Laura Visentin VAUGHAN, CANADA

we don't need a casino

Lidia Perri WOODBRIDGE, CANADA

I don't not want a casino in my backyard. This is a family oriented community with a wonderful array of businesses. We do not need a GAMBLING facility to provide jobs.

It will attract the wrong the of people and put innocent people at risk. I do not feel we should capitalize on a gambling industry

Michelle Zeng VAUGHAN, CANADA

It does not belong. Period.

Jawara Gairey WOODBRIDGE, CANADA

Casino's are a detriment to society and the OLG treats its workers very bad. Over 55% of the Employment at Woodbine is part-time precarious work where you remain on call and have no family life.

Mark Procopio WOODBRIDGE, CANADA

Gambling isn't an activity that I would like to promote in my city.

Kanupriya Sharma VAUGHAN, CANADA

I moved to Vaughan as it was a better place to raise my kids, with good schools, good atmosphere and peaceful neighbourhood; and not to be close to casino. If I need to go to a casino, I will drive down to one in Niagara falls, or fly to Vegas. Certainly don't want my kids to be part of that community.

Rosenda Brown CONCORD, ONTARIO, CANADA

Shernett Martin VAUGHAN, CANADA

I love the city of Vaughan. As a resident and active volunteer in the city, I look forward to seeing the city grow into a world-class city and tourist destination. Vaughan does not need a casino to accomplish this. With adequate housing, great jobs, schools, prioritizing safety, encouraging business development, welcoming diversity and promoting health and wellness amongst the residents, will ensure that Vaughan continues to be a wonderful city. A casino is not needed in this city. I think we are going down the wrong path if we consider building one in Vaughan.

Will Sung THORNHILL, ONTARIO, CANADA

For the purpose of pushing business coming to Vaughan, operating casino is not the only way, indeed it is a destructive way. Casino will bring organized crime along with it. In the such situation, business people except those of entertainment, concerning about the quality of their employees and their clientele will not consider their investments to be around where the casino is.

Vaughan has a lot of competitive edges to make itself a good business environment for business people and investors. Why take a risky way of operating casino in our City which will ruin the business merit we have been establishing.

john gantman THORNHILL, CANADA

casino is a cause of all bad addictions. say NO to casino!!

Nicolina TOLONE WOODBRIDGE ONTARIO, CANADA

Bad Idea, maybe good for job creation! BUT I can see Seniors spending their pension cheque because their bored at home have no other activity to satisfy their loneliness and the Casino maybe a time out to spend their money !!!!!!!!

A casino is not needed in Vaughan, both Woodbine and Georgian downs is a short drive away to gamble. there is plenty of other opportunities for entertainment without a casino in Vaughn. Expand gaming at the racetracks.

Jessica Pertili WOODBRIDGE, CANADA

This is important to me because we need to focus on health care. The current hospitals surrounding vaughan are not up to par with hospitals downtown Toronto. We need a hospital in vaughan with the best of doctors, nurses and other health care professionals.

The city's hospital (or lack thereof) should be a greater concern.

a casino in vaughan would cause many problems for residents and will not attract extra tourism. it will create issues like addiction to gambling, tobacco, drugs; raise crime, increase personal debt and generally cause social problems

Maria Lorenzoni WOODBRIDGE, CANADA
Casinos have a negative impact on families, traffic, and local business, and are an eye sore.

Gladys Gallo WOODBRIDGE, CANADA
The Casino will degrade the value of personal real estate property. Also promotes a lot of family problems.

Alex Gallo WOODDRIDGE, CANADA

This is important because it will degrade the city. By allowing a casino, it is like legalizing drug traffic so that the city can get a piece of the pie. The question is: what is the impact of a casino on the citizen of Vaughan?

maria manganaro WOODBRIDGE ON, CANADA
I have seen too many families destroyed and companies go under due to casino gambling
after losing at casino there is no money to shop i also have seen seniors who have to get a loan from the bank because they ran out of money in the middle of the month...its very sad.

Lisa D'Aversa MAPLE, CANADA
Vaughan Mills mall is no more a Tourist Attraction than a supermarket is; why would anyone think that a casino would attract tourist money.
Also our city already has terrible gridlock and parking problems; a casino will just add to the expanding and poorly planned mess we get to call our home. I used to like living in Vaughan.....

Kevin Hanit CONCORD, CANADA
Put the Casino at Woodbine as it already has the slots and would only need to add the tables to it.

