Dear Members of the Heritage Vaughan Committee:

**RE: Item ~~2~~ 4 – Proposed Addition to the Register of Property of Cultural Heritage Value
Robintide Farms Limited – 2720 King-Vaughan Road**

We are the land use planners to Robintide Farms Limited, owners of 48 acres of land located at the northeast corner of King-Vaughan Road and Jane Street, municipally known as 2720 King-Vaughan Road (the "Subject Property").

We are writing in response to **Item 4 – Proposed Addition to the Register of Property of Cultural Heritage Value**, which recommends including the subject property within the Register of Property of Cultural Heritage Value. Robintide Farms Limited was given late notification of the meeting through a letter dated June 9th, 2016, received today. We have not had sufficient opportunity to review the report and currently do not understand the basis for inclusion of the subject property.

Therefore, we are requesting that the Heritage Vaughan Committee defer decision on adding the subject property to the Register until we have had discussions with staff and our heritage experts to understand the implication of this recommendation.

We respectfully request that this letter be added as correspondence on Item 4 and be circulated to Members of Committee in advance of the meeting. Should you have any questions or require additional information, please contact me at 905.513.0170.

Yours very truly,

MALONE GIVEN PARSONS LTD.
