

## Weston Downs / Pinewood Estates Infrastructure Connection Improvements

### PLANNED WORK

The City of Vaughan is currently exploring infrastructure connection needs between the Weston Downs and Pinewood Estates communities.

The City will be currently conducting investigation activities in the area which may include topographic and/or legal surveys, geotechnical boreholes and other field investigation works. The various underground utilities (i.e. gas, Bell and hydro) will be marked out using different colours of paint.

### TRAFFIC IMPACT ON LOCAL RESIDENTS

All roads will remain open to traffic while the field investigation work is being carried out by either City staff or a City approved consultant, under the direction of the Infrastructure Delivery Department.

Newsletter No. 2 will be issued at a later date to further inform residents of the proposed improvements. The infrastructure connection improvements are tentatively scheduled for 2020.

If you have questions, please contact the **Project Lead**.

### LOCATION:

Between Green Ave. and Blackburn Blvd.
