Please forward my comments AGAINST the proposed Casino in Vaughan:

The Vaughan Casino is a bad idea because:

- The economic boost that is talked about will be temporary (construction) and afterward the jobs produced will be part-time, low-wage positions.
- There is no guarantee of a stable cash flow to the Vaughan (as the City of Toronto recognized by voting "No").
- There is no evidence casino's bring an economic boost to the people (possibly to a few).
- Gambling is inherently a useless activity (produces nothing of value) with the added effect of moving money from those with less to those with more (reverse-Robin Hood).
- The vision for Vaughan is that it's a great place to live and raise families; however a Casino in the middle of it does not follow this vision.
- Casino's bring many social ills including addiction, prostitution and increased crime.

Our elected officials need to be doing what's best "LONG TERM" and what's best for families and our children. There are many young families in Vaughan – what kind of city do we want our kids growing up in?