Anna Bortolus KLEINBURG, CANADA
Is this the best cultural activity Vaughan can promote? Casinos have only short-term gain with a lot of long term social and economic pain for the community.

Lia Ierullo WOODBRIDGE, CANADA
It will definitely change our community. We already have Woodbine, Niagara and Casinorama. Do we really need more?

Candace Moore TORONTO, CANADA
To protect those victims of Human Trafficking who will be employed there. Gambling and prostitution are synonymous and are part of organized crime

A Casino will change Vaughan in a very negative way, will create a few jobs and a lot of money to OLGC. It will attract a gambling crowd promote drinking and prostitution and will change Vaughan from a family oriented community to one of crime. Not to mentioned devalue home property. I will move out.

Larry Ng VAUGHAN, CANADA

I believe no casino related economic benefits could compensate for social ills stemmed directly from gambling addiction such as abusive family member, irresponsible parenting, etc.....

Cathya Saltarelli CONCORD, CANADA

Due to the site location, most of the jobs created will go to Toronto residents as will the construction jobs so I do not see a benefit to the additional traffic and potentially unsavoury clientele that the casino will attract for the city of Vaughan.

As a retired police officer of 35 years I have seen and had to deal first hand with families and children of those who have social addictions like gambling. The negative effect on families strapped to the financial burden of losses is felt for years, the psychological effect on children brought up in families with gambling & other addictions changes them to the core of who they will become the rest of their lives. All this for what, so our Ontario Govn't can open up another 20 casino's, make money off the backsides of those that can least afford it! This is important to me because I as a youth have watched numerous amounts of people work very hard to make the City of Vaughan what it is today. For the sake of my children, I don't want my neighborhood to deteriorate due to the social problems a casino would bring

Good Evening Mr. Chair and Members of Council. I am here on behalf of No Casino Vaughan, a group of concerned residents strongly opposing the idea of a Casino in Vaughan. We have ~~398~~ ⁴⁶² signatures on our petition with 79% being Vaughan residents. I would like to submit a copy of our petition. I would also like to submit a copy of my deputation.

These are some of the comments made by people that signed the petition:

I actually do not want a casino built anywhere. When Toronto Council voted against a Casino, I was overjoyed. It was determined by 40 Councillors that a Casino in Toronto was a bad idea. Then it is a terrible idea for the City of Vaughan.

The only time a Casino is a good idea is when an area is economically impoverished. Visitors come in to town, spend money, and stay overnight in hotels. Starving hospitality businesses benefit from the new traffic of visitors. An example was the construction of a casino in a Native American community in the United States. However, when the patron base is from the local surrounding area, it is more likely there will be negative impacts, both socially and economically.

Vaughan is definitely not economically impoverished. Made up of Maple, Kleinburg, Woodbridge, Thornhill and Concord, Vaughan is strong, ambitious, fun, dense, clean, culturally diverse, and an economic powerhouse.

People move to Vaughan to raise their family in a community that is safe. This is a city where residents and neighbours come together, regardless of race or religion, in a common goal – To preserve the integrity of the family unit.

There were various newspaper articles in the Sun stating that Vaughan was poised to become the Vegas above Toronto. THE VEGAS ABOVE TORONTO. You, our civic leaders, should be outraged at this comparison! We are not Vegas and we do not want to become Vegas. Vegas is also known as ``Sin City``. In Vegas there is problem gambling, bankruptcies, alcohol related offences, strippers, drugs, violence, alcoholism, organized crime, sex trade, counterfeit money, money laundering and organized crime.

Is this what you want for Vaughan? I dream of Vaughan continuing to be authentic, truthful, committed to its residents, sincere in its decisions, devoted to the good of each and every person, faithful to the idea of supporting one another and not taking advantage of our most vulnerable.

So I ask you Members of Council, what is the cost of one life? Can you put a price tag on the life of one person? How about one family? Is there a dollar figure you can put on the health of one family? Because I promise you that if you allow a casino to come to Vaughan, you will be responsible for ruining lives, you will be responsible for tearing families apart. You will be responsible for the social and economic destruction that will happen in Vaughan. Is that what you want to be remembered for? Is that the legacy that you want to leave?

I know that the Mayor has requested a staff report with only the positive points of a casino, I know that he wants to convince you that it will be a good idea for our city. Deep down, you all know that it's a bad idea. So please vote NO to a casino in Vaughan. Thank you.

Hi, my name is Roberto Burgos and I am 8 years old. I don't want a Casino in my future or in the future of my friends. I want the children in Vaughan to grow up in a city that is safe and that respects the hard work of its mothers and fathers.

