**City of Vaughan - Insurance Requirements for Dewatering Application**

**Commercial General Liability (CGL)** insurance is required with limits of not less than Two Million Dollars (\$2,000,000.00) each occurrence. CGL insurance must provide coverage for bodily injury liability, broad form property damage liability and contractual liability. In addition, the CGL shall include Cross Liability and Severability of Interest Clauses, Products and Completed Operations coverage (24 months). The City must be added to the Company's CGL insurance policy as an "additional insured," and evidence of such will be provided in all certificates of insurance. The insurance shall be considered primary and non-contributory to other insurance or self-insurance maintained by for allegations of negligence for the acts or performance of Company in Operating the Product. These minimum requirements shall not limit the liability or responsibility of the Company. Any changes to these requirements shall only be made in writing and agreed upon by all parties.

**Environmental Liability Insurance (EIL)** is required with limits of not less than Two Million Dollars (\$2,000,000.00) per claim. EIL is required to protect against potential to impairment of the environment should an accident occur causing contamination during dewatering operations. Environmental Liability Insurance, is acceptable in the form of a Sudden & Accidental Extension under the CGL policy. This policy shall be maintained for the duration of the operations

Environmental Liability coverage may also be provided as a separate policy on an occurrence or claims-made form. Should the policy be on a claims-made form, the Contractor must provide a two-year extended reporting period.

**Professional Liability Insurance** coverage from anyone providing a professional service in connection with the contract such as architects, planners and engineers of at least One Million Dollars (\$1,000,000.00). Professional Liability is only required if architects, planners or engineers will be responsible for the dewatering operations. Such insurance shall be kept in force during the construction of each of the Improvements and the City reserves the right to require such insurance to be kept in force for five (5) additional one (1) year terms following the date of total completion of each of the Improvements.

All insurance requirements are to be provided prior to the commencement of dewatering operations and is to be provided on the City's Standardized Certificate of Insurance, or in a format acceptable to the City.

Following submission of the certificate of insurance should any of the described policies or part thereof be cancelled or materially changed, the respective Insurer must provide thirty (30) days written notice by registered mail to the City to the attention of Project Manager – Wastewater & Stormwater, Environmental Services Department.
