |

| Project Description | | | | Project Timelines | | | | |
|---|---------------|------------------------------|-------------------------------|---|----------------------------|----------------|-----------------|------------|
| In accordance with the Concord West Streetscape and Open Space Plan, the budget has to be approved to ensure that vivaNext can cost and install the upgraded streetscape as part of the Highway 7 rapidway construction project, and to ensure that York Region can cost and install the Keele Street streetscape as part of the Keele Street widening capital project. | | | | Concord West Keele Street streetscape will be completed as part of the York Region road widening project (2015). Concord West Highway 7 streetscape will be completed as part of the vivaNext rapidway project (2016). The Gateways will be constructed in 2017. | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| 1. vivaNext Highway 7 and York Region Keele Street projects proceeding on time 2. Cost sharing under the Region of York Municipal Streetscape Partnership Program | | | | Engineering Services Department in conjunction with the Development Planning Department will be the departments involved with the tendering of the works and integration with both Region of York and vivaNext capital projects. Additional streetscape to be maintained by the Public Works Department and Parks & Forestry Operations Department. | | | | |

| Project Description | | | | Project Timelines | | | | |
| Review a strategy to manage attendance management within the City of Vaughan. As the City is rapidly growing it requires the appropriate technological infrastrure / solutions to track attendance, analyze attendance patters and provide a system that integrates with JD Edwards and can be used by all departments directly. We are looking to find efficiencies in entering data, tracking attendance and managing attendance throughout the City including Fire. | | | | February 2014 to July 2014 - will be the first Phase of the project in terms of conducting a needs analysis to understand what the user / business requirements are. August 2014 to October 2014 will be Phase II will be sourcing through an RFP the appropriate solution and between November 2014 to March 2015 Phase III will be implementation of the solution. | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| | | | | Review how all departments manage attendance including time entry for field staff. All departments will need to be interviewed to improve our current attendance management practices. | | | | |

|---|---------------|------------------|-----------------|---|--|----------------|-----------------|------------|
| Project Description | | | | Project Timelines | | | | |
| In addition to reduced operating costs, the strategic benefits of EDMS deployment include increased business efficiency, cost effectiveness, risk avoidance, compliance with Provincial and Federal statutes, use of industry best practices, better customer service, and public accountability.Tactical benefits at the Business Unit and staff levels include a central repository for electronic documents, document sharing capabilities, faster search and retrieval results to meet business needs, easy file classification and retention, version control, audit trails, and public folders. | | | | | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| | | | | That the corporate wide Electronic Document Management System be used by all departments to manage all of the City's electronic records, including e-mail records, and to improve the efficiency of the records-based business processes through improved information management. | | | | |

| Project Description | | | | Project Timelines | | | | |
| Central computing facilities such as the data centre, network, servers, internet, A/V equipment and security devices are essential components of the City's technology infrastructure for delivery of municipal services. To maintain the technology infrastructure in good operating condition and to ensure uninterrupted and consistent delivery of municipal services, the oldest 25% of the technology infrastructure needs to be replaced annually. | | | | | | | | |

| | | | | | | | | |
|---|----------------------|--------------------------------|------------------------|--|-----------------------------|-----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| The Active Together Master Plan is updated every 5 years to allow for changes resulting from trends, development pressures, population changes etc. The Active Together Master Plan requires updating every 5 years. The current plan has been revised (2013). The updated plan would also require to align with the Development Charges Background Study update. | | | | The study is expected to take approximately one year with opportunities for stakeholder public consultation. | | | | |

