Subject: Proposed new distribution centres in West Woodbridge

Hello,

My family lives in Vellore Village and my husband & I both commute to Mississauga every day.

I oppose the new Fed Ex and Costco distribution centres for West Vaughan on the basis of traffic congestion.

Once the 427 has been extended, I would consider these opportunities for Vaughan. But for now the traffic is very horrible speaking from first-hand experience! I think the 427 not only needs to be extended, but also expanded (2 lanes is not enough)

I have noticed a worsening of traffic over the last 2 years in particular along Zenway due to all the trucks now going up Hwy 50. They are huge trucks that move very slowly and are very frustrating.

Thanks,
Teresa Randall
