

Petition against a Casino in Vaughan

We, the undersigned, believe that:

1. the expansion of gambling opportunities is **NOT** a **healthy social nor economic development** for Vaughan or any city.
2. on the contrary it **contributes to unhealthy lifestyles** and **fosters crime and addiction**.
3. **job creation** should **concentrate on** creating **skills** and **career opportunities** that **promote constructive, NOT destructive, human activities**.
4. the number of **jobs** created in the building phase of a casino complex is **inadequate to justify** the **ongoing risks** and **negative long-term outcomes**.

We are herewith attesting to the above by affixing our signatures to this petition for Vaughan and Regional Councilors to reject Ontario Lottery and Gaming Corporation proposals to establish a casino complex in Vaughan or elsewhere in the jurisdiction of the Region of York.