| | | | | | | | | |
|--|----------------------|----------------------|------------------------|--|---------------------------|-----------------------|------------------------|-------------------|
| Project Description | | | | Project Timelines | | | | |
| This is the first phase of a multi-year, multi-phase project to upgrade and expand the number of Public Works/Parks Operations yards and buildings as a result of growth (New West Yard). The overall plan includes: re-locating existing Parks/Works operations from the existing Woodbridge Yard to a new, larger location | | | | It is anticipated that the Environmental Assessment for the new works yard will be completed in 2014. Acquisition of lands for the new west works yard will occur in 2016. (Future Projects: the purchase of the lands to build a new satellite operations facility in the north part of the City; and, perform upgrades and alterations to the existing JOC and Dufferin Street Yards and buildings.) | | | | |
| Scenario Description | | | | Other Dept Impact | | | | |
| This funding request is to perform and Environmental Assessment in 2014, as well as to cover land acquisition costs for 2015. Additional requests for funding to construct the new operations building on the site will follow in future years, as more detailed cost estimates are refined. 2013 DC Appendix F Item 5.6.3/4 &Appendix G Item 6.2.2&6.3.3 | | | | Building & Facilities, Parks, Forestry | | | | |

2018 & Beyond Detailed Capital Project List

| Budget Year | Year Identified | Project # | Title | ProjectDescription | Project Type | CWDC | Gas Tax | Grant | Infrastructure | Taxation | Total |
|-------------|-----------------|------------|--|--|--------------------|------|---------|-------|----------------|-----------|-----------|
| 2018 | 2006 | BF-8094-18 | Al Palladini Community Centre Pool Change Rooms | Redesign the pool change rooms to accommodate a large family change room. Parents of opposite sex children that fall into the age requirements are unable to be directly with their children. The only public access to the Family Change Room is through the men's or women's change room. Parents feel that it is inappropriate to be separated from their children in order to access the family change room. | New Infrastructure | 0 | 0 | 0 | 0 | 1,102,500 | 1,102,500 |
| 2018 | 2008 | BF-8200-18 | Al Palladini Community Centre Sign Retrofit | Retrofit the existing marquee sign at Al Palladini Community Centre. The existing sign at the community centre is manually changed with sign board lettering. It is proposed to retrofit the existing sign with the addition of a LED scrolling sign board that would fit into the frames of the signs. This style of signage has capabilities for remote electronic message changes. This addition of the electronic signs could enhance the marketing of items such as recreational activities, city programs and to promote events. Once implemented, staff will pursue the possibility of renting sign time to private advertisers when possible. | New Infrastructure | 0 | 0 | 0 | 0 | 82,400 | 82,400 |
| 2018 | 2010 | BF-8271-18 | East District Parks Yard Parking Lot Modifications | Install asphalt pavement at the rear lot and expand staff parking lot. Pending outcome of works yard study. The existing gravel parking lot at the rear of the building is in very poor condition. There are a number of potholes, there is no drainage so the water accumulates and the overall contour is uneven. The staff at this yard has increased due to area service requirements. As a result, good available parking space is very limited, some staff have to park in the grass field on the north side of the property. It is proposed to install asphalt paving at the rear lot and provide slope for drainage, in addition to grading and applying gravel to create a parking lot with sufficient capacity for staff vehicles. | New Infrastructure | 0 | 0 | 0 | 0 | 102,000 | 102,000 |
| 2018 | 2011 | BF-8331-18 | Al Palladini Community Centre Construct a Storage Room | Construct a storage room to house various pieces of equipment for the operations of the building. The storage space available at the community centre is very limited and located where articles can fit. Over the years the storage that was available for building operations has been taken over for other purposes. The building operators have snow blowers, ice edgers, ladders, cleaning equipment and various other articles that are scattered throughout the building. It is proposed to build a storage room under the dehumidifier in the east arena to centrally secure and store equipment to improve storage capabilities. | New Infrastructure | 0 | 0 | 0 | 0 | 30,900 | 30,900 |

