**This is to confirm my strong objection to the subject application.** This proposal contradicts and/or does not adhere to the many policies that exist to protect existing communities, encourage responsible growth and respect the natural environment:

1. Urban Design- no consistency with adjacent estate homes
2. Land Use - Unreasonable Intensification (3 residential units to 113 units) including unnecessary rezoning
3. Natural Environment- protection of core feature - Disregard for protected lands & vegetation identified within the Natural Heritage Network (tree removal, commitment to 30% Forest Cover from the existing 11%, compensation plan, etc...)

I care greatly about our neighbourhood and our City and will always support its progress when done so in a respectful and fair manner. **This is not about stopping development. Instead, this is more about supporting responsible growth!**

Yours truly,