Casinos hurt moms and dads and kids. Casinos make money when people lose money. I don't want any of my friends to live in a house where someone is addicted to gambling. Sometimes people use money that they are supposed to use to buy food and clothes for their kids, and they spend it at the casino. Those kids have to go to the food bank because they are hungry. Some kids have to go to a homeless shelter.

If you build a casino with a living arts centre attached to it, my parents won't let me go, because they will be afraid of what I might see there.

Please build a living arts centre like the one in Richmond Hill, where I can go with my parents and my sister to watch plays and musicals and orchestras and choirs singing and even an art gallery. Please build something that kids can go to.

I know it's expensive to run a wonderful city like Vaughan. So if you promise to say no to a casino, I will give you all my money in my piggy bank to help. You can have it. Thank you.

My name is Gabriela Burgos and I am 6 years old.

Casinos destroy families. People will go to the casino and waste all their money and then they can't pay for their houses. When people lose their money, they get frustrated and angry and they fight and they yell at their kids. Some of them even hit their kids.

Some parents break up and that makes kids sad. Please don't break up families in Vaughan. Please build places that are safe for the whole family.

Please say no to a casino in Vaughan. Thank you.

Lettera Pastorale su gioco d'azzardo e Casinò.

Aprile 2013

Ai fedeli dell'Arcidiocesi di Toronto:

Nei miei anni di ministero pastorale come sacerdote e vescovo, ho dovuto prendere coscienza, con tristezza, della penosa sofferenza vissuta da individui e famiglie a causa della dipendenza dal gioco d'azzardo.

Siamo ora impegnati a discutere un piano d'azione a causa di nuovo grande Casinò che si vuole istituire nella nostra zona. Anche se al momento questo dibattito riguarda la città di Toronto, molti degli altri siti proposti sono anch'essi nell'ambito della nostra Arcidiocesi, pertanto scrivo per offrire una guida pastorale alla nostra comunità cattolica.

L'attuale dibattito offre a ciascuno di noi l'opportunità di riflettere più a fondo sugli effetti del gioco d'azzardo nella nostra comunità.

Negli ultimi anni i Governi, per aumentare le entrate fiscali, sono ricorsi sempre più al gioco d'azzardo, adducendo inoltre come ragione che esso favorisce l'economia. È comprensibile che i Governi siano tentati dalla prospettiva di ciò che sembra un modo semplice per raggiungere tale beneficio economico. Però, anche ammettendo significativi vantaggi economici a lungo termine, cosa che andrebbe verificata, l'istituzione di un nuovo Casinò avrà sicuramente un impatto sociale deleterio superiore a tali presunti benefici, come pure avrà un effetto negativo sulla vitalità e il benessere sociale della nostra comunità.

C'è chi sostiene che l'ennesimo Casinò potrebbe essere una fonte di occupazione e attirerebbe visitatori e turisti. Tale considerazione è da miopi. Dobbiamo considerare gli effetti complessivi dell'espansione del gioco d'azzardo. Vi consiglio di leggere il rapporto del *Medical Officer of Health*, del 28 gennaio 2013: *Impatti sanitari di un Casinò nella popolazione di Toronto*, che termina dicendo: "rispetto a tutti gli altri effetti possibili, prove evidenti indicano che l'introduzione di un nuovo Casinò con molta probabilità risulterà più deleterio che vantaggioso per la salute della gente".

Ciò che più mi preoccupa è il fatto che tanti matrimoni e famiglie saranno danneggiati, se non proprio distrutti, dalla maggiore facilità di accesso al gioco d'azzardo, con la costruzione di un ennesimo grande Casinò. Il benessere delle famiglie è una preoccupazione costante dei nostri servizi per le famiglie cattoliche e delle agenzie cattoliche aderenti a organizzazioni di beneficenza in tutta l'Arcidiocesi. Nelle nostre parrocchie, inoltre, cerchiamo di rafforzare le famiglie, e abbiamo a che fare direttamente con la sofferenza provocata dalla dipendenza dal gioco d'azzardo in persone singole e in nuclei familiari. Noi, che cerchiamo di sanare, siamo preoccupati per l'espansione della capacità di nuocere.

Il gioco d'azzardo può essere certamente legalizzato, e di fatto viene fortemente promosso dal Governo. In considerazione della sofferenza che il gioco d'azzardo può causare, tuttavia, è importante prendere in considerazione cosa, la nostra fede cristiana e la ragione, ci possano dire, sulle questioni morali legate al gioco d'azzardo.