2018 & Beyond Detailed Capital Project List

| Budget Year | Year Identified | Project # | Title | Project Description | Project Type | CWDC | Gas Tax | Grant | Infrastructure | Taxation | Total |
|-------------|-----------------|------------|--|---|--------------------|-----------|---------|-------|----------------|----------|------------------|
| 2018 | 2012 | BF-8350-18 | Security Camera Installations Various Parks | Install Security Cameras at various parks. New parks are being added to the city's inventory on a regular basis. For safety and security reasons surveillance cameras have become a common element that are incorporated into the parks including installations at older established parks that don't have surveillance. It is proposed to install cameras at various parks. This will be the final year of the five year program. | New Equipment | 0 | 0 | 0 | 0 | 74,500 | 74,500 |
| 2018 | 2013 | BF-8419-18 | Installation of Wall Matting at 8 Different Recreation Facilities | Install collegiate wall padding at 8 different recreation gymnasiums throughout the city. The post padding will extend from one side of the three point line to the other, which is approximately 20 feet on either side of the center line. There are only two sides in each gym that must be covered to prevent injury. Also, all doors, windows hardware must be covered. The panels will be covered in 18 gauge rip stop vinyl. | New Equipment | 0 | 0 | 0 | 0 | 77,250 | 77,250 |
| 2018 | 2013 | BF-8437-18 | Sound Attenuations Partitions in Building Standards and Purchasing | To supply and install sound attenuation partitions to act as a detachment around the service counters in the Building Standard and Purchasing Departments. | New Infrastructure | 0 | 0 | 0 | 0 | 56,650 | 56,650 |
| 2018 | 2014 | BU-0007-18 | Questica Teambudget Development | To leverage the existing Questica Teambudget Operating and Capital functionality to develop the planning for the City beyond the current 4 year timeframe. Development of forecasting assumptions in the software and integrating the dependant relationships of capital projects on the operating budget would be developed and expanded. This would leverage existing data available and move the long range planning function away from corruptible Excel models to a database format. | Technology | 0 | 0 | 0 | 0 | 86,520 | 86,520 |
| 2018 | 2013 | CL-2520-18 | City Archives Outreach Equipment | This request (8 archival quality display units) is a critical component of the City Archives' Community Outreach Program. It will provide secure display capability and access throughout the Vaughan Community (at community centres, libraries, etc.) to one of the City's most significant historical and cultural assets: the Local History & Information Resource Collection consisting of non-government records and artifacts from the late 1700's to the late 20th century documenting the rich and diverse history and evolution of Vaughan. | New Equipment | 0 | 0 | 0 | 0 | 22,660 | 22,660 |
| 2018 | 2014 | DT-7123-15 | Kleinburg - Nashville PD6 Major Mackenzie Watermain | Detailed design and construction of the Major Mackenzie Drive watermain linking Block 61 east and west of the Canadian Pacific Railway and linking Huntington Road to Islington Avenue all within Pressure District 6. | Growth/Development | 1,887,797 | 0 | 0 | 0 | 0 | 1,887,797 |
| 2018 | 2013 | DT-7124-15 | Block 61 CP Railway Pedestrian Crossing | Detailed design and construction of the pedestrian underpass of the Canadian Pacific Railway tracks within Block 61. | Growth/Development | 1,105,103 | 0 | 0 | 0 | 0 | 1,105,103 |

