As a resident of Mississauga, the issue of improper conduct displayed by Councillor Michael Di Biase, is shameful and embarrassing.

I may not be a resident of Vaughan, but this corruption undermines what makes our country democratic and therefore it is important to voice my concerns about it.

Our elected officials, no matter the capacity, should be there to represent the constituents of their ridings and the individuals they serve. We need councilors who act with integrity, serve their constituents and who put their communities first.

The conduct of Mr. Di Biase as illustrated by this report, is a complete contradiction of the conduct that elected members of council should display. It is now on you, the Mayor and members of council to do right by these findings. There are numerous residents of Vaughan that have been and currently are being affected by the unethical actions of Mr. Di Biase. It is time to take action and actually serve the residents who you represent.

It is time to be transparent and put the people first as promised in your rise to power.

Sincerely,

Rhea P.
