To whom it may concern

I am writing today to object the proposed idea of this development in our community. It is not a racial objection but a plea to preserve the residential area from high rise buildings and avoid more traffic and noise pollution. The area has increased tremendously already and needs to stop increasing the population with high rises.

The area is now safe and there is low crime. Not to say these people will bring crime but there could be hatred and animosity created by those who cannot live in peace.

Please respect us the taxpayers and stop this development from happening.

Sabrina Cooper