|-------------|-----------------|------------|--|--|--------------------|-----------|---------|---------|----------------|-----------|-----------|
| 2018 | 2010 | EN-1853-18 | Lay-by Parking on Vellore Woods Boulevard | The construction of a lay-by parking area on the east side of Vellore Woods Boulevard at Bucksaw Drive. The construction of a lay-by parking area will provide a safe area for visitors to the adjacent park to park their vehicles. This will add the same feature that already exists at all other parks in this Block. | New Infrastructure | 0 | 0 | 0 | 0 | 154,500 | 154,500 |
| 2018 | 2012 | EN-1883-18 | Right Turning Lane - Willis Road and Pine Valley Drive | The construction of a right turn lane from eastbound Willis Road to southbound Pine Valley Drive. Due to the high volume of turning movements, it is necessary to construct this right turn lane to ease traffic congestion. This intersection is under the jurisdiction of the Regional Municipality of York and it is expected that the City will be able to recover some costs from the Regional Municipality of York. This cost recovery will be determined during the detailed design phase. | New Infrastructure | 0 | 0 | 340,000 | 0 | 103,000 | 443,000 |
| 2018 | 2018 | EN-1938-18 | Streetscape Maple Area - Phase 3 | 4th Priority Projects Complete detail design and construction of the Village of Maple Streetscape Master Plan as approved by Council at the midblock locations along Keele Street from Masters Avenue to Rutherford Road and Major Mackenzie Drive from McNaughton Road West to Keele Street. | New Infrastructure | 0 | 0 | 0 | 0 | 2,811,900 | 2,811,900 |
| 2018 | 2013 | EN-1939-18 | Streetscape Maple Area - Phase 2 | 3rd Priority Projects Complete detail design and construction of the Village of Maple Streetscape Master Plan as approved by Council at the following intersection locations, Keele Street/ Dina Road, Keele Street/ Knightswood Avenue, Keele Street/ Merino Road, Keele Street/ Barhill Road, Keele Street/ Naylon Street, Keele Street/ Church Street, Keele Street/ Killian Road, Major Mackenzie Drive/ Jackson Street and Major Mackenzie Drive/ Gram Street. | New Infrastructure | 0 | 0 | 0 | 0 | 1,390,500 | 1,390,500 |
| 2018 | 2013 | EN-1949-18 | Pedestrian Link Feasibility Study | Procurement of a consultant to complete pedestrian link feasibility studies in areas where pedestrian links are missing at the following locations. HWY 27 at CP bridge Woodbridge Ave at CP bridge | Studies | 0 | 0 | 0 | 0 | 51,500 | 51,500 |
| 2018 | 2017 | EN-1962-18 | Hydro-Geological Study for Anthony Lane | Hire consultant to complete a hydro-geological study to determine the source of flooding at the rear of the properties on Anthony Lane. | Studies | 0 | 0 | 0 | 0 | 154,500 | 154,500 |
| 2018 | 2013 | EN-1963-13 | North Maple Bridge - north of Major Mackenzie over Hwy 400 | The Environmental Assessment of the North Maple Bridge (Highway 400 Mid-Block Overpass - Blk 33) under Capital Account 1583-0-06 to be completed in late 2012. The construction of the North Maple Bridge over Hwy 400 between Canada Drive and America Avenue will improve the transportation network for Maple and will also provide an important pedestrian and bike link. The new link will incorporate enhance streetscape design features that will complement the surrounding neighbourhood. Potential co-funding of 33% of eligible costs from the Region of York. | Growth/Development | 8,755,000 | 0 | 0 | 0 | 0 | 8,755,000 |

| 2018 | 2008 | PK-6093-18 | Concord Thornhill Regional Park - Skate Park/Basketball Courts | Design & Construction of skate park facility at Concord Thornhill Regional Park (Dufferin St. and Highway #407 off Racco Parkway). The Active Together Master plan recommends skate parks for youth as a dedicated area for active recreational opportunities. | New Infrastructure | 0 | 0 | 0 | 0 | 679,545 | 679,545 |
| 2018 | 2007 | PK-6108-18 | Riverside Park - Tennis Court Design & Construction | Design & construction of 2 new unlit tennis courts. Identified as a need for the community at a public meeting in 2006 for unlit tennis courts in Riverside Park. | New Infrastructure | 0 | 0 | 0 | 0 | 159,908 | 159,908 |
| 2018 | 2010 | PK-6275-18 | Rimwood Park - Fencing | Supply and installation of 5'-0" black vinyl chain link fencing at Rimwood Park. Fencing delineating the property between Rimwood Park and adjacent residential property was not installed as part of the subdivision process. Fence is needed to delineate property boundary and to stop park users from trespassing on private property. | New Infrastructure | 0 | 0 | 0 | 0 | 46,453 | 46,453 |
| 2018 | 2011 | PK-6287-17 | UV2-D1 - Block 18 District Park Development | Separate phases for design and construction of Rutherford Road District Park (Block 18). Identified in the development charge background study for design and construction. | Growth/Development | 5,512,653 | 0 | 0 | 0 | 612,516 | 6,125,169 |
| 2018 | 2011 | PK-6296-18 | Bathurst Estate Park - Tennis Lighting | Tennis court lighting at Bathurst Estates Park. Lighting required to extend playing hours at Bathurst Estates Park. | New Infrastructure | 0 | 0 | 0 | 0 | 107,197 | 107,197 |
| 2018 | 2011 | PK-6302-18 | Leash Free Dog Park | Leash free dog park design and construction. Approved at Council May 4, 2010. Capital funding was requested in 2011. Project to include fencing, benches and signage. Location to convert open space land in the public domain located west of Highway#400. The opening of this second off leash area is in accordance with the City's "Active Together" Master Plan. Location to be determined. | New Infrastructure | 0 | 0 | 0 | 0 | 136,500 | 136,500 |
| 2018 | 2011 | PK-6314-18 | Vaughan Crest Park - Shade Structure | Supply & installation of a shade structure at Vaughan Crest Park. Identified as a need by the Seniors Club at a community gathering in 2010. The structure will provide much needed shade for community functions. | New Infrastructure | 0 | 0 | 0 | 0 | 173,529 | 173,529 |
| 2018 | 2011 | PK-6324-18 | Veterans Park - Bocce Court Construction | Construction of one new bocce court for Veterans Park. Presently there is one bocce court located at Veterans Park. Local residents have petitioned for an additional court due to high volume of usage and demand. It is proposed to install one new court. | New Infrastructure | 0 | 0 | 0 | 0 | 89,430 | 89,430 |
| 2018 | 2011 | PK-6329-18 | Civic Centre - Public Square Design | Consulting services for the design of the New Civic Centre Public Square. The design is required for a public square and City park. | New Infrastructure | 0 | 0 | 0 | 0 | 262,700 | 262,700 |

