

## Stormwater Management Improvements – Gallanough Park and Surrounding Area

### Project Update

As part of the 2021 Capital Works Program, the City of Vaughan is planning stormwater management improvements in your neighbourhood. The stormwater management improvements are being completed to assist in alleviating the risk of flooding that exists north of Gallanough Park, during high intensity rain events.

The City has completed the final stormwater improvement designs and construction will start mid-October. All construction is anticipated to be completed by summer 2022.

### Planned Construction Work

An underground stormwater management facility will be constructed in Gallanough Park with a storm relief sewer on Arnold Avenue and Brooke Street, as shown on the enclosed map. Work will commence within the park followed by sewer construction.

### Construction Impacts

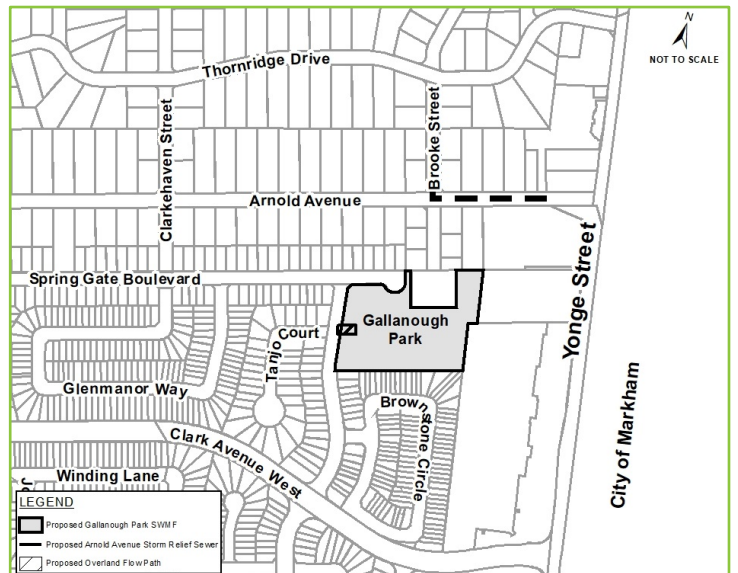

The Gallanough Park area and pathways will be closed to the public during construction. The playground facility adjacent to Springfield Way will remain open.

Access to private and commercial/institutional driveways and entrances will be impacted at times during the storm relief sewer construction and associated restoration works. Work at commercial driveway entrances will be staged to ensure access is maintained during business hours.

### Traffic Impact

Roads will remain open to vehicular and pedestrian traffic during construction. Temporary lane restrictions and a short duration/minor road closure will be required to allow construction activities to proceed in a safe and efficient manner.

Property owners are reminded that underground systems, such as lawn sprinklers, heated driveways, electrical conduits, or landscaping, etc., within City-owned boulevards or property limits, may be impacted by the proposed construction work

**Removing privately-owned underground systems in advance of construction, at the owner's expense, is recommended.** The City is not responsible for any damages that may occur during construction to privately-owned items within City property limits (Encroachment By-law No. 034-2017).

### Location:

#### Gallanough Park

**Arnold Avenue**  
from Brooke Street to west of Yonge Street

**Brooke Street**  
from Arnold Avenue to 50 metres north
