

Active Transportation Facilities: New Sidewalk

PLANNED PROJECT WORK

The City of Vaughan will be undertaking the detailed design work for a new sidewalk on the north side of Doney Crescent, from Keele Street to the westerly limit of Doney Crescent. The proposed sidewalk will further improve the overall Active Transportation network within the city.

Construction is expected to begin in spring of 2022.

PRE-CONSTRUCTION FIELD WORK

Commencing December 2020, the City will be conducting investigation activities in the area which may include topographic and/or legal surveys, geotechnical boreholes and other field investigation works. All work is being carried out by the City's consultant, under the direction of the Infrastructure Delivery department. To identify any conflicts, the various underground utilities (i.e. gas, telecommunication, and hydro) will be identified in advance by different coloured paint markings.

TRAFFIC IMPACT

All roads will remain open to traffic during the field investigation work.

MORE DETAILS TO FOLLOW

Newsletter No. 2 will be issued prior to construction, which will provide further details including approximate construction start and end dates.

Thank you in advance for your cooperation. We look forward to completing these important infrastructure upgrades in your area. For more information, please contact the Project Lead.

LOCATION:

Doney Crescent, from Keele Street to Cul-de-sac on north and east sides.