2018 & Beyond Detailed Capital Project List

| Budget Year | Year Identified | Project # | Title | Project Description | Project Type | CWDC | Gas Tax | Grant | Infrastructure | Taxation | Total |
|-------------|-----------------|------------|--|--|--------------------|------|---------|-------|----------------|----------|----------------|
| 2018 | 2012 | PK-6349-18 | Vaughan Grove Sports Park - OSA Sports Lighting | Supply and Install Sports field lighting at OSA Fields 1 & 2. Increased soccer registrants have placed additional pressure on existing soccer fields. Lighting of fields 1 & 2 will extend playing times and ease some of the pressure and generate additional revenues. | New Infrastructure | 0 | 0 | 0 | 0 | 473,208 | 473,208 |
| 2018 | 2012 | PK-6355-18 | Vaughan Mills Park - Shade Structure | Supply and install shade structure at Vaughan Mills Park. To provide shade at the water play area of the park. | New Infrastructure | 0 | 0 | 0 | 0 | 53,393 | 53,393 |
| 2018 | 2012 | PK-6357-18 | Agostino Park - Expansion Design & Construction | Develop Park expansion including pedestrian walkway, pedestrian pathway lighting, trash/recycling receptacles, benches and a tennis court. To follow the works proposed in Phase 1 which would include the construction of a multi-use field that will accommodate user group demand for a new field. | New Infrastructure | 0 | 0 | 0 | 0 | 736,343 | 736,343 |
| 2018 | 2012 | PK-6369-18 | Rosemount Community Centre/City Playhouse - Ball Diamond Fence | Sports field fencing extension at Rosemount Community Centre/Playhouse. Ball diamond requires fencing to close off diamond along 1st and 3rd base lines to control non-permitted play causing excessive wear and tear on the turf and the diamond. | New Infrastructure | 0 | 0 | 0 | 0 | 32,064 | 32,064 |
| 2018 | 2012 | PK-6371-18 | North Thornhill Community District Park - Shade Structure | Supply and Install shade structure / improvements at North Thornhill Community District Park. To provide shade at the water play area of park | New Infrastructure | 0 | 0 | 0 | 0 | 209,094 | 209,094 |
| 2018 | 2014 | PK-6416-18 | Memorial Hill - Cultural Landscape Revitalization Study | This cultural landscape within the Vaughan park system is a memorial to those who have fought in wars and is under pressures as the original monoculture of coniferous memorial trees are at maturity and are being removed as they become a hazard. Plans for rejuvenation and preservation of cultural landscape need to be completed to guide the future of the site. | Studies | 0 | 0 | 0 | 0 | 73,439 | 73,439 |
| 2018 | 2014 | PK-6417-18 | Maple Nature Reserve - Master Plan Update | The previous Maple Nature Reserve Master plan was completed more than 10 years ago and approved by Council on June 2003. During this time frame many components of the Master Plan have been updated but there are additional pressures from development. The Master plan update would include recommendations for moving forward and provide management recommendations relating to the arboretum, natural areas and control of invasive species. | Studies | 0 | 0 | 0 | 0 | 73,439 | 73,439 |
| 2018 | 2017 | PK-6442-18 | Concord Thornhill Regional Park - Washroom and Change Room | Concord Thornhill Regional Park has continued to evolve since development and with the addition of the artificial turf soccer facility with bleachers there is a stronger focus that will draw additional sports groups and visitors to the Regional Park. The proposed building would provide vital accessible washrooms as well as change rooms. | New Infrastructure | 0 | 0 | 0 | 0 | 730,000 | 730,000 |
| 2018 | 2017 | PK-6444-18 | Park Furnishings Improvements | Park Furnishing improvements to existing park facilities - aging population and trends in park use result in a need for additional seating opportunities etc. within parks. | New Infrastructure | 0 | 0 | 0 | 0 | 207,000 | 207,000 |

