Dear Mayor, Council, and City Planners,

**RE: APPLICATIONS FOR AN OFFICIAL PLAN AMENDMENT AND ZONING BY-LAW
AMENDMENT**

OWNER: 2385388 Ontario Inc.

North side of Nashville Rd., on the West side of Islington Ave.

Part of Lot 24, Concession 8, City of Vaughan (Municipal Address – 30 Nashville Road)

Ward: 1

File Nos.: OP.15.005 & Z.15.024 (Related PAC File No.: PAC.14.117)

I have lived at 11060 Huntington Road in Nashville for almost my entire life, about 35 years. I grew up there and was living in Woodbridge for four years but now I am back in Nashville. I enjoy living in Nashville and raising my family in such a beautiful rural town. My family and I frequently drive into the village of Kleinburg for dinner, coffee, ice cream or for a nature walk. We noticed that parking is getting worse, sometimes its impossible to get parking so we go to Bolton instead.

Development in Kleinburg has always been handled wisely but for the past 5 years I notice that it hasn't. I notice that there are more buildings but not very many new parking spots to accommodate all of the new residents and visitors. We think that poor planning can make things worse in the village. That is why we decided to send in this letter, we want to make sure that development takes the lack of parking into consideration and keeps new development to scale with the existing properties.

I am opposed to 2385388 Ontario Inc.'s Official Plan and Zoning By-Law Amendment Applications (the "Application") for the proposed development at 30 Nashville Road (the "Development").

The size and scale of the Development being proposed is in clear violation and fails to adhere to the City of Vaughan's Official Plan as approved by the Ontario Municipal Board on December 2, 2013 (the "Official Plan") and the Kleinburg-Nashville Heritage Conservation District Study and Plan (the "Heritage Plan"). Furthermore, this Development is poorly justified. My principal concerns are as follows:

1. Size, Scale and Design:

- i) the proposed structure is three times the size of the recommended maximum as set out in the Official Plan and By-laws based on Floor Space Index;

- ii) the proposed structure exceeds the maximum building height as set out in the Official Plan;
 - iii) the proposed structure intrudes regulated set backs; and
 - iv) the proposed structure is poorly designed and fails to protect and preserve the heritage and architectural features of the Village and does not respect and/or enforce the existing surrounding physical character of neighbouring residences and structures;
2. **Parking & Traffic:**
- i) the Development fails to provide adequate parking contrary to Bill 1-88; it proposes only 43 spaces when the minimum parking required for such a development is 64 spaces;
Parking in the Kleinburg Core Area is already vastly insufficient;
 - ii) increased vehicular traffic will in turn intensify noise issues, safety concerns regarding pedestrians and children, congestion, and strains on infrastructure;
3. **Negative Impact on Flora & Fauna:**
- i) the Development threatens the entire tree canopy on 30 Nashville Road together with the trees on its neighboring properties - the proposed development requires excavation of over 90% of the lot, along all four property lines, which will directly threaten the entire tree canopy in this area.

Like many of my neighbours, I see this Development as setting a very worrying precedent if it is approved. It will destroy the Village of Kleinburg's fabric, character and integrity. The intensification proposed does not befit the "Local Centre" context. Furthermore, this project provides no community benefit.

I firmly believe that it is in the City of Vaughan's best interest to take measures to preserve Kleinburg as a rural village in order to ensure that it remains a destination with unique character and charm that continues to attract both locals and tourists alike.

I urge you to deny the proposed Application and to strictly enforce the well established Official Plan and Heritage Plan for the area.

Yours truly,
Gianna Ugolini-Taormina