Esso, quand'è occasionale e su piccola scala, può essere una legittima forma di divertimento, e non è intrinsecamente malvagio. *Il Catechismo della Chiesa Cattolica*, nella sezione relativa al rispetto delle persone e dei loro beni, afferma che i giochi d'azzardo o le scommesse non sono in se stessi contrari alla giustizia, ma diventano moralmente inaccettabili quando queste attività privano le persone di ciò che è necessario alle loro esigenze e a quelle degli altri. Questo, purtroppo, è quello che succede molto spesso. *Il Catechismo* rileva inoltre la potenza che il gioco d'azzardo ha per imporsi come schiavitù.

Gli individui, il Governo e le organizzazioni caritative possono diventare schiavi del miraggio di facili guadagni, il che non contribuisce certamente al benessere.

L'Assemblea dei Vescovi cattolici dell'Ontario ha costantemente sollevato preoccupazioni circa la proliferazione dei Casinò, suggerendo ai Governanti di adottare un approccio più cauto circa la promozione di questa fonte di reddito.

Queste preoccupazioni si sono aggravate negli ultimi 30 anni con l'espansione del gioco d'azzardo divenuto una fonte fondamentale di entrate governative.

Il gioco d'azzardo si fonda intrinsecamente su un'illusione – sull'idea fantasiosa, particolarmente attraente per i più vulnerabili ed i più disperati, -- che si tratti di un modo semplice per risolvere immediatamente i problemi finanziari che la gente si trova ad affrontare. È una crudele illusione, e non è bene che i Governi la incoraggino, servendosi soprattutto di una capillare pubblicità.

Si sente dire talvolta che se qualcuno diventa dipendente dal gioco d'azzardo, coi proventi del gioco si potrebbe liberarlo da quella dipendenza. A parte il fatto che questa logica è piuttosto dubbia, in quanto è molto più sensato per prima cosa evitare il problema, e quello del gioco d'azzardo è un serio problema di benessere pubblico. Si può dimostrare che buona parte dei ricavi proviene dalle persone più vulnerabili al gioco d'azzardo.

Quando il gioco d'azzardo è così ampiamente facilitato, e viene così aggressivamente promosso, allora diventa quasi impossibile stornare i nostri giovani dal ritenere il gioco d'azzardo un'utile attività anche perché i suoi effetti negativi sono mascherati.

Considerando questo importante tema nella società civile in cui tutti viviamo e partecipiamo come cittadini, si dovrebbe guardare con attenzione se anche noi come Chiesa siamo coinvolti in una dipendenza malsana dal gioco d'azzardo che può danneggiare gli altri. Chiedo a tutte le organizzazioni cattoliche di esaminare qualsiasi connessione che esse potrebbero avere con il gioco d'azzardo inteso come fonte di reddito. Se siamo impegnati in qualsiasi forma di gioco d'azzardo che con molta probabilità provoca dei danni, dobbiamo trovare delle alternative al più presto possibile. Non dobbiamo finanziare le attività caritative con sistemi che causano sofferenza ad altri.

Come comunità cattolica, dobbiamo ponderare attentamente le proposte, prima ancora dei funzionari da noi eletti, e apportare utili riflessioni al dibattito. Un altro grande Casinò comporta forse uno sviluppo veramente sano che migliori la qualità della vita nella nostra comunità? Una dose ancor più grande di Casinò contribuisce a migliorare la società per gli individui e le famiglie? Possiamo noi appoggiare l'ulteriore espansione di una realtà che provoca già danni significativi per i più vulnerabili tra noi?

Se voi o qualcuno che conoscete è alle prese con una tale dipendenza, vi esorto ad affrontare il problema. L'*Ontario Problem Gambling Helpline* (1.888.230.3505) è aperto 24 ore al giorno, sette giorni su sette. Gli operatori forniscono un gratuito, riservato e anonimo servizio alla gente in tutto l'Ontario in più di 140 lingue. Abbiamo pure istituito una pagina web: www.archtoronto.org/gaming per fornire delle risorse di base su questo problema, al fine di educare e sostenere la nostra comunità cattolica.

Voglia il cielo che procediamo uniti nella cura dei più fragili tra noi, guidati da una preoccupazione per il bene comune, nella creazione di una comunità veramente sana in cui gli individui e le famiglie possano fiorire.

Sinceramente in Cristo,

+ Thomas Card. Collins
