## *A message from the Mayor*

The City of Vaughan is the place to be! In Vaughan, we take a great deal of pride in offering residents and business cultural experiences that strengthen and enrich our community life. I am pleased to announce the exciting major events 2012 has in store, and invite you to enjoy all that our great city has to offer.

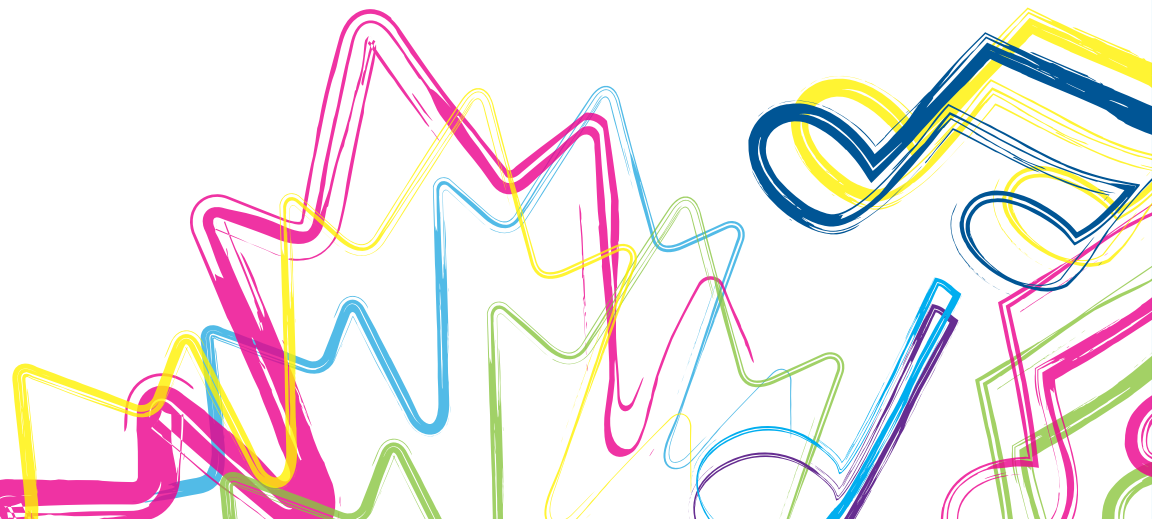

Winterfest, Concerts in the Park and Canada Day are events that will include entertaining shows and fun-filled activities. These festivities serve to not only celebrate our City and promote Vaughan as a desirable

tourist destination, but also to enhance our sense of community by bringing together family, friends and neighbours.

We take pride in being able to offer these annual get-togethers that are geared for every member of the family. With the support of our sponsors, we are able to provide our residents with quality cultural and recreational activities.

As a world class City, proud of our multiculturalism and excited about our future, we continue to promote equality, inclusiveness and creative cultural expression for the benefit of all who live, work and play in Vaughan. Please enjoy all that our great City has to offer!