2018 & Beyond Detailed Capital Project List

| Budget Year | Year Identified | Project # | Title | Project Description | Project Type | CWDC | Gas Tax | Grant | Infrastructure | Taxation | Total |
|-----------------------------------|-----------------|------------|---|--|----------------------------|-------------------|------------------|----------------|------------------|-------------------|-------------------|
| 2018 | 2014 | PK-6476-18 | Matthew Park - Shade Structure | New shade structure to accommodate community request for gathering space and picnics. Supported by the Active Together Master Plan as a permitted picnic space and also potential use by the summer camps. | New Infrastructure | 0 | 0 | 0 | 0 | 134,487 | 134,487 |
| 2018 | 2013 | PW-2058-13 | LED Streetlight Conversion | Funds to undertake further replacement of residential High Pressure Sodium (HPS) street lights with LED lighting as an ongoing established program. The initial project involved the conversion of approximately 1800 streetlights in 2010 and 2011. Only regular streetlight maintenance was undertaken in 2012. | Infrastructure Replacement | 0 | 6,000,000 | 0 | 0 | 0 | 6,000,000 |
| 2019 | 2014 | EN-1985-17 | Sidewalk on Doney Crescent Keele Street to Cul-de-sac | The design and construction of the missing sidewalk on Doney Crescent from Keele Street to Cul-de-sac. | New Infrastructure | 0 | 0 | 223,300 | 0 | 0 | 223,300 |
| 2019 | 2012 | FR-3576-19 | Engine # 78 Equipment Purchase | Purchase of equipment for Engine 78. Required purchase of hydraulic and manual equipment for Engine 78 in order to meet response standards. | Growth/Equipment | 242,800 | 0 | 0 | 0 | 0 | 242,800 |
| 2019 | 2012 | FR-3577-19 | Station #78 Equipment for Firefighters Purchase | Required Protective Clothing. Full firefighter turnout gear and SCBA (Self Contained Breathing Apparatus) for 20 firefighters | Growth/Equipment | 123,100 | 0 | 0 | 0 | 0 | 123,100 |
| 2019 | 2017 | FR-3581-19 | Purchase Land for New Station 7-11 | The Master Fire Plan recommends the acquisition of land for Station 7-11 in the area of Kirby Road and Highway #400. | Growth/Development | 1,111,800 | 0 | 0 | 0 | 0 | 1,111,800 |
| 2023 | 2015 | BF-8391-23 | Uplands Club House - Golf Cart Storage Building | Construct a building to store golf carts. Currently the golf carts at the facilities are stored outside. It is proposed to construct a storage building at one end of the club house to store the golf carts. The construction of storage building will provide the necessary protection from the weather and increase security and reduce the potential of vandalism to the carts and property. | New Infrastructure | 0 | 0 | 0 | 231,200 | 0 | 231,200 |
| 2018 & Beyond Forecast | | | | | | 22,941,236 | 6,000,000 | 563,300 | 6,833,100 | 13,186,282 | 49,523,918 |
