Item #1

Further Amendments to Councillor Schulte Advance Motion:

Item 1.1 c) Regarding Recommendation 3.4:

Omit the recommendation and replace with;

That the matter be considered when reviewing the special events by-law.

Item 2:

In consideration of the 2014-2017 Budget Guidelines and Instructions Document, Section titled Beyond Base Budget (pg 36), which states:

"Inherent in the 2014-2017 Budget Process is a continued emphasis on maximizing cost recovered on services provided. Departments are encouraged to explore and submit new user fee and service charge opportunities to existing non-revenue generating services."

Omit recommendation 2. And replace with;

That when reviewing the fees by-law (annually during the budget process) appropriate staff determine if any of the fees associated with events can be reassessed to determine if there is a possibility of offering the services "in-kind," where it is determined that doing so would not equate to additional costs for the department providing the service(s).
